

## SEVEN NEW RECORDS MADE

Oregon and Washington Interstate Games at Portland.

## THE OREGONS WERE WINNERS

By a Score of 70 to 56 Points—Splendid Work Done by all the Contestants—Details of the Events.

Portland, Or., July 17.—The interstate field games between the teams from Oregon and Washington took place this afternoon at the Multnomah field. Oregon won by fourteen points, the total score standing: Oregon, 70; Washington, 56. Two Pacific coast and five north Pacific coast records were broken, making seven in all.

Edward Flanagan, of the Oregonians, established the Northwestern record for the sixteen pound hammer, and the Pacific coast record for the fifty-six pound weight. He, I. Wilbur added one foot seven and a half inches to the Pacific coast record for putting the shot. E. J. Morgan took a fifth of a second off the 120 and 220-yard hurdles. Burnett reduced the Pacific Northwest record 2.14 seconds in a half mile run. Harrager, of Washington, added one and a half inch to the broad jump. The summary is as follows:

High jump—Kerrigan (Oregon) won, 6 feet; Trenkham (Oregon) second, 5 feet 2.12 inches; Gould (Washington) third, 5 feet 1.12 inches.

Half-mile run—Burnett (Oregon) won, 2:14.5; Harrager (Washington) second, 2:16.5; Morgan (Oregon) third, 2:18.5. Former record, 2:24.5.

100-yard dash—Dickson (Washington) won; Jordan (Oregon) second; Harrager (Washington) third. Time, 19.14.

Putting 16-pound shot—Harrager (Oregon) won, 42 feet 1.12 inches; Flanagan (Oregon) second, 40 feet 1.12 inches; Morgan (Oregon) third, 38 feet 1.12 inches.

120-yard hurdle—Morgan (Oregon) won; Kuhl (Oregon) second; Blank (Washington) third. Time, 16.14. Former record, 16.5.

Pole vault—Palmer (Washington) won, 19 feet 1.12 inches; Murphy (Oregon) second, 18 feet 1.12 inches; Kerrigan (Oregon) third.

Throwing 16-pound hammer—Flanagan (Oregon) won, 121 feet 1.12 inches; Wilbur (Oregon) second, 124 feet 1.12 inches; Haden (Washington) third.

100-yard dash—A. R. Young (Washington) won; Young (Washington) second; Honeymann (Oregon) third. Time, 18.14.5.

220-yard hurdle—Morgan (Oregon) won; Palmer (Washington) second; Kuhl (Oregon) third. Time, 25.14.

220-yard dash—Dickson (Washington) won; Jordan (Oregon) second; Fuller (Oregon) third. Time, 23.14.

100-yard dash—Young (Washington) won; Young (Washington) second; Honeymann (Oregon) third. Time, 18.14.5.

Running board jump—Harrager (Washington) won, 21 feet 1.12 inches; Gould (Washington) second, 20 feet 1.12 inches; Kerrigan (Oregon) third.

One-quarter mile run—Coyne (Oregon) won; Pearson (Washington) second; Blumethal (Oregon) third. Time, 3.41.12.

RELIEF FOR INDIA

The City of Everett Has Reached the Philippines.

New York, July 17.—Another remittance of \$20,000 has just been cabled by the Christiana Herald fund to Bishop Thibault for the India famine relief committee, whose relief operations too embrace over seventy different stations scattered throughout the famine districts.

The relief steamer City of Everett, which sailed from San Francisco for Calcutta with a cargo of corn on June 12 last, Rev. S. G. Hobbs, the Christiana Herald commissioner, in charge, has reached the Philippine Islands at Manila. The Everett will reach Calcutta within the next ten or twelve days, and her cargo will be distributed.

NO TRUTH IN IT.

The Spanish and Japanese Alliance is Denied.

New York, July 17.—The Times says: High Spanish authorities in this city Consul Arturo Baldaño and high Japanese authorities, Consul Uchida, agree that no evidence should be given to the report from Europe that an alliance against the United States has been formed by their respective governments.

