STILL CARRYING THE COUNTRY

THE BOY ORATOR ARRIVES HOME AMID GREAT ACCLAIM.

He Thinks the Cause of Free Silver Has Received Much Impetus by His Efforts in the Past Few Months.

Denver, August 30.—A special to the News from Lincoln, Neb., says:

Hon. W. J. Bryan arrived home from his lecturing tour. The journey has consumed three months. He was greeted with great acclaim throughout the state as he approached his journey's end, and his arrival here was the signal for 3,000 people to gather at the depot to hurrah for the apostle of bimetallism.

Mr. Bryan declared that his trip had been a success in every respect and that at no place had there been such an enthusiastic reception as in Nebraska towns. He thought the silver sentiment had if anything received an impetus in the past few months, at any rate, he found it flourishing. Bimetallism, he asserted, would be as live an issue three years hence as it was last fall and would be found to be a more powerful argument in securing the ballot of the masses. The prosperity of Nebraska, he conceived to be due wholly to the good crops, and that the prosperity incident thereto was absolutely in spite of the republican tariff and the success of the gold party.

PRE-HISTORIC CREATURES

Their Skeletons are Augmenting the Display in the Central Park Museum.

New York, August 30.—One hundred huge cases have just arrived at the Museum of Natural History in Central park and are regarded with more than usual satisfaction by the directors of the museum. They are the boxes of remarkable specimens of extinct animals dug out of the earth many feet below the surface of Wyoming, Nebraska, Colorado and Texas. They are the first consignment of the results of the summer's work of the numerous expeditions sent out by the museum. In these 100 cases there is one perfect specimen of flying lizard, that was 12 feet long. Prof. Mathews said there were numerous other sections of lizards, but the only one complete specimen, which was taken from Kansas soil. It belonged to a period of ages before man was dreamed of, and flew like a bat in the night and fed on fishes. Prof. Mathews, who had charge of the expedition to Kansas, has just returned. On his way back he got into Wyoming with Prof. Wortman's expedition. When that section returns to New York early in October there will be brought along a monster lizard over 50 feet long. It is being dug out of Wyoming rock now. When he left 35 feet of the creature was in sight, and it was estimated 20 feet more remained to be excavated.

ONLY ENOUGH FOR SEED.

That is Practically the Wheat Crop of Argentine.

New York, August 30.—A dispatch to the Herald from Buenos Ayres says:

The wheat crop in the province of Santa Fe is calculated at about 10,000 tons, scarcely more than enough to supply the province for the year. What is true in Santa Fe is said to be true in the other provinces, that is, none will furnish more than enough for home use.

Advices frm Rio de Janeiro state that the fanatics attacked several convoys of provisions and ammunition in the interior a few days ago and a bloody battle followed. The fanatics were forced to retire after a severe loss. The Brazilian troops had 28 officers wounded. The fanatics are now reorganizing their forces and another attack on convoys is expected as the fanatics are in need of ammunition.

BIG BATCH OF PATRONAGE.

Many Changes to be made in the Army and Navy.

New York, August 30.—A dispatch to the Herald from Washington says:

President McKinley has some important army and navy patronage to distribute before he returns to Washington. The adjutant-generalship of the army will become vacant by the retirement of General Ruggles September 11. It is settled that Colonel Breck will succeed him. His term of office, however, will be short, as he will reach retirement age on February 25, 1898.

Col. Henry C. Corbin, adjutant-general for the department of the east, now at Governor's Island, is next in rank. A hard fight is being made by Colonel Sheridan, brother of the late General Sheridan. Colonel Sheridan is two years older than Colonel Corbin. Colonel Martin Barber, adjutant-general of the department of the Missouri, will, it is said be ordered to Governor's island. Colonel Sheridan, now at St. Paul, will succeed Colonel Barber, at Chicago, and Colonel Schwan, adjutant-general of the department of the Platte, will go to St. Paul.

The official announcement will be made this week of the appointment of three officers of the naval service as chiefs of bureaus.

Commander R. B. Bradford will succeed Commander F. E. Chadwick as chief of the bureau of equipment. Medical Director N. L. Bates will succeed Medical Director J. R. Tryon as chief of the bureau of medicine and surgery. Chief Naval Constructor Philip Hichborn will succeed himself.

The appointment of Medical Director Bates will be in the nature of a personal act on the part of the president. Dr. Bates has rendered medical service for the McKinley family. Friends of Medical Director Tryon are considerably worked up over the prospective action.

