PROGRESS ON THE TARIFF BILL

Hides will Take an Ad Valorem Duty as Agreed Upon.

HOUSE MET AND ADJOURNED

Speaker Reed will Prepare List of His Committee—Relief for Italians—Ides of Spokane Appointed Marshal

Washington, June 28.—The senate made good progress on the tariff bill today, disposing of the paragraph relating to hides, which have been a source of much controversy. As finally agreed on, the duty on hides is placed at 30 per cent ad valorem, in place of one and a half cents per pound, as originally reported by the finance committee. The discussion was protracted into a gold debate on trusts and from that back to the sugar trust. Smith spoke at length against the duty on hides, while Allen supported the duty. The new paragraph was agreed to, 35 to 29, one Democrat, Rawlins, and several populists and silver republicans voting with the republicans in the affirmative. The incidental debate on trusts led to a severe arraignment of the sugar trust by Caffery and Lindsay and a general discussion of the means to deal with trusts by Hoar.

TO INDEMNIFY ITALIANS

Washington, June 28.—Senator Davis today reported from the committee on foreign relations an amendment to the general deficiency bill to pay \$900 to the families of three Italians lynched at New Orleans.

IN THE HOUSE

Washington, June 28.—The session of the house today lasted only long enough to call the roll on Dingley's motion to adjourn. As soon as the journal had been approved the floor leader of the majority remarked that as he was not aware of any matters claiming the attention of the house today, he would move an adjournment. Bailey challenged that statement with the observation that the bankruptcy bill and the Cuban bill are resolutions were unacted upon. The opposition applauded when the rising vote showed them a majority of one, the vote resulting 35 to 34 against Dingley's motion. Thereupon Dingley demanded the yeas and noes and the roll was called. The motion was carried, 37 to 38. The house then adjourned.

IDE FOR MARSHAL

Washington, June 28.—Special to the Astorian.—The president today nominated C. W. Ide, of Spokane, to be United States marshal for Washington.

REED'S COMMITTEES

Washington, June 28.—Speaker Reed said today that he had the matter of the appointment of the committees under consideration, and that unless something unforeseen should occur to change his personal inclination he would prepare the list and submit it prior to final adjournment.

IN THE HANDS OF THE JURY

After the American Tobacco Company's Officers.

New York, June 28.—The case of President J. B. Duke and other officers and directors of the American Tobacco Company, on a charge of conspiracy to restrict trade, is now in the hands of the jury.

REED'S COMMITTEES

Judge Fitzgerald, in his instructions to the jury, said the trial was an exceedingly important one. It was an action brought by the public at large in the name of the people of the state. He would inform the jury that it was not a civil suit, in which it was sought to establish private rights and remedy private wrongs. Whether or not the facts alleged in the indictment constitute a crime was a question of law with which they had no concern. It was for them to determine whether or not the evidence established the truth of the allegation.

ROBBED BY MASKED MEN

Bank in South Dakota Believed of Its Cash in Daylight.

Omaha, June 28.—Four masked men entered the bank at Bellefourche, South Dakota, with revolvers drawn, and ordered the customers and bank officials to hold up their hands. Hestiation drew a shot from one of the robbers, which clipped off a large portion of the cashier's right ear, who then complied with the command. The safe and counters were relieved of what they contained and the robbers rode away. Within a few miles from town a posse came upon the fugitives and a running fight ensued, which resulted in one of the robbers surrendering, the others being closely pursued.

There were five men in the party who made the assault on the bank. Pursuit was prompt. The bandits having barely time to unitch their horses and mount before being surrounded. In the fight that followed Walter Gay, of Gay & Sons, was shot through the cheek, receiving

a painful wound. Thomas Day, the captured robber, was overhauled half a mile from town and is now in jail at Deadwood. He is a stranger in the vicinity. The rest of the gang are now at lay at Three V ranch, a few miles from Deadwood. It transpires that less than \$75 was taken from the bank, Cashier Arthur Marble having slammed shut and locked the door of the vault at the entrance of the robbers. He was fired at three times, but only one shot took effect. He tried to return the fire, but his pistol failed him.

FIGEL TO BE ARRESTED

The Man Suspected of Hoffman's Murder in the Tolls.

