

ATHLETIC NEWS

THE EVENTS FOR TOMORROW

A Good Program Well Worth Seeing by Astorians.

The athletic games to be carried on in the city during the Fourth of July celebration are the most absorbing topic of interest among the lovers of track and field events, and Astoria is to be congratulated on the success which seems certain to attend these performances. E. E. Morgan, the champion all-around athlete of the coast, will be a contestant, and the public will have the pleasure of seeing Ed clearing the hurdles. At the same time, but two equals and an superior, and it is believed will have the world's record before long. Mr. Morgan is a member of the Stanford University track team. W. H. Hinesman will accompany Morgan, and is entered for the 100 yard dash. He is exceptionally good, and the local boys will have to travel to keep away from the speedy Multnomah man. Tomorrow's running events will be well contested and good time in all the events will certainly be made. In fact some records will probably be broken, as found Multnomah Club will be represented by Messrs. Morgan, Hinesman and Allen Percy in the 100 yard dash and 100 yard hurdles, and Ed, Kiebling in the 100 yard dash. The A. F. C. has quite a number of entries, and it will be a feather in their caps to capture a prize from such formidable runners and if defeated it will not be any disgrace. Allen and Percy appear to be the local favorites in the sprints, but Lewis and Ross may be surprises, and if warriors should run the race—and it is to be hoped, he will—it will be hard to pick the winner, but Allen is first choice and Lewis second in the 100 yards. In the hurdles other should win and Conners should lead in the bicycle races, but Cecil Boyer has many admirers, especially in the long distance race. In any case the bicycle race will be a great event and the finish should be close. If Morgan is a good form he has promised to run Tallant an exhibition race of a mile, and if the committee can arrange that event between the two champions the public will see a race worthy of the name.

Leon Nelson, champion of the world, and Leon Nelson will meet on Van Dusen's grounds in a mounted broad sword contest of 20 assaults. Fred Andrews will referee and two officers from Fort Canby will be the seconds. This event will be a great feature in the program, and the most exciting event in the history of the city. The fight will be exciting from start to finish, quite a number of witnesses on Nob Hill are engaged for the hour of the sword contest, by people who are determined to secure a good view. These mounted contests are very exciting, and the sight of two trained and skillful swordsmen, engaged in full defensive armor, and mounted on trained animals, charging forward to meet each other in the arena, will be both novel and thrilling.

BOWLING.

The alleys have been kept quite lively this last week and show great improvement in the scores especially among the ladies. Heveridge captured the highest with 67. The highest score not the highest lady. The prospect of a mixed team of the Oregon Road and the visiting team caused quite a sensation among the local players, but they are doomed to disappointment, as Mr. Pines received word yesterday that it is impossible for the Portlanders to make the trip, but they promise to come later in the season.

Mr. Sigler of the Multnomah Club and Mr. Jones of the M. A. C. spent Tuesday evening in the city, and both gentlemen played an excellent game on the alleys. Mr. Sigler stated before leaving for home that the A. F. C. alleys were what the Brunswick Bunk Co. claimed for them, the best on the coast.

Captain Astbury on behalf of the cricket players have challenged Captain Bartholomew of the Football team, the game to take place next Thursday night, eight men a side. As the players are evenly matched a good bowling contest will certainly result. It is hoped the footballists will accept the challenge.

Mrs. W. A. Stine has the ladies average for the month—26 Mrs. H. F. Prael second with 25. Both ladies are bowling in excellent form. Mrs. H. F. Prael is champion of the ladies on the individual score, having made 88 on Tuesday in excellent fashion.

The daily scores for the week ending July 2 are as follows:

Naturday—Cooper	68
Monday—Heveridge	67
Tuesday—Palmberg	47
Tuesday—Cooper	47
Wednesday—Campbell	46
Thursday—Palmberg	58
Friday—Will Crosby	56

—ladies—	
Tuesday—Mrs. H. F. Prael	48
Tuesday—Mrs. J. W. Hare	35
Thursday—Mrs. C. W. Fulton	33
Friday—Mrs. S. Norville	40

American Croquet Association, July 2, 1897.

Games	Average
J. N. Griffin	100
C. H. Higgins	100
H. Bell	100
W. T. Beveridge	100
L. B. Burroughs	100
C. H. Cooper	100
J. D. McGowan	100
F. L. Parker	100
M. M. Pickens	100
Clas McDonald	100
James Finlayson	100
Herman Wise	100

FOOTBALL.

