HOBBS

Sparagus Kidney Pills are on the Tidal Wave of Popularity in Astoria.

The Sale of Them Continues Enormous and Unprecedented.

SALES INCREASING DAILY

Retail Druggists Scarcely Able to Keep Enough of Them in Stock.

The retail drug trade of this city report the demand for Dr. Hobbs' Sparagus Kidney Pills as being simply enormous. Not only is this demand large in Astoria, but it applies as well to all towns surrounding us. Everywhere Dr. Hobbs' Sparagus Kidney Pills seem to be in general demand.

The medical fraternity look on with wonder at the cures daily made by this remedy. A physician was recently overheard to say: "I have never in my life had faith in anything advertised as a medicine until recently, but I must confess that I really do bellve that Dr. Hobbs' Sparagus Kidney Pills are a remedy of great worth. I got a sample box of these pills and used them in my practice. Several of my patients have been taking them, and have experienced a great change for the better."

The physician who made this remark had little idea that it would ever appear in print. At all events, he deserves great credit for his frank and honest confession.

Any physician who is honest should prescribe for his patients that which will do the most good.

A Miracle—A Remarkable Cure of Dropsy After Five Years of Agony.

29 Fonda St., Williamsport, Pa., March 7, 1896.

Hobbs Remedy Co., Chicago:

Gentlemen—Some five years ago my wife, Mrs. Chas. H. Hall, now 55 years of age, was taken with dropsy and heart trouble, growing worse from month to month. Two years ago she was so sick that she was compelled to stop work of every kind. The best physicians in this city were secured, but she grew worse so rapidly and her heart so bad, that a year ago they said nothing more could be done for her, as death was liable to come at any time.

At this time she measured ten feet around the waist, and weighed over 300 pounds. Owing to her heart trouble, the doctors would not tap her only to keep her from bursting. These operations did no good as they failed to get a drop of water from her, claiming that it was in sacks all over her body, and they couldn't reach it. For four months she could neither lie down nor walk. The longest sleep she had during that time 25 minutes. The smallest cracker would distress her so that she could hardly breathe, yet she dare not take stimulants. Her suffering was so terrible that she prayed day and night for death to relieve her from her miseries.

Her kidneys did not act more than one gill in forty-eight hours, and then thick with brick dust. Her bowels could only be moved under the most wretched powerful cathartic prescribed by the physician. About this time I saw an advertisement of Dr. Hobbs' Sparagus Kidney Pills in the Williamsport Sun. I determined to try a box. My wife objected to my spending any more money on her, as she felt that she was past all help. However, she began taking them at once. The fourth day they began to do their work, when she passed two gallons of water in 24 hours. I then got some of Dr. Hobbs' Little Liver Pills, and they did their work equally as well. After using eight boxes of Dr. Hobbs' Sparagus Kidney Pills she is reduced to her normal weight of about 145 pounds. She has a good appetite and is doing her own work. People who knew how near she was to death's door pronounced her case nothing less than a miracle.

She is certainly a living monument to the inestimable worth of Dr. Hobbs' Sparagus Kidney Pills and Little Liver Pills. I am thankful to God and your valuable medicines that my poor suffering wife can live and be comfortable after the terrible ordeal she has passed through during the past five years. If you wish an affidavit of these facts I am willing to give it.

Yours gratefully,
CHAS. H. HALL.

THE OBJECTION NOT GOOD.

There are people who have objections to advertising matter in the columns of a newspaper. The ground of objection is that they do not want to read advertisements. Now this objection is not good, for oftentimes these advertisements convey valuable information. For instance, how else would the traveling public learn of the excellent dining car service of the Wisconsin Central lines between St. Paul and Chicago, or the general comfort of traveling over this popular line. For particulars call on the nearest ticket agent or address J. C. Pond, G. P. A., Milwaukee, Wis., or Geo. S. Batty, General Agent, 246 Stark street, Portland, Or.

Love is like a bird of paradise. It is beautiful and probably exists somewhere, but most people only know it from seeing it in pictures.

When going East travel on the Northern Pacific Railway. Quick time and the only line running dining cars. Train leaves Portland daily at 11 o'clock a. m.

Marriage is the undertaker of Love.

Of all the whisker dyes offered to the public none have proved so desirable and easy of application as Buckingham's, to color a beautiful brown or black.

PREPARING TO AVOID TROUBLE

The Senate will Hasten to Ratify Boundary Treaty.

GOLD DISCOVERY CONFIRMED

Experts Have Reported That the Yukon District will Prove the Richest in the World.

