BOTH SIDES ARE LOSING FAITH

SPANIARDS AND CUBANS ALIKE HOPELESS AS TO WOODFORD'S MISSION.

Havana Hospitals Filled With Soldiers and Sickness Increasing—Business at a Complete Standstill.

Havana, via Key West, August 26.—There are 4,000 Spanish soldiers in the hospitals of Havana and other points. About 2,000 are sent back monthly to Spain incapacitated. Sickness is increasing. The health of the city is not good. The official reports show that for the week ending August 12th the death rate was 90 per 1,000. Business is at a standstill. The army is not being paid and a feeling of hopelessness prevails among the Spaniards and Cubans alike. No one has much faith in the success of General Woodford's mission to Spain.

BATTLE IN SAN FRANCISCO.

Biggest Fistic Contest Since Fitzsimmons Sharkey Bout.

San Francisco, August 26.—No attraction in the pugilistic line since the Fitzsimmons-Sharkey fiasco in this city last November has caused as much commotion among the followers of the ring as the meeting tonight of George Green and Joe Walcott.

The fight was practically a championship affair. Green was knocked out in the eighteenth round. Seven thousand people witnessed the fight. The betting was ten to seven and a half in Green's favor.

The sporting population of San Francisco was not disappointed in its anticipation of a contest second to none ever seen in this city. Woodward's pavilion, where the men met, can accommodate 7,000 people, and was occupied to its full capacity. All the choice seats were sold for $5 in large blocks. More money was wagered on the contest than on any contest since the Sharkey-Fitzsimmons contest.

SPAIN IS WILLING.

Would Have Made a Reciprocity Treaty With the United States.

London, August 26.—The Standard's correspondent at San Sebastian says:

"I learn that Spain has intimated her willingness to make considerable reductions in the contemplated West Indian tariffs, in order to develop the trade of Cuba with the United States, and was willing to negotiate a reciprocity treaty when the Dingley tariff came into force, but the United States received her advances coldly, because it wanted the Cuban question settled first. Indeed, Spain is now aware that American diplomacy will soon raise other and more important questions before other commercial questions are likely to be mooted."

THE BRAZILIAN FANATICS.

New York, August 26.—The Herald's correspondent in Rio Janeiro telegraphs that there has been another engagement between government troops and fanatics near Canudos. The battle continued for three hours and finally the rebels were driven back, after sustaining heavy losses.

The fanatics are now entrenched and are preparing to meet another attack from the government forces.

Another loan from Europe to Brazil has been negotiated, Brazil giving as security big manganese mines. A banker in Rio Janeiro has advanced to the government £1,000,000 on account.

MEXICAN DOLLARS.

London, August 26.—It is a curious circumstance that yesterday Mexican dollars were quoted at 24d, a premium of a penny over silver. This, it is reported, is due to rumors that India will increase the import duty on silver, rumors which have also caused a falling off in Indian purchases of the metal. At Bombay and Calcutta the merchants in some cases are refusing to purchase without a guarantee against the raising of the duty. Little credence however, is given to such reports.

FREE SILVER MEN DAMPENED

New York, August 26.—Elliott Danforth, chairman of the democratic state committee, is quoted in an interview as saying that the recent fall in the price of silver and the rise in the price of wheat had somewhat dampened the enthusiasm of free silver men of this city and state.

NEW CHIEF IN NEW YORK.

New York, August 26.—Chief of Police Peter Conlin has been removed by the police board and John McCullagh has been chosen to succeed him. It is said that other changes in the force are likely to be made.

THE VANDERBILTS AND J. J. HILL

HAVE SECURED ANOTHER ROAD FROM CHICAGO TO ST. PAUL.

In Connection With Nippon Yusen Kaisha Steamship Company Will Control Oriental Traffic of the United States.

Chicago, August 26.—The Inter-Ocean is commenting upon the recent advance in the securities of the Chicago Great Western road, gives currency to a report that J. P. Morgan's interest which now controls the Northern Pacific, and the J. J. Hill party, which owns the Great Northern system, are in possession of options representing the controlling interest in the Great Western. This, it is said, will perfect a formidable combination which will maximize competition in the carrying trade of the Northwest. The Chicago Great Western will give the Northern Pacific-Great Northern interests its own line from St. Paul to Chicago. It is proposed by the new combination to attempt to control the trans-Pacific carrying trade by means of an alliance already perfected and in operation with the Nippon Yusen Kaisha, or Japan Mail Steamship Company, which has the largest fleet and the second largest tonnage rating of any steamship company in the world.

In joining this alliance, the Nippon Yusen Kaisha Steamship Company brings to its partners a monopoly of the interior and coast trade of Japan and China and also places in service connecting lines of steamships to compete for the Indian Australian Hawaiian and Northern and Asiatic trade, with the object of diverting to the United States route the English and continental European traffic for India and Asia, which has heretofore gone via Cape Town or the Suez canal routes.

IMPORTANT CONCESSION.

Kansas City Syndicate Secures Valuable Rights in Colombia.

Kansas City, August 26.—A Kansas City syndicate, representing the Pittsburg & Gulf railroad interests, has secured a concession from the government of Colombia giving valuable commercial privileges in the South American republic. This concession, which was secured through J. Edward Buckley, United States vice-consul at Bogota, gives the right to navigate the Magdalena river and to build a railroad across the country from a point 250 miles from the mouth of the river at Bogota and thence on south through the whole of the country. The project also carries with it the establishment of a line of steamships from some point on the gulf to some of the ports of Colombia on the Caribbean sea. It is the aim of the Pittsburg & Gulf Company to build up a profitable traffic between Kansas City and South America.

CURRENCY REFORM

Commission Appointed to Formulate Plans.

New York, August 26.—H. H. Hanna, of Indianapolis, chairman of the executive committee of the monetary convention that met there several months ago, is at the Waldorf. The committee held a meeting at Saratoga recently and decided to appoint seventeen commissioners to formulate a plan for currency reform. This plan, when properly drawn up, will be presented to congress. Mr. Hanna's mission to this city is to confer with the commissioners from this city and see if they will accept the places. Seven men in as many cities have already accepted, but Hanna says he cannot make the names public until all are heard from.
