The vertoscope exhibition, Sunday night,
 of the Corbett-Fitzsimmons fight at Car-
 son City, was a display of the perfection
 of Edison's wonderful science. The pho-
 tographs, taken by electricity, and repro-
 duced on a canvas screen in life size
 were 14,000 in number, and were printed
 on two and a half miles of celluloid rib-
 bon. Every motion of the principal actors
 in the scene at Carson was faithfully
 portrayed, and those present who were
 at Carson said that the reproduction was
 perfect in every detail.

A party of newspaper men were en-
 tertained in royal style last Saturday by
 Mr. H. F. L. Logan at Seaside, at his
 magnificent Elk creek resort. The visit-
 ors will long remember his princely hospi-
 tality. Canon Beach and the vicinity
 of Elk creek is known to be the most
 beautiful beach on the Pacific coast. The
 variety of scenery and the fine overhang-
 ing mountains which shelter the beach
 from winds, make the place doubly at-
 tractive. The hotel is well appointed and
 well managed. Good hunting and fishing
 abound in the immediate neighborhood.
 In the police court, yesterday, Basile
 Dennis and Basile Brown each forfeited
 \$5 for being intoxicated. For the same
 offense, Peter Cusper and Henry Light

 Bolster, who was arrested Saturday for
 committing an indecent act, was fined
 \$20.

 hour of 3 p. m., the grand foreman and
 lecturer, Brother D. C. Herrin, the grand

 porter, will be present in the hall of

 bers of the order and discuss with and
 explain to them the classified plan, re-
 cently adopted by our Grand Lodge. The
 necessity of the change, from the level
 arrangement to this new plan, and the im-
 portance of the same to each member,
 should be thoroughly understood. Those
 who have given this plan their most
 earnest and careful study and examina-
 tion claim that the order has, by its
 adoption, placed itself on a more equi-
 table, fraternal and substantial foundation
 than ever before. The presence of each
 member is earnestly and fraternally de-
 sired. Do not fail to come.

CHAMBER OF COMMERCE.

Requests Secretary of the Navy to Send
 Monterey for Regatta.

The chamber of commerce met last
 evening, President Wingate in the chair.
 E. C. Holden, secretary, and a full quor-
 um present. The usual routine busi-
 ness having been transacted and sundry
 communications disposed of, the subject
 of the forthcoming annual regatta was
 discussed, resulting in the following re-
 solution, viz.: The president and secretary
 were instructed to send immediately the
 following dispatch:

Astoria, August 9.

To the Honorable Secretary of the
 Navy, Washington D. C.: Astoria cham-
 ber of commerce respectfully requests
 you order United States monitor Mon-
 terey, now at Portland, to remain in As-
 toria harbor during our annual regatta,
 August 20 to 23.

G. WINGATE,
 President.

Attest: **E. C. HOLDEN,**
 Sec.

Also, the secretary was instructed to
 prepare a circular letter to be printed and
 forwarded to commercial bodies in the
 various cities bordering on the Columbia
 river, calling their attention to the re-
 gatta and inviting their presence and
 requesting them to give publicity to the
 event in their respective communities.

KLONDYKERS BEWARE.

If anyone thinks that the Klondyke
 fever has died out in Astoria, he is
 simply mistaken. It is reported that as
 many as forty fishermen left for Alaska
 Saturday, and that large numbers of
 them will go as soon as they get their
 settlements from the canneries, this week
 or next. Besides the fishermen, a large
 number of well-known citizens are rapid-
 ly completing their plans for a trip to
 the north. The names of some of them
 will be a complete surprise to all. Mer-
 chants still report a fair business in
 supplies, and it seems more than probable
 that a steamer line will be established
 between Astoria and Alaska by the time
 spring comes. The following letter might
 well be heeded:

Seattle, August 6, 1897.—(Editor Daily
 Astorian).—Gentlemen: Advise all Klondy-
 kers to purchase supplies at Astoria
 on coming this way. Prices are much
 higher here. This statement from Grant
 Trullinger, who leaves on the 10th per
 Anderson. The Anderson will have a tug
 as escort as far as the mouth of the
 river. Hoping that some may profit
 by this information, I remain yours
 truly,
R. E. CARUTHERS.

LEWIS AND CLARK GAME.

The excursion given Sunday by the As-
 toria Baseball Club was a pleasant one.
 The launch Arctic was chartered for the
 occasion, and at 12:30 left for the Lewis
 and Clark, where a match game was to
 be played with the ball-players of that
 section. On arrival their opponents were
 found ready to play, and the game was
 commenced at once. Up to the sixth
 inning the game was close and exciting,
 the score then being one in favor of the
 home team. After that careless playing
 on both sides piled up the score until, at
 the end of the game, it stood 25 to 19
 in favor of the Astorians. Mr. D. J.
 Ingalls, of Chadwell, umpired the game
 to the satisfaction of both sides. Sev-
 eral slight accidents occurred during the
 game. Mr. Abbott was struck on the
 bridge of the nose by a ball which slipped
 from the hands of one of the players.

C. Withers had his handsome counte-
nance slightly disfigured by contact with

 at a late hour left for home, all having
 enjoyed the day thoroughly.

BOATS AND NETS STOLEN.

At 1 o'clock this morning there was
 considerable excitement in the neighbor-
 hood of Kinney's cannery when it became
 known that one fisherman had his boat
 and net stolen, which was lying at Kin-
 ney's dock; and when the news soon
 came of another boat and net being
 stolen, the excitement was redoubled.
 Names and particulars could not be
 learned in time for publication, but there
 is evidently work for the police depart-
 ment.

Later.—It is just learned that the boat
 and net first reported stolen are the
 property of Fisherman D. Vincent, who
 was fishing for the new cannery. The
 boat was light green in color, and was
 moored between the Parker House and
 Kinney's cannery. The net was a new
 one, and the loss to Mr. Vincent is
 heavy. The boat was last seen about 5
 or 6 o'clock in the evening. Vincent has
 no suspicion as to whom the thief can
 be. This is the second time he has lost
 a boat and net by pilfering.

THE REGATTA.

At the meeting of the regatta commit-
 tee, yesterday, a very favorable report
 was received from the finance commit-
 tee. The A. & C. R. R. subscribed
 \$250 to the fund, and it is anticipated
 that by the close of the week the re-
 quired amount will have been raised. The
 program of events has been almost com-
 pleted, and embraces many novel fea-
 tures on both land and water. Com-
 mander Merrill, of the light-house dis-
 trict, said yesterday that it was almost
 certain that the Manzanita would be
 launched on the 23d.

Mr. Seiberg's sloop Mayflower, which
 has been remodeled, will undoubtedly
 prove to be one of the fastest boats on
 the river, and her action during the races
 will be watched with interest. Many of
 the fishermen are taking much pleasure
 in preparing for the various races.