San Francisco, June 28.—Late this afternoon E. R. Rothschild, partner of the late Isaac W. Hoffman, who was so mysteriously murdered on the night of June 1, swore out a warrant for the arrest of Theodore Figel, the bookkeeper of the firm, on four charges of embezzlement. Figel's bond was fixed at \$12,000, and the probability is he will be released at once. Further charges of embezzlement will be made tomorrow and charges of forgery will be preferred, and subsequently a charge of murder will probably be placed against his name on the prison books.

RAILROADS SWAMPED

Cannot Get Cars Enough to Handle the Business.

Chicago, June 28.—The Western roads have come to the conclusion that they will be about swamped with the amount of business to the Christian Endeavor convention in San Francisco. Some roads are now in straits to get the necessary equipment to handle the traffic. Several of them have made urgent calls upon their connections for all the cars that can be spared, and everything on wheels that can be used will be utilized in carrying the business to San Francisco. There is a large amount of general traffic that will take advantage of the low rates to pay a visit to the coast.

GAMBLING KILLED

Raid on the Houses of Leadville, and Many Dens Broken Up.

Leadville, June 28.—Public gambling has probably received its death blow here. Acting under orders from Judge Owens, of the district court, a posse of deputy sheriffs raided every gambling establishment in the city, seizing over \$100 worth of tables and implements, which will be destroyed. All the proprietors of gambling houses were arrested. The raid has caused a great sensation, as it breaks up an industry that has flourished here since 1875.

Two miles handicap—David won, Mertens second, Leonard third; time, 4:24.

Empire City, Or., June 28.—Yesterday afternoon the remains of Isaac Haloren were discovered on the ocean beach about a mile and a half north of the Bandion lighthouse. There was found upon his person one silver watch, one fishhook and two dollars and twenty-five cents in silver. His book shows that he was a member of the Union Packers' Association of the Columbia River.

McCULLY SUICIDES

Portland, Or., June 28.—Wm. S. McCully, seventy years old, an engineer, committed suicide this afternoon by shooting himself through the head with a revolver. He was suffering from a fatal illness, which was reaching the end too slowly to suit his dependent state of mind. He leaves a wife but no children. He also possessed considerable property.

WILL NOT FORCE AMERICA'S HAND

The Competitor's Men will be Tried by Spanish Court.

TO BE SENTENCED TO DEATH

But Their Friends Need Not Fear—Defendants Only Allowed one Witness, Who was Immediately Arrested.

New York, June 28.—A Journal dispatch from Havana says:

Consul-General Lee has finally been officially notified that Oria Melton, the American newspaper correspondent, Captain Laborde, and others belonging to the captured schooner Competitor, and one or two Americans incarcerated with them in Calanias fortress, will be called for public trial July 1. The hearing will go before civil judges and judgment will be based on the declarations previously made within the walls of the prisons on evidence taken by a government official or crown prosecutor, acting on behalf of the Spanish admiralty and war department. The court will listen to no new testimony, save in support of the written declaration already filed.

George Ferrar, the only witness the Competitor men were permitted to call in their behalf, was arrested immediately after his examination and is still a prisoner. His sworn statement was that the vessel was beyond the three-mile limit and had the American flag at her masthead when seized. This statement displeased the Spaniards and Ferrar was therefore detained here and charged with perjury. Consul-General Lee has as yet received no instructions to employ counsel to defend the prisoners.

A Spanish magistrate said the men would undoubtedly be found guilty and sentenced to death or long terms of imprisonment, but he added:

"Their friends should not hear their being executed or deported. Our people are too diplomatic to force America's hand."

The rebel generals, Rivera and Barrera, will not be shot. General Weyler has received a cable from Minister of War Aecaranga to indefinitely suspend the court martial sentence of death pending the close of hostilities, when their pardon may be expected.

General Weyler himself has taken no steps to stop the court martial and shooting of other and less important prisoners of war during the last three days. At Matanzas, at Sagua, Santa Clara, Sancti Spiritus, Cienfuegos and Pinar del Rio dozens of executions occurred.

At Sagua two Cuban girls accused of sending out clothes to their brothers fighting under the insurgent chief Robin, were convicted of aiding the rebellion and sentenced by a military court to respectively twelve years and six months imprisonment in the African penal colony.

FIGHTING IN CUBA

Further Details of the Engagement at Banos.

