THE LATEST NEWS
FROM KLONDIKE

Revenue Cutter Rush Arrives in San
Francisco From Unalaska.

ORDER AT ST. MICHAELS

The Bear on Duty—Steamer Portland Prob-
ably Will Not Bring the Ex-
pected Treasure.

San Francisco, Sept. 29.—The revenue
cutter Rush arrived from Unalaska to-
day, bringing the latest news from St.
Michael and the Yukon that came to
Unalaska from the north by the A. C.
Co's steamer Bertha.

The Bertha left St. Michael on the
14th of September. On the 15th the
steamer C. H. Hamilton, belonging to
the North American Trading and Trans-
portation Co., returned to St. Michael
and reported that she was unable to
ascend the Yukon above the flats near
Fort Yukon. Her passengers and cargo
were unloaded at Fort Yukon and were
waiting the arrival of the Alaska Com-
pany's steamers Margaret and Alice for
transportation to Dawson City. These
steamers being of lighter draught will
get to Dawson about September 25.

At St. Michael, despite the presence
of over 20 persons, order prevailed and
the presence of the revenue cutter Bear
was regarded as an additional guaran-
tee to prevent any trouble. A number
of the Hamilton's passengers were land-
ed on Minook creek, where quite a big
strike is reported and plenty of provisions
for the whole party.

The Bear will remain at St. Michael
until the arrival of the Humboldt with
troops for the garrison.

The disabled steamer Eliza Anderson
will remain at Unalaska until next
spring.

The steamer Portland was at Dutch
Harbor when the Rush left Unalaska.
Coal being scarce, she was unable to
continue her voyage to St. Michael, but
the passengers were sent north on the
Alaska Commercial Company's boat
Bertha. The Portland will probably re-
turn to Seattle without proceeding to
St. Michael.

The steamer's frames and machinery,
which she carried, will be landed at
Dutch Harbor and a new cargo of
planking, to replace that lost on the
schooner Huemul, will be sent north so
that a steamer for the Yukon can be
built at Dutch Harbor during the winter.

The Rush reports that 12 British
schooners, took 839 seals, and three
American schooners obtained 85 skins.

TO BUILD ALASKA RAILWAYS.

New York, Sept. 29.—A dispatch from
Montreal says:
Application will be made to the Do-
minion parliament next session for a
bill to incorporate a company for the
purpose of constructing and operating
a railway from a point near the head
of Chilkoot inlet in the Lynn canal to
the rapids on the Yukon river, following
as closely as practicable Dalton's trail
with power to construct and operate
branch lines, bridges, wharves, telegraph
and telephone line, steamboats and other
craft on the lakes and tributaries of the
Yukon river. The promoters are a syndi-
cate of wealthy men. Latest reports
received at Ottawa of the progress of
the Crow's Nest pass railway construction
are to the effect that work on the
first 100 miles is very far advanced and
that there is no question but the com-
pany will be able to realize its purpose
of completing this section before the
close of the present season.

HOTEL AT DAWSON.

Cripple Creek, Col., Sept. 29.—Joe Wolfe
has had donated to him by Joseph
Ladue, the bonanza king of the Klondike,
a half block of ground in Dawson,
City, upon which he intends to erect a
mammoth hotel. His partners in this
enterprise are 15 Chicago business men.
Mr. Wolfe has made arrangements with
P. D. Armour for everything needed
in the provision line. Mr. Wolfe will
be remembered as the only person who
ever succeeded in pulling a genuine
Mexican bull fight in the United States.
Wolfe succeeded in doing this in the
summer of 1895.

TO GUARD THE TREASURE.

Port Townsend, Sept. 29.—According to
Captain Mungler, of the cutter Grant, it
is the Bear and not the Corwin that
will guard from desperate persons the nug-
gets that the steamer Portland is to bring
from St. Michael. Orders from Captain
Tuttle to act as a policeman of the seas
were taken to him by the Corwin
which left Unalaska the same day the
Grant started for this port, September
19.

The Alaska Commercial Company's
steamer Bertha brought to Unalaska
news from St. Michael up to the 12th
inst. There were over 100 men on the

ST. MICHAELS CHEERFUL.

Port Townsend, Sept. 29.—Captain
Mungler, of the tug Holyoke, which left
St. Michael September 11, says:
"I judge there was 250 to 300 men at
St. Michael while we were there. All
were cheerful. There were none I ran
across who talked of coming back and
no one asked for passage with me. I
did not see any miners from Klondike
at St. Michael, and do not believe there
were any there, for no steamer had come
down lately, though one was expected
any day. It was cold and falling while
we were there, and snow fell the day
after we left."

NEW PORTLAND COMPANY.