Monday last the A. F. C. team started on a trip to Nahotta where they met and defeated the local players by three goals to one. The day was a perfect one for association football and a large crowd witnessed the game. The reliable and popular Captain Tommy Parker departed with the Astoria boys on the steamer Iwaco at 7:30 a. m., and soon had an encounter with the two U. S. men-of-war en-

route to Astoria, which looked formidable and aggressive, but the boys on the Iwaco were not to be scared and went between the two gunners and so their first goal. At Iwaco they boarded a special train, generously donated to the club by the T. R. A. S. Co. In passing through, Iwaco the Iwaco team, the article of Iwaco, gave them heavy cheers which was thoroughly appreciated by the Astorians. On arriving at Loomis station, the president of the company and his family boarded the train and received an ovation from the players. The next stop was at Nahotta, where the team was received by Messrs. Hughes and Noteman, who escorted the players to their hotel, where a magnificent spread was placed before the boys who took their appetites with them. The first part of the game proved that our boys had lots to learn when visiting, swapping the ice cream and then going three or four times for the pie does not show good football taste. Captain Turnbull of the stranded ship Glenmarag, was anywhere and everywhere, showing the keenest interest in the game and making the visitors welcome. Master Bartholomew was the chief attraction in the Astoria club's system, and received all the attention from the ladies. As soon as the teams lined up, Ted had some several snap-pictures and others during the game. Captain Bartholomew won the toss and decided to kick with the wind. Legs of the Nahotta team started the ball in motion to the left wing, but was stopped by Crosby, who passed it down the field only to be returned to the Astoria goal, the first shot going wide of the mark. But shortly after, a free kick was allowed the Nahotta team, which resulted in a goal, and it's Nahotta's scoring first blood, though they had victory in sight, but the pie and the ice cream the A. F. C. had partaken of began to digress, and they soon kicked a goal. The game at half time was even. In the second half our boys played with more dash. Mention, playing his usual game, soon shot the ball in front of Nahotta's goal, when J. Young thrust and sent it between the posts, making two for Astoria. Two minutes later, by pretty passing, another goal was scored by the visitors. On the kick off the Astorians continued to combat and continued to do so until aroused by the referee's whistle. The game was over with victory for the visiting

team, after which the Multnomah team will journey to Denver to meet the Colorado athletes. In all probability Astoria will also be without a representative at those games, much to the regret of local athletes and others interested in the sport.

William Muldon, the wrestler, who is training John I. Sullivan to bring him to fighting condition, is already experiencing considerable difficulty to hold his charge in restraint.

The Japanese are reported to be discourteous to their athletic opponents, when they choose to represent a foreign country.

The tenth annual open lawn tennis tournament for the championship of the Pacific states, in gentlemen's singles has been in progress the latter days of the week just closed, at the Hotel Rafael, San Rafael, Cal.

Today, Peter S. McNally of Boston, will attempt to swim from England to France across the Irish channel.

The principal race of the California Jig on and Hoping Society will come off on July 5, and the fly will be from Marysville a distance of a little over 100 miles.

Sullivan and Fitzsimmons were to have engaged in a six-round bout at Brooklyn tomorrow, but the superintendent of police has anticipated the meeting by announcing his determination to prevent the contest.

The leading topic this week in regard to wintering is the reduction of first class bicycles from \$100 to the price of \$75.

BASEBALL.

The monument erected to the memory of Harry Wright, the "Father of Baseball," was unveiled in West Laurel Hill cemetery June 3 by the presence of a large crowd of persons.

Six undrafted teams meet during the July celebration at San Francisco to contest for tournament honors.

CRICKET.

The A. F. C. cricket team has been considerably strengthened by Mr. E. D. Carmichael, lately of Victoria.

The cricket match between the M. A. C. and the A. F. C., scheduled to take place at South's Point to-morrow has been postponed.

DRAMATIC.

The Lyceum and Frawley companies are still playing to appreciative houses in San Francisco.

Brown Howard's comedy drama "Shenandoah," is again before the theatre-goers of San Francisco. In addition to the exciting war interest involved, there is the course of three distinct love affairs to follow, giving it both martial and sentimental interest. It contains some intensely dramatic scenes and some very pretty comedy scenes, with a strong and patriotic vein all through it. It is one of the most successful of American plays.

Many of the New York theatres have closed their doors for the summer season.

THE WIFE OF AN OLD TIMER.

We used to have old fashioned things, like hounding and greasing.
We used to have just common soup, made out of pork and beans.
But now its bouillon, consommé, and things made from a box.
And Pot au Feu and Julienne, since my daughter's learned to cook.

We used to have a piece of beef—just ordinary meat.
And pickled pig's feet, spare ribs, too, and other things to eat.
While now its fish and ragout, the leg of mutton braised.
And macaroni au gratin, and sheep's head Hollandaise.

The good old things have passed away, in silent sad retreat.
We've lots of high-falutin' things, but nothing much to eat.
And while I never say a word and always pleasant look,
You bet I've had dyspepsia since my daughter's learned to cook.

AN EPISODE IN JAMAICA BAY, N. Y.

Beached upon the tranquil bay,
The boat moved scarcely on its keel;
It was a bright, warm summer day,
When souls should nature's influence feel.

She looked upon the charming scene
Of tiny ripples on the waves—
The glint of light and soft'ny gleam
The fervid sun's reflection gave.

She looked upon the pebbly strand,
The o-ean opening far away,
Stretching toward the distant land
Of frozen north or fair Cathay.

And then the pleasant view awoke
More tender thoughts within her breast;
Of kindred hearts she gently spoke—
Of soul-companion—and the rest.

