## MANY ASTORIANS BOUND TO ALASKA

### One Has Already Good Prospects of Making a Strike.

## STEAMERS RAISE THE RATES

### Rush so Great All Cannot be Accommodated

—New Stories of Riches Told in San Francisco—Steamers Chartered.

Astoria has caught the Alaska gold fever in good shape. A large number are talking about going to the Yukon, and not a few have made their arrangements to go.

Rodolph Baeth, Astoria, has chartered the schooner James A. Garfield to carry supplies to St. Michael.

Another party of successful Klondike miners arrived here today. It consists of William Stanley, his son, P. Phisicator, and C. Worden, all of whom left Seattle for the mines less than a year ago. From their claims on Eldorado Creek they took out over \$100,000 worth of gold in 90 days, and believe that they have only just begun their work. They intend to return in March.

## DYEA A PORT OF ENTRY.

Washington, July 23.—In view of the present rush of travel to Klondike, Secretary Gage has established a sub-port of entry at Dyea. The action was taken as the result of the application by Canada for permission for vessels to land passengers there.

## COLORADO A RIVAL

Wonderful New Strike at Silver Cliff—A Veritable Klondike.

Silver Cliff, Col., July 23.—If it find which has just been made here turns out as expected, Colorado may have a Klondike of its own. The discovery was made yesterday by Joseph Foulk, about half a mile southwest of town, and near the water works. Foulk got out some quartz heavily charged with sylvanite. The rock showed some free gold. It was brought to town and tested. Some of the sylvanite was roasted and brought out great gold nuggets. The news of the discovery quickly spread, and within a few hours there was a great rush to the new diggings. A dozen claims were taken up before night, and today the whole of Silver Cliff seems to be going to the scene of the find. The new camp is directly between the Zoo and Rattlesnake camp.

## WANTS THE EARTH.

Will Claim the Klondike Region by Reason of Discovery.

New York, July 23.—W. J. Arkell, of the Arkell Weekly Co., of this city, has announced that he expects to claim the gold fields in the Klondike district by reason of discovery, for the estate of E. J. Glave. Glave was the explorer who headed the expedition to Alaska in 1896-97, organized by W. J. Arkell, of Leslie's Weekly. The party consisted of Glave, E. H. Wells, of Cincinnati; A. B. Schanz, of Indiana Mineral Springs, Ind.; and E. B. Pierce and John Dalton, of San Francisco. Thirty Chinaman Indians were also with the party.

After the return of Glave and his party from the frozen north, the explorer was sent by the Century Company to Africa to study the slave trade. When about to sail for the United States he contracted a fever and died. Before leaving for Africa, Glave told Arkell that he had staked out claims in the Klondike district and that on his return he intended to go again to Alaska and spend the remainder of his life there, for he believed it to be the richest country in mineral deposits on the face of the globe.

Mr. Arkell said tonight that as he started and sustained this expedition, he believed he has a claim by right of discovery to the Klondike territory, and if he succeeds in establishing this claim it will be on the theory that "undiscovered countries where maps are filed with the government by the discoverer as was done in this case, it gives the explorer certain interests that might develop."

Arkell said he had received telegrams from Schanz and Wells, two members of the first expedition to Alaska, claiming their interest in the event the government should recognize their right by discovery.

Mr. Arkell proposes to organize an expedition at once to the country discovered and explored by Glave and his party. This expedition will be headed by Mr. Arkell's brother, Bartlett Arkell, who will be accompanied by his brother-in-law, Harry Hall, of Pittsburgh, and a number of newspaper men.

## STEAMER RATES RAISED.

James G. Blaine, Jr., Will Be One of the Passengers.

Seattle, July 23.—For passage on the steamer Cleveland, which sails from Seattle August 3th for St. Michael, the North American Transportation & Trading Company will charge the flat rate of \$200, including, of course, passage up the river to Dawson City. The charge on the Portland was \$150 first-class and \$125 second-class. The same company has chartered the schooner Huacema to leave Seattle about August 1st, carrying 1000 tons of provisions, but no passengers.

Major Hamilton, of the N. A. T. & T. Co. estimates that 200 people have gone into the country this season, which, with the 200 already there, makes 400 people. While he believes there is no danger of starvation, he advises the people to wait until spring before going in. His company expects to get 200 tons of provisions to St. Michael before the season closes, 500 tons of which will go up the river.

James G. Blaine, Jr., has telegraphed here from New York asking for booking to the Klondike.

## MORE RICHES REPORTED.

San Francisco, July 23.—In order to meet the demand for transportation from this city to Alaska, the North American Transportation & Trading Company has chartered the steamer Cleveland, which runs between this city and Round Point. She will sail for St. Michael direct tomorrow afternoon.

The Alaska Commercial Company has chartered the schooner James A. Garfield to carry supplies to St. Michael.

## THE FINAL VOTE TO BE CAST TODAY

### Tariff Bill Will Be Disposed of in the Senate at 3 P. M.

## NO CHANGE AS TO HAWAII

### Admiral Miller Will Sail for Honolulu August 5—Presidential Nominations—Sub-Port of Entry for Alaska.

Washington, July 23.—The final vote on the tariff conference report will be taken in the senate at 1 P. M. tomorrow. A unanimous agreement to this effect was reached in the senate late this afternoon, after an exciting and dramatic debate.

The proposition for the final vote came unexpectedly, the senior senator from Alabama, Morgan, presenting it. It was greeted with shouts of "Good, good!" from the republican senators, who for the first time saw the path clear for the final enactment of the tariff bill.