New York, July 19.—A special to the World from Washington says:

The possibility of serious international complications between the United States and Great Britain as the result of the recent gold discoveries in Alaska has become apparent to the state department. Senator Davis, of the senate foreign relations committee, has been requested to secure the immediate ratification of a treaty for determining the boundary line between Canada and Alaska, in order to lessen the probable difficulty.

Chairman Davis has announced his intention of calling this treaty up for action at the next executive session of the senate. There is said to be no objection and prompt ratification is expected.

The World says:

Daniel Guggenheim, of the firm of Guggenheim & Sons, who has large smelting interests, when seen at his Long Branch cottage, confirmed the reported discoveries in the Yukon country, and said the new fields would yield in excess of even the present roseate indications.

"For some time my firm has had expert mining engineers at work in Alaska," he said, "and their report says the Yukon gold fields will prove the richest in the world. My opinion is that soon as the country has been opened up and shipping facilities furnished, the output of gold will be simply enormous. As the production of gold increases, silver will be enhanced in value. This I regard as certain."

Mr. Guggenheim declined to give in detail the reasons for his faith for higher values for silver.

There are well-informed men who look upon the reported discoveries as exaggerated. One of these is F. Hobart, associate editor of the Engineering and Mining Journal.

"Yes, I have read these stories," said he, "but to be frank, I do not credit them. Our information, which is detailed and positive, makes it impossible for me to accept the repeated announcement that the Yukon river runs over a bed of virgin gold. As a matter of fact, some persons have struck rich placers in the Yukon district. But the large majority of goldseekers in that country have been stranded. There is only a placer yield on record for this section. No quartz has been discovered—not a fragment. Of course, it is fed out and worn out during ages from the mountains, and indicates the existence of rich quartz deposits. Along the coast conditions are different. There we have the quartz mines of Douglass island, Bernois bay and Sumdum, all rich, and one—the Alaska Treadwell—ranking as the largest in the world."

TWELVE TEMPTATIONS.

Fisher's opera house, last night, Charles H. Yale's "Twelve Temptations" drew a large crowd, which received the many bright specialties with great enthusiasm.

The music throughout the three acts is lively, and the songs are catchy, while the scenery is equally effective in point of glittering and mechanical effects. Mr. Yale has aimed to infuse ginger into the old-style spectacular plays by characterizing many of the prevailing fads. In this he has succeeded, especially so in his comic characteristic divertisement of the "Coming Woman." This represents the fishing fad, the bicycle fad, the hunting fad, also the Bryan fad, gold versus silver, and Uncle Sam.

The two premieres danseuse, Mlle. Ferrero and Mlle. Bassegio, were above the average of those seen here with traveling companies, and their artistic execution was heartily appreciated.

Mr. Robert Rosaire and Mr. Thomas Elliott gave a wonderful exhibition of strength and agility in their acrobatic act that secured for them a hearty recognition.

Mr. Gus Bruno, Jr., is the life of the play, while he and Miss Josie Sisson make up a splendid team, and furnished a large share of the amusement. Both are equally clever dancers.

Miss Caroline Rudolph gave a clever character song, "Over the Bridge," while Miss Rose Kessner, as the "tough" girl, was tough enough to suit the toughest.

After a woman has been married a few months she quits screaming every time she gets scared.

Every married man knows a girl that he thinks he might marry if his wife died.

The tug Roberts, Captain Johnson, arrived yesterday from Florence, Or., in ballast.

The steamer Grady is still at anchor at New Astoria, awaiting opportunity to go to sea.

The State of California arrived yesterday noon from San Francisco with about 200 passengers and a large freight list.

THE GRADY.

The steamer H. C. Grady started down the river Sunday morning, with Pilot Woods aboard, with the intention of crossing out and commencing her voyage to San Francisco. After passing Fort Stevens and sticking her nose in the breakers, she turned around and put back to New Astoria, where she still lies at the dock. Parties at Fort Stevens who watched her course with opera glasses say that they were fearful that the little steamer would be swamped. There was quite a heavy swell on and she rose and fell with the waves like a cork on the water. Another attempt to get out will be made as soon as the wind changes. Once outside in the long ocean swells, Captain Demny says he will be all right. The short, choppy waves at the mouth of the river are what make the trouble. With a north wind and once outside the Grady will be safe.

IS ASTORIA ASLEEP?

This was the question asked yesterday by a business man when he saw the big carloads of steel rails being switched to the front and put into the track.

"Why, we are not ready for business yet, and before we know it the through trains will be arriving from Portland. We need an elevator, a flour mill and a big saw mill. I will be one of a syndicate to give one-third of all the property I own here to start an industry of that kind in Astoria."