New York, June 28.—A Herald dispatch from Key West says:

Private advices just received from Santiago province give further details of the fighting during last week around Gibara ad Banos, between insurgent and Spanish forces. The advices say that the insurgents under Gen. Calixto Garcia and Colonel Torres, numbering between 500 and 600 well-armed and equipped men attacked both of the seaports simultaneously, but met with a stubborn resistance from the Spaniards, who had been advised of their coming and were prepared. The demonstration against Banos, which is less than ten leagues distant from Gibara, was merely a feint by the rebels to divert attention and draw the Spanish forces from Gibara, which was the only point really to be attacked, and which was garrisoned.

The ruse was partially successful and Garcia, with his forces, entered Gibara. His success, however, was of only short duration, as he was subsequently driven out, after a hot fight, during which many were killed and wounded on both sides. Colonel Machado, a veteran of the ten-year's war, and who is actively engaged in promoting the present struggle, says:

"My advices from Cuba are that Gomez has planned his summer campaign and put it in operation. Already columns of thousands of well-armed men under efficient leaders have been distributed throughout the different provinces. General Garcia's attack on Gibara and other important operations by our forces have taken place. Our forces will be directed by General Gomez from Santa Clara, where he will pitch his headquarters."

A LONG SWIM

Peter McNally Will Swim From England to France.

Boston, June 28.—On July 4 Peter S. McNally, of this city, will attempt to swim from England to France across the channel. His course will be from Dover to Calais, 21 nautical or 25 miles in distance. This feat has been accomplished by but one man. That was Captain Webb, who swam the channel in 1875 in 21 hours 15 minutes. McNally thinks he can cut this time down to 15 or 18 hours.

Besides being the best swimmer in New England, McNally has a wonderful record

as a life-saver. His feats in this direction have won for him the highest recognition of the United States government. Since 1872 McNally has probably saved more than 100 lives—he cannot himself tell how many. In the summer of 1896, at Crescent beach, he personally and alone saved 11 people from drowning and assisted in saving half a dozen more.

BOARD OF REGENTS

Will Consider the Charges Against Certain Professors.

Portland, Or., June 28.—The meeting of the board of regents of the state university will be held in this city tomorrow night. The most important business of the meeting will be that relative to the charges that have been preferred against Professors Johnson, Hawthorne and McElroy. The charges against Professor Johnson may not be pressed, and possibly the one preferred against Professor Hawthorne may not be taken up. It is, however, the general opinion that a determined effort will be made to oust Professor McElroy, and the expectation is that there will be a bitter contest.

POLITICS IN OHIO

The Field Against Hough for Governor—McLean All Right.

Columbus, O., June 28.—With an unusually large number of candidates and their workers here tonight, the state convention contests were very animated. The field has concentrated against R. T. Hough as the favorite for governor, and will fight him to a decisive ballot. While the fighting for the state ticket is very animated, there is no visible opposition to John R. McLean for senator.

There was recently organized a state legislative league of silver republicans in opposition to what is known as the Palmer-Buckner democrats. This organization has its representative here demanding that the lieutenant governorship be given to a silver republican, but it is not likely the second place on the state ticket will go to any republicans who may have voted for Bryan and Sewall.

ASTORIANS WINNERS

Beat the Nacotta Footballists by a Score of 3 to 1.

Nacotta, Wash., June 28.—(Special to the Astorian)—Astoria won a decisive victory over the Nacotta team here this afternoon by a score of 3 to 1. At no time in the game was the result in doubt, although the Nacotta team played a plucky uphill game against a team that was a surprise. Laying aside the usual little bickering incident to a game hard played, the Astoria team is here picked out as a sure winner of the Bartley cup. The play and stamina of the Astoria team was a surprise to the home boys, who did not anticipate the aggressive game that was played. Not for a minute was the ball not in play of the most active kind. After the game was over the Astoria team was entertained by the home team before they were compelled to start for home.

TEA BUREAUS

San Francisco, June 28.—Among the passengers on the steamer Gaelic were a party of Japanese who have come to this country from the Japanese government and the Central Tea Association of Japan to establish bureaus for regulation of the tea business here. There is a bureau in New York and others will be established at Chicago and Montreal. The tea bureau will serve about the same purpose in respect to tea as the viticultural bureaus in the eastern cities do in the regulation of the foreign wine trade. Mr. Mizutani, one of the party, will be installed in charge of the Chicago bureau for a period of seven years.