## THE HAWAIIAN SITUATION.

Washington, July 23.—Orders were issued today despatching Admiral Miller from duty at Brooklyn and ordering him to take command of the Pacific squadron, leaving San Francisco for Honolulu the 5th of next month. The navy department announces that there will be no change in the policy with respect to Hawaii so long as existing conditions prevail.

## PRESIDENTIAL NOMINATIONS.

Washington, July 23.—The president today sent the following nominations to the senate: Stephen Loughran, receiver of public moneys at Des Moines, Iowa; Jay Lynch, agent of the Indians for the Yukon agency, Washington; E. E. Snodgrass, of Alaska, to be commissioner in and for the district of Alaska; Lieut. Commander Walter Goodwin, to be commander; Lieut. Walter Wright, to be lieutenant-commander.

## SUB-PORT FOR ALASKA.

Washington, July 23.—The only matter of consequence before the cabinet today was the submission by Secretary Gage of a plan for the establishment of a sub-port of entry in Alaska, to collect revenues from the goods being imported in large quantities into the territory as the result of the great immigration of miners. There was some talk about a currency message and it was decided it should be sent in only after the tariff conference report has passed the senate.

## WILL ABOLISH AN OFFICE.

Chicago, July 23.—A special to the Chronicle from Washington says: President McKinley will ask congress at the regular session next winter to abolish the office of commissioner of railroads. The president thinks it a useless office. The place is now held by General Wade Hampton.

## VAUDEVILLE ARTISTS.

New Combine Assures Them Continuous Salaries.

San Francisco, July 23.—Twelve of the leading vaudeville theatres of the West have united in a circuit that will enable performers to secure longer engagements than have ever been known in the history of vaudeville in America. The scheme was engineered by J. D. Hopkins and George Coste, both of whom are known all over the amusement world. They had five Chicago theatres, two St. Louis houses, a Pittsburgh theatre, one in Cincinnati and one in Milwaukee in the combine. They wanted a Pacific coast end. Negotiations have been pending, and last week Manager Walter, of the Orpheum circuit, called his acceptance of the final terms, and preparations were at once begun towards employing European novelties. The circuit will be of great advantage to the vaudeville artists. There will be no necessity of making awkward jumps or losing time to fill a three or four-weeks engagement in the West. A continuous salary will be assured. The theatres included in the combination are Orpheum circuit, San Francisco and Los Angeles; Hopkins theatre in Chicago; St. Louis and Chicago; Pike opera house, Cincinnati; Masonic Temple of Chicago; Haymarket theatre, Chicago; Olympic, Chicago; and Chicago opera house, Chicago. Negotiations are also in progress for first-class houses in other cities.

## WAR SHIPS READY.

Orders Issued to Get Them in Condition to Sail.

New York, July 23.—Orders have been received at the Brooklyn navy yard to have all the vessels that are undergoing repairs there ready for sea duty by the end of the week. The vessels are to join the ships of the North Atlantic squadron and the work of making the necessary repairs to them is being hurried. The only ship now at the navy yard that will not join the squadron is the Indiana. She is in bad condition and the

## MURDER CLEARED UP

### Colored Boy Confesses to a Dastardly DEED.

Wheeling, W. Va., July 23.—The murder of the two Mason children at Mountville on Tuesday has been cleared up by the confession of Edward Jones, a colored boy of 15. Some weeks ago Jones stole a halter from Charles Allen's stable. Stanley Mason, the 9-year-old victim of Tuesday's murder, knowing of it, told Allen, and Jones had to give up the halter. On Tuesday Jones went to the Mason home to take his revenge. He took heavy switches and beat Stanley and his four-year-old brother, after removing their clothes, till the blood ran from their bodies. Then he took a sharp pocket-knife and stabbed their bodies until he was tired and had made at least 30 cuts. To finish his bloody work, Jones cut the boys' throats and mangled their skulls with a hoe. Jones told his awful story with cool bravado. The coroner's jury sat behind closed doors and hurried Jones into the state penitentiary, located at Mountville, to avoid the possibility of a lynching.

## LYNCHING IN ORDER.

### Human Friend Outrages a Nine-Year Old Girl at Kalspell.

Spokane, July 23.—A special to the Spokesman-Review from Kalspell, Montana, says that a man giving his name as Wm. Bliss is under arrest there for assaulting a little girl nine years old. There is strong talk of lynching. Last evening the little girl and her seven-year-old brother were playing near the edge of the town. Bliss knicked the boy unconscious with a club and carried the girl into the woods near by. The father heard the screams of the child, and going to the scene, found the boy unable to speak. He carried him home, and began a search for the girl, not being successful he called in his neighbors, and after two hours' search Bliss was captured and lodged in jail. This afternoon, at the preliminary trial, Bliss pleaded guilty and was bound over to the district court.

## VESSELS TO BEHRRING SEA.

Chicago, July 23.—A special to the Chronicle from Washington says: Officials of the navy department regard the movement of vessels to Behring sea as indicating simply that England has realized the justice of Secretary Sherman's complaint in his message to Lord Salisbury. The British government has not heretofore maintained an adequate force of vessels to Behring sea.

## MBL M'LEAN SHOT.

San Francisco, July 23.—Dr. McLean, dean of the California Medical College, was shot twice, in the arm and shoulder, by Patrick Walsh, janitor of the institution. When Walsh was pursued he turned the weapon on himself with fatal effect. No cause is known for the affair.
