A new river service has been inaugurated between Astoria and Rainier, Oregon, including all intermediate landings. The fine steamer "Pilgrim," Captain A. L. Brazee, will make round trips daily, except Sunday, leaving Rainier at 5:30 a. m., reaching Astoria at 12:30, landing at the Fourteenth street wharf, and departing on her return at 1:30. Prompt

time and the best service is guaranteed for both passengers and freight. Twelve engineers and surveyors will leave Portland in a day or two to make the survey for the new railroad from Dyea to the Klondike country.

It transpires that the delay to the steamer Ilwaco Monday afternoon was caused by the boat being overloaded with oysters and having about 25 people on board, making it impossible for her to stay until about 5 o'clock and necessitating her camping out on a sand bar all night on a low tide.

Saturday a party of young people scaled Mount Nearey. The trip was a hard one, but all enjoyed it to the fullest extent. Among those who made the ascent from Elk creek were Miss Lyman, of San Jose, Miss Lane, of Illinois, Miss Holden and Mrs. Timson of Astoria, Mrs. McKinzie and Mrs. Anderson of Portland; Messrs. Will Sherman, C. H. Callender, Ross, Gibson and Alczat.

It is stated in Portland by a railroad official who was in Seattle awaiting the arrival of the steamer Portland from the Yukon that the press reports of the wealth brought down by that steamer are misrepresentations. He says there was hardly a dollar on the ship, let alone \$25,000. The stories, he thinks were manufactured by the reporters, who at great expense went out on tugs to meet the incoming vessel.

The eminent and successful electric physician, Dr. Darrin, has discovered and perfected a system of treatment that has caused a revolution in the treatment of female diseases. Wherever this treatment is tested and known it has done away with all dosing, with nauseous drugs and surgical operations whereby so many precious lives have been lost.

As a discovery, it ranks with Harvey's discovery of the circulation of the blood. It has proven in more than a thousand cases of the worst kind to be a positive cure for the following female diseases: Ovarian tumors, polypus, ulceration, and drooping of the womb, inflammation, congestion and falling of the womb, leucorrhoea, painful and suppressed menstruation, flooding, frequent urination, bearing down pains, backache, headache, hacking cough, melancholy, absence of ambition or desire to live, or, in fact, any complaint having its origin in a disordered state of the generative and accompanying organs, whether from contagious diseases, hereditary, accident, tight lacing, miscarriage or other causes.

Their method of treatment is harmless, pleasant and mild. It is applied directly to the womb without the use of instruments; can be applied by the patients themselves, thus securing correct local treatment at home, and its application is easy and simple. Its curative action on the inflamed, congested and ulcerated

Work on the McClure drainage system has been delayed because of a mistake in the ordering of the sewer pipe. Four car loads of pipe are lying on the dock but are of no use. The new pipe will be here in a day or two. Contractor Normie reports having met with great success so far in digging this drain. Every inch of the way increased the flow of water which was bottled up in the hills. Sometimes the men had to get out of the ditch or be drowned. This is certainly the best improvement ever undertaken by the city.
