In fact, it was their success democratic party returned to power in-186. They were rapidly increasing the foreign trade of the country by arrange ments which, instead of being special, the democracy held should be general. So they were repealed, and the step proved to be one of the many unwise steps which marked the replacing of the McKinley law with the Gorman Wilson law. There is now an opportunity to try reciprocity again and under new and improved conditions. Laws governing the trade of other countries are about to undergo revision on reciprocity lines, and of Cod-liver Oil with Hypophos-It will be a good time for the United States to enlarge its commercial connec tions by the same means. It has good deal to offer, and it will not be difficult to obtain a hearing in any quarter. As to the quarters that should be approached, that, of course, is a question to be determined only after the most thorough survey of the whole field and the most careful balancing of all interests involved. The reciprocity clause of the Dingley bill was made a part of that measure after full discussion. It had the approval of the republican members of both houses of congress. It received before it passed congress the approval of the president, who, as the author of the McKinley bill, had already mastered the subject. It is a part of the law, therefore, to be executed, and the hope

is, in view of what the policy has ac-

complished in the past and of the inciting opportunities of the present, that it may have an early and liberally extended trial

A REMARKABLE CURE OF CHRONIC DIARRHEA.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhosa. It has given me a great deal f trouble ever since. I have tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhosa Remedy, and after that I bought and took a 30-cent bottle: and now I can say that I am entirely cur-All communications intended for publi- ed.