Portland, Ore., Sept. 29.—The Dyas and
Klondike Transportation Company was
incorporated in this city today with a
capital stock of \$250,000. E. R. Cassell,
the mayor of Juneau, Oscar R. Meyer,
of New York, and J. N. Teal, of Port-
land, are the incorporators. The object
of the company is to build a wagon
road from Dyas to Lake Linderman,
with the exception of about one mile
over the summit, where a cable will be
used.

TOO MUCH GOLD
IN THE TREASURY

THE RESERVE GROWING SO LARGE THE
GOVERNMENT NEEDS CURRENCY.

It is Proposed to Issue Certificates in
Order to Get It Into Cir-
culation.

New York, Sept. 29.—There has been
some talk in banking circles of the pos-
sibility of the treasury department is-
suing certificates, now that gold is piling
up in the vaults and currency is de-
creasing. This discussion is only due
to a dispatch received in Wall street to
the effect that there recently has been
some informal discussion at the treas-
ury department of the desirability of
this course. Continuing, the dispatch
says Secretary Gage is confronted with
a decision of Secretary Carlisle, when
treasury gold fell below \$100,000,000,
that the reserve having once fallen below
the amount mentioned, gold certificates could
not be issued against it, even if the re-
serve went above \$100,000,000, unless the
issue was specifically authorized by con-
gress. President Cannon, of the Chase
National Bank, says nothing that made
the issue of gold certificates doubtful, but
thought the issuance of such certificates
was entirely within the province of Sec-
retary Gage. Vice-President Hepburn,
of the National City bank, said:
"I believe that legally the issue of
gold certificates is entirely within the
option of Secretary Gage. There is no
question that the treasury needs cur-
rency. If the present conditions con-
tinue and there are few gold imports, as
in my opinion there are sure to be, it
will not be long before the treasury will
have to settle its balances in gold. The
situation may be relieved by the issuing
of gold certificates, as in country banks
which have not facilities for that pur-
pose, and to put into circulation the cur-
rency which they now have, it seems to
me would relieve the situation as to
currency."

Cashier Muhlbach, of the subtreasury,
thought it likely that the subject may
have been discussed. He said, further,
that there seemed to be an erroneous
idea in some quarters that there was
now an inconvenient shortage of cur-
rency. This, he said, was not the case
and he added that any action of the
treasury officials which might convey that
impression was, in his opinion, taken
because they desired such a shortage
and were shaping their course at present
with a view to the need of a larger
amount of currency during October to
meet the government payments of interest
and pensions.

STORM IN CUBA.

Military Operations Absolutely Sus-
pended.

New York, Sept. 29.—A dispatch to the
Herald from Havana says:
Operations in the four western prov-
inces of Cuba have been absolutely sus-
pended during the last few days, on ac-
count of a severe storm that swept over
this end of the island. In the suburbs
of Havana nearly 30 persons have been
drowned by the floods, and in the coun-
try districts many lives and much prop-
erty has been lost.

In addition to the misery caused by
the floods, all but the wealthier classes
suffer from a scarcity of food.
Beef costs \$1 a pound and other meats
in proportion. Vegetables and bread can
be obtained in the market only once
a week. Milk costs 50 cents a quart.

RICHARD CROKER
IS IN HIDING

Did Not Attend the Greater New
York Democratic Convention.

THE CANDIDATES NAMED

Platform a Guarded One—Congressman
Cummings Scores the Present
Administration.

New York, Sept. 29.—The democratic
city convention tonight nominated these
candidates for officers of Greater New
York:
Mayor—Robert A. Van Wyck, of Man-
hattan.
Comptroller—Hyrd S. Cole, of Brook-
lyn.

President of the council—Jacob Rup-
pert, Jr., of Manhattan.

The ticket had been agreed upon by
the Tammany executive committee be-
fore the convention met, and the dele-
gates simply ratified the choice of the
leaders. The platform makes no refer-
ence to the Chicago platform, William
J. Bryan or free silver. It favors home-
rule and the repeal of the Rains law
and other restrictions on personal lib-
erty, and demands dollar gold and the
municipal ownership of franchises. The
nominations evoked disappointment rather
than enthusiasm.

Richard Croker did not attend the
convention. John C. Shanahan was loudly
cheered when he appeared. Mr. Shanahan
called the convention to order and nomi-
nated Congressman Amos J. Cummings
for temporary chairman. In his speech
in taking the chair, Cummings said:

"This is an age in which associated
wealth is marshaled, organized and
equipped for municipal, state and na-
tional control. Gradually and stealthily
it has taken possession of the citadel,
seized upon all its approaches, and now
raises its brazen front to terrify all
who venture to question its supremacy.
Want, if it does not obey its mandates,
is threatened with greater want. Des-
truction, humiliation and finally death
follow in its wake. Millions in a day
made by a government pawnbroker is
hailed as a great achievement, while hon-
est wages are deplored as an intolerable
burden on the savings of the pawn-
broker."

