MORE TREASURE IS IN SIGHT

The Steamer Cleveland is Due Next Week with Great Treasure.

EUGENE OUT FROM VICTORIA

Grievances of Passengers Settled Save Matter of Meals—First Mail to Klondike Under Reciprocity with Canada.

Seattle, August 31.—The steamer Cleveland is due to arrive here from St. Michaels some time next week, between September 5th and 10th, and there is reason to believe that her cargo of precious metal will far exceed in value that brought by the Portland.

The small amount of gold brought by the Portland was accounted for by the fact that the river steamer Weare failed to connect with the Portland at St. Michaels. When the Portland left the Weare was daily expected from Dawson City with a number of miners and a couple of tons of gold on board. If the river steamer had met with no accident she will certainly transfer her valuable cargo to the Cleveland. The North American transportation and trading company have expected the Weare to bring down the river all the surplus gold dust that has accumulated at their stores along the Yukon and this treasure is estimated at \$70,000.

THE EUGENE

Victoria, B. C., August 31.—The steamer Bristol left today for St. Michaels conveying the river steamer Eugene from Portland. All the grievances of the passengers were settled save the matter of board on the Eugene. The company holds that they will charge 50c per meal on the river steamer, or a miner can feed himself out of his outfit. The miners maintain that the price paid for their passage includes their board.

THE FIRST MAIL

Washington, August 31.—The first letter mail to be despatched from this country to the Klondike region under the new reciprocal arrangement with Canada, effected by establishing an international exchange between Dixon and Dawson City, will be forwarded from Seattle by the steamer leaving there September 11th. From that time forward a letter mail will go over the new service regularly once a month.

THE NEW HOTEL

Seattle, August 31.—The old bark Shirley, built at Medford, Mass., in 1850, and known in every port in the United States, will be towed to Skagway and converted into a hotel and storehouse with accommodations for 50 lodgers.

WORDEN TO BE PARDONED

Chicago, August 31.—Mrs. Mary G. Jones of this city has just returned from Washington, where she visited President McKinley in behalf of S. D. Worden, under sentence of death in California for train wrecking. Mrs. Jones said the president, attorney general and Secretary Alger received her most kindly and after she had laid Worden's case before them the president assured her he would give it careful attention and he could almost promise her in advance that her plea for pardon for the condemned man would be granted.

THE BIG BEER DEAL

The Last Man Joins the American Malt-ling Company.

New York, August 31.—The World says: The last man who is to be taken into the American Malt-ling Company signified his intention last night of accepting the terms offered him by the promoters of the new enterprise. Soon the stocks of this organization will be listed on the stock exchange. The amount of money involved is enormous. Not less than \$5,000,000 of preferred stock is to be issued at once. The amount of common stock has not yet been determined upon. It will probably amount to many millions more. In forming the American Malt-ling company the promoters decided to

AN ATTEMPTED ASSASSINATION

PRESIDENT FAURE RETURNS IN TRIUMPH FROM RUSSIA

Paris, August 31.—President Faure arrived here this evening. He was met at the Northern Railroad station by M. A. Brisson, president of the chamber of deputies; M. Loubet, president of the senate; the military staff and ministers of councilors. Ten minutes after the president had passed the Madeleine on his way to the palace, a bomb was exploded inside the railings of the church. Two arrests were made. An investigation is in progress.

NEW STEAMER

San Francisco, August 31.—The Elizabeth, a steel steamer built for the Pacific Mail Steamship Company, is to be launched at the Union Iron Works today. She is built for the water service of the company at Panama where on account of the insufficient harbor facilities vessels have to anchor some distance from the shore. Water supply is carried out on lighters and in steam vessels and it is for this service that the Elizabeth is intended.

THE P.-L. CHANGE

George and Edgar Piper Now Have Control

Seattle, August 31.—The Seattle Post-Intelligencer changes ownership tomorrow morning. George U. Piper, having purchased the controlling interest in the paper, assumes control as general manager. James D. Hoge, Jr. retiring. Mr. Piper announces that the paper will remain republican in politics. Edgar U. Piper, now of the Oregonian, will on October 1 assume the position of editor. The Post-Intelligencer is the leading paper of Washington. The consideration was close to \$150,000.

CURES BY ELECTRICITY

Card From Mr. Austin Telling How His Wife Was Cured of Total Blindness.

Portland, Or.—(Editor Astorian)—Hearing of Dr. Darrin's advent in Astoria at the Occident hotel, I wish to make known what he has done in my family. Eight years ago my wife was totally blind from what doctors called "nervous abhorrence of sight." In that condition she visited him and was cured, so she could see as well as ever in her life. I know of hundreds who have been as miraculously cured. I most earnestly recommend the afflicted from whatever cause to consult Dr. Darrin. It will not be out of place to say the doctor performs his cures by electricity in the majority of cases.

STRIKE ENDED.

Columbus, Ohio, August 31.—The coal strike is considered settled here. The plan is to resume at 64 cents and work pending arbitration. The direct parties in conference in the adjustment are President Hatchford of the miners, and the executive committee of operators. A number of the latter were in the city today and the result is that a decision may be looked for any moment.

O'FARRELL TALKS COMMON SENSE

WILL NOT SUPPORT DEMOCRATIC TICKET OF VIRGINIA.