TYPE MACHINES MUST GO

Topeka, Kan., June 28.—J. S. Parks, state printer-elect, announced today that the use of typesetting machines would be abolished in the state printing office with the beginning of his administration. The law provides that the state printer shall receive but 10 cents per thousand ems for machine work. It is claimed that at this rate a machine cannot be operated except at a loss, and as a result they will be thrown out and the state will pay from 30 to 45 cents per thousand for hand composition.

ANOTHER LYNCHING

Aberdeen, Miss., June 28.—A negro named Harry Gilliam was forcibly taken from the Monroe county jail last night, carried five miles from town and hung to a tree. He was charged with having robbed a white lady at Okolona on Saturday afternoon and attempted a criminal assault upon her.

DE LOME TO BE SUCCEEDED

Havana, June 28.—Senor Santos Guzman, the leader of the uncompromising Spanish party in Havana, is reported to have informed his adherents that Senor Castelar is about to be appointed Spanish minister to Washington, the position held by De Lome.

JUDGE WRIGHT'S WIDOW DEAD

Sioux City, Ia., June 28.—The widow of Geo. Wright, of the Iowa supreme bench, and one of the oldest settlers of Iowa, died Sunday at the home of her daughter in this city. Her husband was one of the most prominent men in the state.

DOUBLE TRAGEDY OCCURS IN TEXAS

Augustus Garrison and Frank Jones Fight a Duel at Church.

BOTH MEN INSTANTLY KILLED

Frank's Brother Also Mortally Wounded—Trouble Grew Out of a Family Scandal Concerning a Girl.

Dallas, Tex., June 28.—One of the most sensational tragedies ever enacted in north Texas took place in the Methodist church in Pleasant valley, Dallas county, 22 miles north of this city, in the course of the services yesterday. As a result Augustus Garrison and Frank Jones are dead and Thomas Jones fatally wounded. The Garrison and Jones families are among the prominent planters in this section. They own adjoining plantations and have been the best of social friends for years. Garrison was a married man and had a daughter 15 years of age named Loy. The Jones brother were single. Frank Jones for a year or more had been very partial in his attentions to Garrison's daughter. Recently the girl charged him with having seduced her under promise of marriage. The matter became a neighborhood scandal in Pleasant valley, and Garrison swore he would have the life of the betrayer of his daughter.

Mutual friends succeeded in keeping the men apart until yesterday, which was the first meeting between them since the scandal took place. The families worship at the same church. Just as the preacher had taken his text after prayer and the singing of a hymn, Garrison, who had a seat near the door, stepped to the doorway—it is believed to get some fresh air, as the atmosphere of the room was oppressive. He had no more than reached the doorway when the congregation were startled by a fusillade of pistol shots. Nearly a dozen were fired in about as many seconds time. When the firing ceased Augustus Garrison and Frank Jones were lying dead in front of the church, and Thomas Jones was stretched on the lawn near by, one hand clasped on his right thigh and in his left a pistol. His right thigh in front was shattered by a 4-caliber bullet that had torn its way downward, mutilating the flesh for a distance of six inches. His statement of the shooting was brief and in substance that he and his brother Frank were approaching the church door and were within ten feet of it when Garrison appeared and instantly drew his pistol.

His brother Frank, he said, was hit by the first discharge, and before he could draw his weapon. Thomas drew his pistol and opened fire on Garrison in defense of his brother. Garrison, after Frank fell, opened fire on Thomas. Frank Jones was shot three times, once in the region of the heart, in the right side and on the head. Garrison received but one bullet, and that pierced his heart.

Neither man lived long enough to scarcely realize his fate. The parties came to Dallas to arrange for the undertaking details, to notify the sheriff and to take physicians to attend Thomas, who is not expected to live.

GHOST DANCING

Indians in Idaho Frightening the Settlers Again.

Boise, Idaho, June 28.—Governor Steunenberg is advised that 300 Indians, mostly Bannocks, with some from the Lemhi agency and some from Nevada, are ghost dancing on the Camas prairie near Halley, Idaho. The settlers are greatly alarmed over their action and have appealed to have them removed. The governor has wired the Bannock agent at Ross Fork asking that the Indians be recalled. He has wired to the same effect to the interior department.

KILLED BY A WOMAN

Spokane, June 28.—William Perrett was shot and fatally wounded today by Mrs. Alice Furkey, into whose rooms he had forced an entrance. Perrett was intoxicated and had a razor in his hand threatening to cut out the heart of the woman, who lay ill in bed.