THE WEATHER.

Portland, August 30.—Threatening weather and showers east of Cascades, fresh to south winds.

No man or woman can enjoy life or accomplish much in this world while suffering from a torpid liver. DeWitt's Little Early Risers, the pills that cleanse that organ, quickly. Charles Rogers.

The summer girl is in need of having her ostrich feathers curled and her frock freshened.

THE OBJECTION NOT GOOD.

There are people who have objections to advertising matter in the columns of a newspaper. The ground of objection is that they do not want to read advertisements. Now this objection is not good, for oftentimes these advertisements convey valuable information. For instance, how else would the traveling public learn of the excellent dining car service of the Wisconsin Central lines between St. Paul and Chicago, or the general comfort of traveling over this popular line. For particulars call on the nearest ticket agent or address J. C. Pond, G. P. A., Milwaukee, Wis., or Geo. S. Batty, General Agent, 246 Stark street, Portland, Or.

People wanting to borrow money are as plentiful as mince pies at Christmas time.

Running sores, indolent ulcers and similar troubles, even though of many years' standing, may be cured by using Dewitt's Witch Hazel Salve. It soothes, strengthens and heals. It is the great pile cure. Charles Rogers.

HAS FAITH IN ANDREE.

New York, August 30.—Evelin B. Baldwin, an Arctic explorer of some note, when seen by a reporter in Brooklyn last night, declared his belief that Andree will come back safely from his journey in search of the north pole. Mr. Baldwin has just returned from Europe, where he talked with leading scientists, all of whom share his belief.

The camel is a beast of great strength and endurance. Nothing hurts it until the proverbial "last straw" is added to its burden. The human digestive system is very much like a camel. It is really astonishing how much abuse it will stand. Sometimes, however, something worse than usual will be eaten, and will go through the stomach into the bowels, and there it will stick—that's constipation. Nine-tenths of all common sickness is due to constipation. Some of the simplest symptoms are coated tongue and foul breath, dizziness, heartburn, flatulence, sallowness, distress after eating, headaches and lassitude. A little thing will cause constipation, and a little thing will relieve it. Dr. Pierce's Pleasant Pellets are a certain cure for constipation. They are tiny, sugar-coated granules, mild and natural in their action. There is nothing injurious about them. Sold by all druggists.

The porch chairs will soon be taken in and the furs taken out.

Small precautions often prevent great mischiefs. DeWitt's Little Early Risers are very small in size, but are most effective in preventing the most serious forms of stomach and liver troubles. They cure constipation and headache and regulate the bowels. Charles Rogers.

"Ancient" coins, many of which antedate the Christian era, are made in large quantities in London and find sale all over the world.

Certainly you don't want to suffer with dyspepsia, constipation, sick headache, sallow skin and loss of appetite. You have never tried DeWitt's Little Early Risers for these complaints or you would have been cured. They are small pills but great regulators. Charles Rogers.

ANOTHER GREAT ALASKAN STRIKE

THE McMILLIN RIVER REPORTED RICHER THAN THE KLONDIKE.

A Tacoma Man Cleans Up Fifty-Five Thousand Dollars in Three Months and Sends for His Friends.

Tacoma, August 30.—A letter to the Ledger has just been received from the north fork of the McMillan river, Alaska, from George Lemmon addressed to his wife in south Tacoma, giving the particulars of a fabulously rich strike on this tributary of the McMillan river. He and his partner went there from the Yukon on information from an Indian who accompanied them last spring and he says they have struck a locality richer than Klondike. In three months they have made a cleanup of $55,000. He says they have a lard bucket and a bean can full of nuggets and although they have no scales they believe it will run at least the amount named. They have staked off five claims and he tells his wife to send up four friends whom he designates, as quickly as possible to locate the adjoining properties, the law being that one man can only locate only one claim.

The McMillan river is between 200 and 300 miles south of the Klondike and until recently has been an unexplored region. Lemmon expresses the fear of scurvy breaking out this winter.

Almost 100 of the most beautiful of New Haven's fine old elms are reported dead and will have to be cut down.

It is always gratifying to receive testimonials for Chamberlain's Colic, Cholera and Diarrhoea Remedy, and when the endorsement is from a physician it is especially so. "There is no more satisfactory or effective remedy than Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Dr. R. E. Robey, physician and pharmacist of Olney, Mo.; and he has used the remedy in his own family and sold it in his drug store for years, he should certainly know. For sale by Estes-Conn Drug Co.
