the development of the Aluska gold fever and the exodus from Astoria of a large number of its citizens to that territory, while many more are preparing to leave, either this fall or next spring, for the gold regions, the question has been asked whether the effect would not be to very materially reduce bust. ness here, partially depopulate the city, and retard the course of events many years. A single glance at the true situaust ut once quiet any such fear. We have but to look at Seattle, San Francisco, Victoria and Portland, to say nothing about Eastern cities, to learn a different lesson. Every mun who leaves Astoria leaves a place to be filled. If he has been a working man, some other working man, who has been out of a job, will step into his position. If he has been a lawyer, a merchant, business clerk someone else will succeed and those who have been in en forced lilleness, will be given a chan to secure situations. The supplies purchased and taken away by the gold. hunters from Astoria, while small compared with other places, has put new life into the town and made profitable sinces for its merchants.