Princess Baldaño, however, does not regard the relations between the United States and her country as other than strained, while Mr. Uchida thinks that matters can be soothed with the empire of Japan by a graceful acquiescence on the part of the new rulers of Hawaii in the claims which his government makes for a continuance of such Ja-

panese rights and privileges as at present exist. When Senator Baldaño was asked to give his opinion on the alleged alliance he assumed an appearance of incredulity as he said:

"There is no truth whatever in any such report. It is just like the statements which the filibuster makes."

Mr. Uchida said that the Japanese in Hawaii are mostly laborers and tenants. He said they all want there to make money and return to Japan.

DIFFERENT VIEWS.

Concerning the Annexation Question Mr. President.

New York, July 17.—The Times says: The Hawaiian envoy, S. M. Damon, and his military attaché, Major Iauken, are still in the city. Mr. Damon said he was in London when he heard the news that President McKinley had sent the annexation message to congress.

"I was delighted to hear it," he said, "because annexation has long been desired by us. I cannot speak for the Hawaiian people, as I have been absent from Honolulu for several months, but I am confident that the islands rejoiced over the news."

Mr. Damon added that he did not think the message would ratify the treaty at this session. The English, he said, did not seem to take much interest in the matter.

Major Iauken, who is a native Hawaiian, spoke from a different point of view. He said that the natives do not wish annexation.

FEAR A RIOT IN CHILI.

New York, July 17.—A dispatch to the Herald from Valparaiso says there is general fear here that a repetition of the bloody riots of 1891, when scores of foreigners were shot down and killed by the police and militia, is at hand. The situation is critical. It was brought about by the action of the mayor of Valparaiso in ordering 100 workshops closed, thereby throwing thousands of men out of employment. Unless something is done immediately to provide for the idle thousands, serious trouble will result. The authorities only quelled the riots of 1891 after a great loss of life. The rioters looted stores, and the result was the police and militia were ordered to put an end to the troubles. Scores of lives were shot and cut down in the streets.

ROYAL CHINESE DOG.

Tacoma, July 17.—A royal blooded Chinese dog, such as it is said has never been without the walls of the palace of the emperor of China, arrived at Tacoma yesterday on the steamer Pellam from Tien Tsin, China. The dog is of the species known as the Peking pug, which is kept exclusively within the emperor's harem at Peking. It was bought at Tien Tsin several weeks ago from a Chinese servant, who stole it from the royal gardens. The dog is a natural pug and a playful canine. Its body is long in proportion to its legs. The legs appear to be double-jointed at the knees. It is said that it was known that this dog was going to the man who stole it would surely lose his head.

LOST HIS DIAMONDS.

Oakland, Cal., July 17.—While engaged in defending her life against a ferocious dog, Miss J. S. Hogle, of 1133 Third avenue, lost two valuable diamonds. Miss Hogle was walking near her home when an enraged dog came bounding out of a gateway toward her, giving every evidence that he had gone suddenly mad. The woman had nothing at hand with which she might defend herself, but with this she succeeded in keeping the dog off, but at the sacrifice of the diamonds, which were in the cage, and have not yet been found.

A GHASTLY FIND.

San Francisco, July 17.—A ghastly find of the trunks of two human bodies has been made on the dumps at the intersection of Kentucky and Fourth streets. At first it was suspected that a double murder had been committed, but an investigation proved that it was all the result of carelessness on the part of the janitor of the medical college, who, in removing some subjects of dissection, had placed them where the garbage collector had picked them up and carried them to the dumps.

## LONDON NEWS FOR THE WEEK

The Hot Weather is Causing General Complaint.

## HENLEY NOT WELL-ATTENDED

Naval Maneuvers Come to End With a Lacerous Fiasco, Which Causes the Admiralty Much Chagrin.

London, July 17.—This week England has been having the first real hot weather of the season. London has had several sunstrokes and a good many horses have died from the heat. Straw hats have appeared again on all sides and everywhere is heard the complaint that the weather is worse than that of the tropics, although the mercury has not gone above 75.

Visiting Americans are luxuriating in this temperature, and are praising London as a summer resort, greatly to the astonishment of the resident Londoners.

In spite of the beautiful weather and the very exciting contests, Henley has been almost a failure this season, as compared with other years. The chief reason probably is the rebellion which has come at last against the extortion practiced at Henley by the hotel keepers, cabmen and boatmen. This class of gentry has suffered very much in the same way, the public speculators did.

