coast, returning early in September with a fine stock of fall goods, also bringing with her the popular milliner who gave Astoria ladies such complete satisfaction this spring. During Mrs. Ross's absence her establishment will be open as usual.

THE FISHERMEN.
Word was received yesterday that the damage to the fish traps at the east end of Sand Island was very great in some instances. Few private traps were disturbed and the prevailing opinion at Ilwaco is that the work was done by other trap owners, while others firmly believe the fishermen did it.

A NEW ENTERPRISE.
A quiet deal is being worked through local parties for the establishment here of a large export saw mill. The capitalist who is figuring on the investment is a millionaire of Michigan, who owns the entire town of Trevores and large portions of several others. He is a practical mill man and believes in Oregon lumber and Astoria's location. The only question is a suitable site.

BOND STREET IMPROVEMENT NOTICE.
Notice is hereby given that the Common Council proposes to improve Bond street from the west side of Ninth street to the east side of blocks 16 and 17 in the city of Astoria as laid out and recorded by John McClure, said improvement to consist of grading said street to the established grade and planking the same to its full width and established grade with new and sound fire plank cut in, laid grain edge up, and by building sidewalks on both sides thereof 5 feet wide, in accordance with the plans and specifications to be prepared and deposited by the City Surveyor in the office of the Auditor and Police Judge, and in conformity to the ordinances in relation to the improvement of streets.

NOTICE TO MERCHANTS.
Please take notice of the effect of the following, a copy of a resolution adopted on unanimous vote at a regular meeting of the Common Council, held on July 16, 1897:
"Resolved, That the Auditor and Police Judge be and is hereby instructed to give notice in the official paper of the city that no claims against the city will be added unless accompanied by written requisition authorizing the contracting of the claim."

A MONSTER MARINE MAMMAL.
No class of quadrupeds command so large a share of the people's interest and curiosity as the unique quadrupeds of the sea, except, indeed, it be the sea quadrupeds which are at the same time amphibious brutes. The fact of a four-footed animal living in the sea is curious enough of itself, but when this four-footed beast is footed with seven hoofs, tail like an ox and horns like a land

bovine, and can dwell as easily and as comfortably on the land as in the sea, there, indeed, is a wonder seldom-seen, and we will say it was never seen before in a show.
It is a wonder which few, comparatively speaking, of the amusement goers, ever will or ever can see, for so difficult of capture and so costly an undertaking is the capture of it. So rare are the mighty monsters, now all but extinct, and so dangerous and hazardous is the hunt for them, that in all the history, there has never been seen one on exhibition. The animal is the monster bovalapus, to be seen only with the Walter L. Main Enormous T. H. Shows, which will positively exhibit at Astoria on Saturday, July 24.

A. & C. R. R. R.—NOTICE TO SHIPPERS.
Freight will be carried on the following trains only, leaving Seaside at 8:30 a. m. daily, at 2:45 p. m. daily, except Saturday and Sunday, and at 2:45 p. m. Saturday. Leaving Astoria at 10 a. m. daily, at 5:30 p. m. daily except Saturday and Sunday, and at 4:30 p. m. Saturday. Freight to and from Flavel will be carried only on the afternoon trains given above. All freight must be delivered at station one hour before leaving time of train, and for Saturday afternoon train from Astoria no freight will be received after 3 p. m. No local freight will be carried on Sunday, the public being referred to Wells-Fargo Co.'s express. These regulations will be strictly enforced, as they are absolutely necessary. C. F. LESTER, Supt.

NEW ORDINANCES.
The mayor yesterday signed the ordinance making the license of circuses 100 per day instead of 25 for each performance.
The ordinance providing for the manner of erecting telegraph, telephone and electric car line poles and hanging electric wires, which was passed by the council July 2, has become a law without the mayor's signature.
