While fishing off Scarborough Head Thursday night, John Mattson's net was cut in two and half of it stolen by some owardly sneak thief. No trace has ye and unfurnished, may find something to deed, but if he is caught it is safe to any he will get all the law allows. So for this season there has not been very much net stealing, but the time has arrived when a sharp lookout should be kept for gentlemen of this class

Dr. D. S. Stryker, who has opened up commercial street, was for many years When you want a real life-like and a prominent dentist in Portland. He has

> Architect Matt De Linn has succeeded making the champion low score at the illeys. Last night he made five straight cose-eggs. He then made a spare and got a pin on it, and one in the alley. In the next frame he made two pins and then two more of "those things," making the great score of 7. Mr. De Lin says he besn't mind making an occasional gooseegg, but that he objects seriously to flocks. He will leave for No Man's Land

> Judge Gray, of the general arrangement committee of the Fourth of July elebration, says that enough money has been subscribed to insure a creditable showing for Astoria. Still more money is ceeled, however, in order to make the evening's entertainmnt of fireworks want It ought to be. The finance committee will probably have no trouble in raising the cessary funds. When Astorians once get waked up on a proposition, they are

> The A. F. C. boys leave Monday morning at 8 o'clock for Nahcotta. President L. A. Loomis, of the I. R. & N. Co., has given the boys the benefit of his boats and trains, for which the A. F. C. are deeply indebted. Capt, Bartholomew has selected a good team, as follows: Goal. H. Lemon; full backs, Bartholomew and Abererombie; half backs, C. T. Crosby, Curtiss, Ohler, Young, McLean and Ma-

interested in watching the operations a several of the large canneries, suggested that after the close of fishing season these canneries might profitably engage in th business of canning fruit. With a railroad to Astoria, apples, peaches, pears, etc. might be brought here quickly and theap ly from the orchards, and being packed the cost of foreign and domestic transportation would be reduced to the mini mum. The subject would seem to be worthy of careful investigation, both by fruit men and cannerymen.

Contractors on the railroad report that construction work on the grade is ocur pushed forward rapidly and steadily. The work is being done in the best manne known to modern engineers, as nothing Mr. W. Evans, U. S. N., acompanied by else would suit Mr. Hammond's ideas. In a