The crowd was very noisy during roll
call. When the name of Delegate Rich-
ard Croker was called there was not
even a ripple of applause. The platform
reported by the committee on resolutions
was adopted. It practically ignores na-
tional issues, declaring at the outset
that they regard as the supreme issue
of the municipal campaign the inaugu-
ration of a wise, liberal, honest and
democratic government in place of the
present costly, wasteful, illiberal and in-
efficient administration.

GOOD EXAMPLER.

How Women Would Soon Reform the
Whole World.
If women would always set a good
example it would soon reform the world,
as the men are continually following
after the women. If a woman could
talk out of the two corners of her mouth
at the same time there would be a
good deal said on both sides. Dr. Darrin
wants just such advocates. No one
tongue or corner of the mouth can tell
of the wonderful cures he is perform-
ing daily at his offices. The following
cases substantiate his wonderful skill.

For years Mrs. M. J. Barr, of Gray's
river, has been a constant sufferer, with
pain in her head and neck, accompanied
with dizziness and constant fear of fall-
ing. Under Dr. Darrin's electric and
medical treatment she feels like a new
woman.

Captain M. D. Staples, of Astoria, is
still confident of a permanent cure of
his son, who has been cured of catarrh
and loss of appetite. Hundreds of cases
might be mentioned but space will not
permit.

Dr. Darrin remains at the Occident Hot-
el, Astoria, until November 1, where
he treats all curable chronic and private
diseases.

ANOTHER REVOLUTION.

Uprising at Jerez in Guatemala Headed
by Castillo.
New York, Sept. 29.—A dispatch to the
Herald from Panama says:
Telegraphic reports from the Herald
correspondent in San Salvador state that
information has reached there to the
effect that a new revolutionary out-
break has occurred in Jerez, Guatemala.
This movement is headed by Jose Leon
Castillo, who, like General Prospero
Poncela, was a candidate for president
to succeed President Barrios. Jerez is
one of the eastern departments where
Castillo had been working since the revo-
lution began in the west to arouse the
people to rebellion. There is fighting now
in the east, west and southwest, and the

DANGER TO BARRIOS IS VERY GREAT. If
the rebels are victorious his chances of
escape are very small.

A FREAK OF FORTUNE.

St. Louis, Sept. 29.—Peter Champion, a
"battered tramp" was recently admitted
to the central home of rest here, but
while he had every appearance of a com-
mon vagabond, his polished manner in-
dicated he had seen better days. He
was very dependent but earnestly as-
serted he was heir to a fortune in Dus-
seldorf, Germany. Finally, in a spirit of
compassion, the superintendent listened
to his story and wrote to Germany. A
letter has just been received saying re-
latives of Champion have been looking
for him three years, and that he is heir
to a large estate, his portion being 750,-
000 marks. Enclosed in the letter was
a draft for 1200 marks to pay his ex-
penses. Champion rigged up in a fine
suit of clothes and will go to Germany
at once.

PINGREE IN VENEZUELA.

New York, Sept. 29.—A Herald dispatch
from Caracas, Venezuela, says:
Governor Pingree, of Michigan, accom-
panied by his secretary, Colonel Sutton,
is in Venezuela. They arrived here sev-
eral days ago. It is stated that they
are here on business connected with rail-
way concessions to Americans.

Governor Pingree and Colonel Sutton
will probably leave here October 2 for
the United States.

WON OUT BY
BUT ONE PIN

EXCITING GAME AT THE A. F. C. ALLEYS
LAST EVENING.

Up to the Last Ball Rolled Victory Was
Anybody's—Excellent Scores Made
by All the Players.

The Astoria Football Club's alleys were
crowded last night when the match game
between the champion lady and gen-
tlemen bowlers took place. About 150
ladies were present, while there was not
even standing room for the gentlemen
spectators. People expected to see an
exciting contest, and they were not dis-
appointed. The very last ball rolled de-
cided the game and gave the gentlemen
the victory by one pin. It was as close
as it could possibly be.

The handicap of the ladies in the four
games was 18. They made a total in
the first game of 27, while the gentlemen
made but 23. This lead placed the
ladies in a fair way to win, but the
excellent bowling of Messrs. Picken and
Harry Bell in the last two games won
the day for the gentlemen.