Last of All Refused to Stand by the Nominee of the Chicago Convention, and is the Gold Leader of the State.

Washington, August 31.—The Post, tomorrow, will print a lengthy interview with Governor Charles T. O'Farrell, of Virginia, who last fall declined to support the nominees and platform of the Chicago convention, and who is the recognized head of the gold democrats in Virginia. Governor O'Farrell talks with great plainness, as to his present position and his future action. He announces his determination not to support, under present conditions, the democratic state ticket recently nominated at the Roanoke convention, and gives his reasons for this decision.

ANOTHER STRIKE

Gloverville, N. Y., August 31.—The table cutters, employed in the four largest glove factories, struck today for an advance in wages. About 800 skilled men are out.

A PIONEER GONE

Mr. Louis Gill, an old resident of Oregon, died at his place on Gray's river, Washington, Monday morning, after an illness of 24 hours. He was 81 years of age and was well known in Portland where he arrived in 1832 and was associated in contracting and carpenter work with Mr. Joseph Tucker, long since dead. His many acquaintances in Portland will remember the old gentleman as one of the best workmen in his line for many years.

NICARAGUA CANAL

Washington, August 31.—The bureau of American republics will issue a bulletin on the Nicaraguan canal in a few days. Director Smith, the author of the bulletin states that he believes the present administration will prosecute the Nicaraguan canal enterprise.

A PERJURER

San Francisco, August 31.—Charles M. Bartlett, the self-confessed perjurer in the Angus-Craven case, with astonishing effrontery, today, admitted on cross-examination that he had been led to believe there was at stake \$5,000 if he changed his testimony, and that he found out when too late that he would be out it.

ANOTHER LOW RATE

Chicago, August 31.—The rate of \$2.50, which has been made for the meeting of the letter-carriers at San Francisco, will be open to the public and it is expected the roads will do a large business, as with the exception of the rate for the Christian Endeavor convention, it will be the lowest rate made to the Pacific coast this year.

LABOR CONVENTION HAS ADJOURNED

The Features of the Afternoon Were Speeches of Debs and Sovereign.

TO REORGANIZE GOVERNMENT

Will Not Appeal to the Courts Again—Hisses When the Name of Powderly Was Mentioned—To Incite the Population.

St. Louis, August 31.—The labor convention adjourned sine die tonight after passing a resolution requesting President McKinley to convene congress for the purpose of defining the authority of judges in the matter of injunctions.

Another convention will be held in Chicago September 15th, if the miners strike is not settled by that time.

The features of the afternoon session were the speeches of Sovereign and Debs. Sovereign said:

"Laboring people can vote for years, but nothing can be accomplished. Let us reorganize this government, let us stand up and assert ourselves. Behind these injunctions stand gassing guns and winchcocks, but we fear them not. Let us hold up the flag and tear down the courts. We stand on our dignity and will have our liberty from this time on," shouted Sovereign.

The convention broke into wild cheering which developed into a spontaneous call for Mr. Debs. He arose from his seat and came slowly to the platform. When the cheering stopped Mr. Debs began a speech which was interrupted at the end of nearly every sentence by cheers and handclapping. He said in part:

"I have said, and say again, for the last time, I have appealed to the courts for justice and shall appeal to them no more. The A. R. U. expended \$5,000, to have the question of civil rights tested in the supreme court of the United States only to be told that we have no rights that capital is bound to respect. Shall we appeal to the supreme court again? No. The united voice of labor has been raised against the appointment of Mr. Powderly to a federal position and I notice that he was promptly put into place (mingled cheers and hisses). From the justice of the peace to the justice of the supreme court of the United States, all the judicial powers of the United States are directed against the laborer. All the organized sources of society are against the laborer and if labor expects emancipation labor itself must do it.

"The time has not quite come to incite the population," said Mr. Debs, shaking his fist vehemently.

"The time will come to incite this populace. When this time comes you can depend on me. (Cheers) I will not stand in the rear and ask you to go ahead. I will be in the front and say to you: 'come on' (renewed cheering).

"I shrink from that bloodshed," and Mr. Debs paused impressively, "but it is this necessary to preserve liberty and our rights. I will in that event shed the last drop of blood that courses through my veins (outbreak of cheering). The people are ripe for a great change. All they lack is direction and leadership. Let this conference supply it. Let this conference set the pace. Announce to the world that it will temporarily adjourn for three weeks to renew preparations. Ask every man to pledge himself to be there. Come if you have to walk. No one has a right to plead poverty."

REPORT DENIED

A long article reprinted from the Portland Telegram of recent date has been going the rounds of the state press. The article says that the O. R. & N. Co. for the purpose of giving its patrons a better seaside service, will early next spring construct an independent road from Frankfort, on the Washington side of the Columbia river, nearly opposite Astoria, to Long Beach and the other watering resorts of Pacific county, Washington.

In an interview Sunday with President Mohler, who spent the day at Long Beach, that gentleman said to an Astorian representative that there was no truth in the statement above. "When we get ready to build branch roads we will build them where they will connect with our main line in Oregon, and where we will not have to ferry freight miles across the river to reach them. We are an Oregon line and are not just now ready to build branch roads in Washington."
