The Astorian guarantees to its subscribers the largest circulation of any newspaper published on the Columbia river.

Advertising rates can be had on application to the business manager. The Weekly Astorian, the second oldest weekly in the state of Oregon, has next to the Portland Oregonian, the largest weekly circulation in the state.

John F. Handley Co. are our Portland agents, and copies of the Astorian can be had every morning at their stand, 124 Third street.

The new administration does not find any necessity for selling bonds to keep up the gold reserve. The amount of gold in the treasury since March 4 has been greater than at any time in many years, and is now over \$100,000,000.

It is a curious coincidence that the legal right to reinstatement of a discharged government employe, under the rules of the civil service, was decided in two different sections of the country at the same time, and in the same way. One case was tried before Judge Jenkins of the Federal Court at Milwaukee, and the other before Judge Cox, in the city of Washington. Both these eminent jurists followed exactly the same line of reasoning, and arrived at the same conclusion, namely, that the civil service law does not provide for the making of rules by the president which shall have the effect of law and be enforced by the courts.

The prospect is very encouraging that the distribution of pasteurized milk, devoid of all microbic germs, among the children of the poor at a nominal price, will become general in the large cities of the United States. While this benevolence will be a blessing to the babies, our adult population enjoy an equally great one in the benefit conferred by Hostetter's Stomach Bitters upon persons afflicted with kidney and bladder complaint. Danger from Bright's disease and diabetes is surely averted by this admirable preventive, which is also a safeguard against malarial fever and rheumatism, and a thorough remedy for dyspepsia, constipation, liver complaint and nervousness. Diseases, insignificant at the outset, enlarge their proportions and capacity for destruction through neglect.

Another point of importance in securing this sterling remedy is, that it should be taken with regularity and persistence. Sometimes the most careful women are the most careless. Many a woman bundles herself up to keep out sickness, when she is neglecting the very worst sickness that can come to a woman. She allows a slight disorder to become worse, to slowly sap her vitality. The little pain and the other slight indications of trouble seem to her unimportant. She goes on with increasing suffering, until life itself becomes a drug. Nervousness, sinking spells, digestive disturbances, and fifty other complications may arise from the derangement of the organs distinctly feminine. Over thirty years ago the need for a reliable remedy for so-called "female complaints" was recognized by Dr. R. V. Pierce, then, as now, chief consulting physician to the World Dispensary and Invalid Hotel at Buffalo, N. Y. He prepared Dr. Pierce's Favorite Prescription, the most wonderfully effective remedy that has ever been used for such maladies.

A real old lady is a perfect joy, but the wrinkled, trembling individual in false hair, rattling pipes and youthful frown is the saddest of all old ladies.

Small precautions often prevent great mischiefs. DeWitt's Little Early Risers are very small in size, but are most effective in preventing the most serious forms of stomach and liver troubles. They cure constipation and headaches and regulate the bowels. Charles Rogers.

Perfect bicycle weather this. To heal the broken and diseased tissues, to soothe the irritated surfaces, to instantly relieve and to permanently cure is the mission of DeWitt's Witch Hazel Salve. Charles Rogers.

Red of every shade is particularly in touch with the virus in nature at this season. Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham, of Gears Mills, La., has to say on the subject, viz: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicines for it. At last I found a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. 25 and 50 cent sizes for sale by Estes-Conn Drug Co.

Awning being taken down and porch chairs taken in denote the approach of winter. No man or woman can enjoy life or accomplish much in this world while suffering from a torpid liver. DeWitt's Little Early Risers, the pills that cleanse that organ, quickly. Charles Rogers.

The greatest of the gay little plaid neckties are worn by the autumn slater of the summer girl. If your child is puny, fretful, troubled with glandular swellings, inflamed eyes, or sores on the face, nose or body, a course of Ayer's Sarsaparilla is needed to expel the scrofulous humors from the blood. The sooner you begin to give this medicine the better.

How few stay-at-home women appreciate what it means to be taken care of. The woman out in the world fighting for her own livelihood could give them a few little pills that would be of benefit to them and make them realize what a blessing a good husband is.

Baldness can be averted, and many times heads that are already bald can be made to grow fine, healthy hair, of a natural hue, by Hall's Hair Restorer.

High O'Brien, second secretary of the British embassy at Washington, was detailed by his government to make an investigation and report on the condition and prospects of the American tinplate industry. His report has been issued by the foreign office as an official document. It certainly makes interesting reading to the democrats who seek their reputation for statesmanship and political prophecy on the prediction that tinplate could not be made in this country. According to the report, the United States tinplate industry dates practically from the passage of the McKinley tariff act, at which time the American market was wholly supplied by South Wales. Mr. O'Brien traces the gradual expansion of the industry in this country, and the use of the domestic article in place of that formerly imported from Wales. Summing up the situation for the last calendar year, he says: "The position of the British export trade may thus be summed up. The interior market was, as a whole, lost to British exporters, but the most packers continued to use a certain number of 'drawback' plates, and there was still a limited consumption of British plates for certain special purposes. Under existing rates of duty, therefore, the report proceeds, "and at present prices, the only section of the American market in which British plates of ordinary grades (exclusive of 'drawback' plates) can continue in the long run to compete in the Pacific coast market, representing an annual consumption of about 50,000,000 pounds. In other portions of the United States the only importations that can be expected is of a limited number of special brands suited for special purposes. And this limited importation can only last so long as the demand is not of sufficient importance to induce native manufacturers to make the necessary arrangements for producing the special qualities of tinplate, which they are undoubtedly able to do."

A BLESSING TO THE EARLIES OF THE POOR - AN ENTERPRISE THAT SHOULD BE FOSTERED.

Keep on Coughing if you want. If you want to cure that cough get Ayer's Cherry Pectoral. It cures coughs and colds.

Maybe John Bull thinks that the only way he can demonstrate that he has a mind of his own is to change it occasionally.

"For several months, I was troubled with a persistent humor on my head which gave me considerable annoyance until it occurred to me to use Ayer's Hair Vigor. Before using one bottle, the humor was healed." - T. T. Adams, general merchant, Turberville, Va.

Very few women count the cost of what they begin as a simple flirtation. It is often a severe case of the later being bitten.

If you have ever seen a little child in a paroxysm of whooping cough, or if you have been annoyed by a constant tickling in the throat, you can appreciate the value of One Minute Cough Cure, which gives quick relief. Charles Rogers.

The military openings afford an opportunity for trimmers from one establishment to gain ideas from another.

A few weeks ago the editor was taken with a very severe cold that caused him to be in a most miserable condition. It was undoubtedly a bad case of la grippe and recognizing it as dangerous he took immediate steps to bring about a speedy cure. From the advertisement of Chamberlain's Cough Remedy and the many good recommendations included therein, we concluded to make a first trial of the medicine. To say it was satisfactory in its results is putting it very mildly. Indeed, it acted like magic and the result was a speedy and permanent cure. We have no hesitancy in recommending this excellent Cough Remedy to anyone afflicted with a cough or cold in any form. - The Danner of Liberty, Libertytown, Maryland. If you cure for a person how easy it is to see only good in them if you don't how very strongly the flaws stand out.