The second game went to the gen-
tlemen, the totals being 20 and 24. The
third game also was won by the gen-
tlemen by totals of 27 and 24. Thus far
the gentlemen were three pins in the
lead. In the last game the ladies looked
like sure winners. The gentlemen fin-
ished well, however, although the result
was very much in doubt until the last
ball had been rolled. The scores an-
nounced 25 for the gentlemen and 23 for
the ladies. The latter had made up
two of the three-pin lead, and lost by
the single pin. And oh! what a sigh
went up from the fair sex! The grand
totals were 104 to 103.

Mrs. Stine made the best lady's score
during the match, 50. M. M. Picken
made the highest score for the gen-
tlemen, 25. Mrs. H. H. Ingalls made the
best individual actual grand total, get-
ting 123. Mr. Picken made the best
grand total for the gentlemen, 161. Harry
Bell rolled an excellent, steady game.
His grand total was 159. He suffered
from centers but was very good on con-
ter work. His scores were 43, 28, 40 and
38. M. B. Bozarth, who also suffered
a great deal from centers, got the third
best total, 145. Mrs. Ingalls' corner work
received much applause.

Altogether it was a great game and
thoroughly enjoyed by all who saw it.

McKANE TO BE RELEASED.

New York, Sept. 29.—The Herald says:
The friends of John Y. McKane are
making very determined efforts to bring
about his release and have succeeded in
obtaining assistance from Senator Platt
and his associates. In speaking of the
matter, Senator Platt said:
"The case of John Y. McKane has
been brought to my attention by several
persons interested in his pardon. I think
he is more sinned against than sinning.
He has been punished sufficiently. In
my opinion his sentence was excessive
and I would have no hesitation in pub-
licly saying that the ends of justice have
been sufficiently served by what he
has suffered, especially in view of the
condition of his family and his falling
health."

BOSTON WINS
THE PENNANT

Tremendous Excitement at the Game
at Brooklyn.

BALTIMORE GOES DOWN HARD

Batted "Doctor" Foad Out of the Box—
Men and Women Frantic—The
Score Was 3 to 12.

Brooklyn, Sept. 30.—Although Boston
has one more game to play with Brook-
lyn, and Baltimore two more with Wash-
ington, the race for the league pennant
of 1897 practically came to an end with
the conclusion of today's game at East-
ern Park. Boston won the game, while
Washington trounced the Champions,
which leaves Boston the undisputed
champions for 1897. Even should Balti-
more win both their games they can
only attain a percentage of 79 points.
Should Brooklyn win from Boston on
Saturday, the latter would still have a
percentage of 79.

The excitement at today's game was
extraordinary. In the second inning,
when the Bostonians scored five runs,
which gave them a safe lead, men and women
alike rose in their seats and yelled franti-
cally. When the lead became so great
that there was no more hope for the
home team, the most faithful joined the
Bostonians and their rosters, and for a time
nobody could hear anything but people
yelling "Boston."

Baltimore, Sept. 30.—The ghost of a
chance that Baltimore had to win the
pennant of next season no longer ex-
ists. It vanished early in today's game
when the Senators fell upon Dr. Foad's
glove, batted him from the box and
took a good lead in the fourth inning, from
which the Orioles seemed to lose heart,
and played listlessly and without ambi-
tion.

New York, Sept. 30.—New York & Phil-
adelphia 5.

BIG BRITISH FRANCHISE

Washington, Sept. 30.—The report that
a bill has been passed by the congress
of Nicaragua granting a 20-year franchise
to the Atlas Steamship Company of
London for the exclusive steam naviga-
tion of the Rio San Juan del Norte, with
authority to deepen the channel at vari-
ous points, and also to construct a rail-
road from Lake Silico to the river, can-
not be officially confirmed here. If the
Nicaraguan congress has granted a con-
cession to the Atlas Company, that ac-
tion may arouse quite a diplomatic dis-
cussion between the representatives of
the Greater Republic of Costa Rica and
the United States.

The solution of the complications into
which the three governments are drift-
ing may be a treaty between the United
States and the Greater Republic for
the completion of the Nicaragua canal
by this government.

GOLD BOSSES.

Washington, Sept. 30.—The news has
reached the state department that the
merchants of Bluefields, Nicaragua, have
adopted the gold standard. Prices will
be given in silver for goods sold for
cash, but in case of credit transactions
every charge is to be in gold, and either
gold or its equivalent will be exacted at
the specified time of payment.

COMING WEST.

Washington, Sept. 30.—The artillery
board, of which Colonel Rogers is pres-
ident, will leave in a few days for the
Pacific coast to make investigation of
the fortifications there, with a view of
ascertaining what garrisons are neces-
sary for their proper operation; also as
to what force is immediately necessary
for their present care.