"Commune with nature if you wish,
In silence, as such themes suggest;
Be quiet now, I'm here to fish,
And when it's still they bite the best."

He bluntly spoke and turned toward
The straightening line and spinning reel,
And patience had its sure reward—
He hunted aboard a two-pound eel.

BORED.

He was awfully bored.
The day was a bright and sunny one, and all outdoors had taken on its kindest aspect, but he didn't even rise from the ground.

THE WHEEL.

The Harlem, New York Wheelmen have received special sanction from Albert Mott, chairman of the racing board of the A. W. W. to run off a 100-mile race in connection with their race meet, which will be held at Manhattan Beach on Saturday, July 10. The entries will be from the professional ranks. The scheme for awarding the prizes is novel. The first man to finish in miles will get five, the first to finish 20 miles will get a like amount and a double eagle goes to the first at the

ELECTRIC CLARK SISTERS.

THE REASON.

He lay on his back on the wet grass, and gazed straight up into the sky without moving.
Every now and then he gave vent to a deep sigh, but beyond that and an occasional hoarse noise from his throat, he showed no signs of existence.
He felt so terribly bored.

Most people would have thought that he had plenty to live for, as he was rich in worldly goods, and with a young wife and child there seemed every prospect of his being able to at least get along.
Indeed, he would have liked to do so very much, but he was so very bored.

Some amateur sportsmen had mistaken him for a bear and had sent buckshot through his body.
He was waiting for a surgeon.

THE DIFFERENCE.

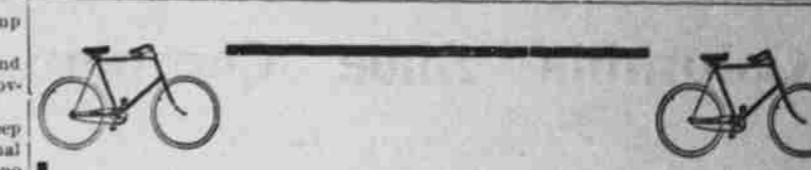

He made a careful examination of the '96 and '97 wheels, marked respectively \$80 and \$100, and could detect no difference between them.
"These wheels seem to be pretty much alike," he remarked to the salesman.
"The '97 model has exactly the same kind of frame as the '96 one, hasn't it?"
"Yes," answered the salesman.
The tubing is just the same?"
"It is."

"There is no difference in the sprocket wheels?"
"None."
"The hubs are alike?"
"Precisely."
"It is the same chain on both?"
"The tires are of the same make?"
"They are."
"There is no change in the handlebars this year?"
"No."
"And the rims, spokes and pedals are alike in both wheels?"
"Well, then, what is the difference between the two wheels?"
"Fifty dollars."

There are people who have objections to advertising matter in the columns of a newspaper. The ground of objection is that they do not want to read advertisements. Now this objection is not good, for oftentimes these advertisements convey valuable information. For instance, how else would the traveling public learn of the excellent dining car service of the Wisconsin Central lines between St. Paul and Chicago, or the general comfort of traveling over this popular line. For particulars call on the nearest ticket agent or address J. C. Pond, G. P. A., Milwaukee, Wis., or Geo. S. Harty, General Agent, 246 Stark street, Portland, Or.

HOW FAST.

This sounds as if it came from the variety stage. But as a matter of fact it is history, for occasionally funny things do happen in the courts besides the lawyers.
It was in a negligence case recently and a good humored Irishman was a witness.
The judge, lawyers, and everybody else were trying their best to extract from the Irishman something about the speed of a train.
"Was it going fast?" asked the judge.
"Aw, yis, it was," answered the witness.
"How fast?"
"Oh, purty fast, yer Honor."
"Well, how fast?"
"Aw, purty fast."
"Was it as fast as a man can run?"
"Aw, yis," said the Irishman, glad that the basis for an analogy was supplied. "As fast as two men can run."

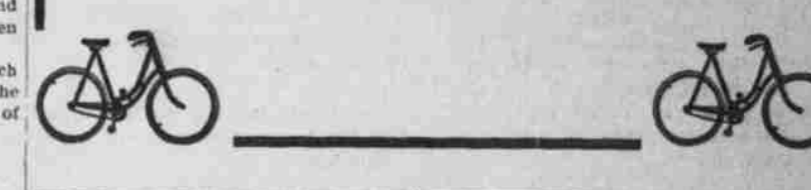

Columbia Bicycles

On and after July 1, 1897, the list price on Bicycles manufactured and sold by the Pope Manufacturing Company, will be as follows:

1897 Columbias, model 45, 46, 49	\$ 75 00
1897 Columbias, model 47, 48, tandem	125 00
1896 Columbias, model 40, 41, 44	60 00
1896 Columbias model 42	50 00
1896 Columbias, model 43, diamond	80 00
1897 Hartfords, pattern 7, 8, 9, 10	50 00
1897 Hartfords, pattern 1	40 00
1897 Hartfords, pattern 2	45 00
1896 Hartfords, pattern 5, 6	30 00

Now is your opportunity to get the highest grade Bicycle. "The acknowledged Standard of the World." All models in stock. Prompt delivery.