Comparatively few people of note were among the spectators of the regatta, but a number of Harvard men, whom Mr. Lehmann has been entertaining, have been much in evidence and intensely interested in everything.

The queen will start for Osborne house, Isle of Wight, on Tuesday next, her decision to leave Windsor castle being a great relief to the royal family, who fear that she is doing too much for her strength. Every day she has been receiving deputations of citizens and entertaining guests at luncheon and dinner.

When she received the bishops the other day it was her own suggestion that the number had been personally presented to her. To Bishop Whitely and Bishop Potter she said:

"I am very glad indeed to see you here."

On Thursday the queen received a deputation of nonconformists headed by Dr. Joseph Parker, minister of the city temple, and Dr. Monroe Gibson, formerly of Chicago and Toronto. Her majesty received them with every mark of ceremony as she did the Episcopalians. They all lunched at the castle, and then proceeded to the drawing room, where they were ushered into the presence of the queen, who was surrounded by the high officers of the court, with a guard of honor.

While the end of the season is almost at hand, this week has been one of the gayest of the year in London. Every night there have been balls and receptions where royalty and others of the most exclusive set have been present.

One feature of the season, and possibly the chief feature, has been the revival of dancing among the men. Heretofore one of the chief difficulties which London hostesses had to contend with has been the correct thing for the young men to refuse to dance and only to turn up at the supper time.

This year a few prominent hostesses formed a sort of social trust and declined to invite notorious offenders, men who thought their position rendered them secure. The result of this system of discipline is that dancing men are again numerous.

The whole program of naval maneuvers came to a ludicrous fiasco, owing to a misunderstanding of the orders of the admiralty. The fleet was divided into two parts, one commanded by Admiral Feltow. He had instructions to steam out of Blackhead bay to await a declaration of war and then to endeavor to return into the bay without being intercepted by the other division. When still sixty miles from the rendezvous a cruiser overlook Admiral Feltow and told him that war had been declared; whereupon he turned about, and meeting so many, entered the bay and telegraphed to the admiralty. "The war is over." After several hours' silence the admiralty sent him a curt order to go to the rendezvous two hundred miles west. This he had done, and returned again. As he approached Blackhead bay last Sunday morning the enemy appeared and cleared for action. The flagship majestic opened fire, but Admiral Feltow did not respond. On the contrary, he signalled that he had already captured Ireland, that church service was being held in the various ships of his division, and that he must decline to fight. The admiralty was furious, and it will be a long time before the last is heard of this fiasco in naval circles.

Durrant's Father Is to Be Disappointed in His Little Scheme.

Oakland, Cal., July 17.—It is very probable that the state prison directors will refuse permission to take the animalcules pictures of Durrant, the murderer of Blanche Lamo and Minnie Williams. Durrant's father has had a lengthy but unsatisfactory interview with Robert M. Fitzgerald, president of the prison commission. The other members of the commission have expressed their intention of being guided by what Fitzgerald did, and while the latter refuses to accept the responsibility of dealing with the question single-handed, he is against the use of the prison or of any prisoner to aid a private commercial enterprise.

THE UNITED STATES LIGHTHOUSE TENDER Columbia returned from Destruction Island and Willapa bay late Friday evening, and left for Portland early yesterday morning under special orders.

The steamer Columbia sailed yesterday noon for San Francisco with a full complement of passengers, and a large freight load, including a big lot of salmon.

The British ship Glenelg will finish loading her 12,000 cases of salmon Tuesday. Captain Kerr was at Astoria 21 years ago in the ship Maritima. The Scott was the first vessel of 10,000 tons burden, and cost \$25,000. At that time freight rates were 12 1/2 per cent. A ship in those days at a rate of 7 1/2 could clear about 5 per cent for

A COLLEGE CHUM.

"Yes," the bishop remarked reflectively, "as you say, Travers, we had some delightful times at Oxford together."

"I should think so," the newcomer answered. "We did have lots. What days on the river! And what nights in college!"

The bishop moved slowly in his chair. Then he glanced at the bishop and the two bishops. "My dear," he said, "we were inside his black apron. It is very hot in here. I think I will take Mr. Travers out in the garden a little."
