VAN WYCK IN THE LEAD

Tammany Confident That Its Candidate Will
Win and Getting Its Two to One
in Its Favor.

New York, October 19.—"Claim it; claim
everything," was the motto adopted by
the old master politicians of New York,
for the campaign. The most sweeping
claim is adopted by Messrs. Shanahan and
Crocker, representing the Tammany or-
ganization, which has the practical in-
fluence of the betting men around
town, who have all along been offering
odds on Van Wyck. The claim, how-
ever, that the Tammany ticket will re-
ceive 25,000 of the 45,000 votes registered
in Greater New York is secured by the
other party leaders.

Next to Tammany the greatest display
of confidence is at the republican head-
quarters, where there seems to be a gen-
uine belief that General Tracy will win.
Seth Low's managers profess to be con-
fident, and those of George to be satisfied.
Whatever may be the actual belief of
the leaders, there is no disposition to let
the battle go by default. There are in
progress nightly from 90 to 95 political
meetings. This includes, of course, in or
gatherings in ward rooms. It is claimed
that for the remaining fortnight of the
campaign the Tracy leaders have ar-
ranged for an average of 20 meetings
per night, at each of which there will
be a full complement of speakers.

Robert Crocker spoke half an hour at
Tammany hall today. His views were
asked on the subject of disciplining cer-
tain old democratic leaders in Kings
county who threatened to cut Van Wyck.
Crocker advised general action. Speaking
of some of the Tammanyites who had
gone over to the Citizens union, he said:
"It is a peculiar fact that men who
are knocked out of Tammany, all be-
come reformers." He thought it was a
mistake to bring speakers from outside
of New York to tell voters what they
should do in a municipal campaign.

Henry George was again in a remi-
nent mood today. It grew out of the
question of veracity which has arisen
between him and ex-Governor Irvin over
the mayoralty campaign of 1886, and re-
lated to the part taken in that canvass
by Rev. Dr. Edward McGlynn, which
resulted in Dr. McGlynn's resignation
from the priesthood. Mr. George said
he went to Archbishop Corrigan to plead
for Dr. McGlynn. "The archbishop was
very impatient," he said, "and would not
listen to any explanation which I tried
to make clear, but was not in any way
antagonistic to the Catholics or the
Catholic church. Tammany ran the arch-
episcopal college at that time."

Col. Henry L. Swords, sergeant-at-arms
to the republican national convention,
visited Wall street today and offered to
bet any part of \$25,000 at even money that
General Tracy will poll more votes than
Seth Low. He succeeded in placing about
\$500 among members of the Stock ex-
change and half as much more with the
brokers on the "curb." "This is only a
small part of the Tracy money lying
around loose," said the colonel. "The only
trouble is we cannot find any Low money
to put it up against."

Van Wyck still leads in the betting on
the stock exchange, odds as good as two
to one that he will win being offered.

PLEASED WITH ALL HE SAW

"Hawaii is Certainly Going to Be a State"
—The Islands are Indispensable to
the United States.

San Francisco, October 19.—Senator
Morgan was among the passengers from
Honolulu on the Belgic today. Senator
Morgan expressed himself as well pleased
with what he saw and the manner in
which he was entertained on the islands.
He is more than ever enthusiastic on
the subject of annexation and intimates
that Hawaii will become a part of this coun-
try before the close of the coming year.
He said:

"Hawaii is certainly going to be a
state, but whether it will be at the time
of its annexation or later remains to be
seen. Should it be annexed as a terri-
tory the Hawaiian commissioners will
surely recommend that the islands be
admitted to statehood, and a special act
of congress will undoubtedly follow. In
my opinion Hawaii is absolutely indis-
pensable to the United States, and we
must have those islands. The only op-
position I found was a few Liliuokalani
royalists who have no weight over there
and are for the most part royalists for
revenue only."

**YELLOW FEVER
IN NEW ORLEANS**

**CONTRARY TO HOPE, IS STILL ON THE
INCREASE.**

Nine Hundred Cases So Far Reported,
Which 100 Proved Fatal—50
New Cases Yesterday.

New Orleans, October 19.—There was
neither hope nor encouragement in the
local situation today. The deaths did not
run up to an unusual mark, but there
were enough new cases and fatalities to
disappoint those who believed that the
fever was on the wane. The board of
health tonight reports three deaths and
24 new cases.

Cases are being reported from all sec-
tions of the city. There have been in
this city up to the present time nearly
900 cases, and of these more than one
hundred have died.

ANOTHER BOXING FATALITY.

New Orleans, October 19.—The outcome
of the first boxing match at the new
arena, the unfortunate death of one of
the participants, has put a quietus on
"boxing matches" in this city or state.
Both the mayor and the president of the
club received notice from A. P. Simmons,
Attorney-General Cunningham's clerk,
who said that the state would not permit
boxing contests booked for last night.
Mr. Simmons received word from the
club that legal measures would not be
necessary to prevent the contest, as it
would not take place. The postponement
is caused by Jack Everhardt's ill-
ness with malarial fever. Everhardt
says he will be ready in a few days, but
the club will not permit him to fight.
Kid McPartland at first wanted to claim
the forfeit, but finally consented to wait
for another opponent and telegrams have
been sent to Matthews, Jack Day, Zeigler
and other pugilists with a view of
getting one of them here by Monday.
In the meantime McPartland will go to
Covington, across the lake, which is
wide open to refugees and has no fear
of fever.

**NEW YORK MILLIONAIRES UNDERTAKE THE
Task of Liquidating the Indebtedness
of the Country.**

New York, October 19.—News has
reached Wall street that a Honduras
syndicate composed of the Vanderbilts,
Astors and other New York million-
aires has resumed control of the customs
house and banking institutions of the
republic and has commenced the task
of liquidating the indebtedness of the
country. The congress of Honduras has
authorized the issue of \$1,500,000 to the
syndicate. They are to run for 25 years
and are to be applied to the settlement
of the foreign debt of the nation. This
experiment of government by a syndi-
cate is the latest and most far de-
stretching of the tendency to trust con-
trol that has developed in the United
States or anywhere on earth. Back in
the sixties the financial troubles of
Honduras had their beginning. Revolu-
tions and internal dissensions has utterly
demoralized them, the richest in natural
resources of all the Central American
countries.

matter. Ignoring the United States at-

so, and he may be able to tell the jury
who did.

10 o'clock tomorrow morning.

A few minutes before 8 o'clock Judge
Tenthill gave positive instructions that no
body should be admitted to the building
under any circumstances. He was told
by the bailiffs in charge of the court
that several of the jurymen were al-
most exhausted by the ordeal to which
they had been subjected during the last
24 hours and if they were not allowed
some rest it would certainly result in
some of them becoming ill. The jury
also sent word that there was no im-
mediate prospect of an agreement, and
under the circumstances the judge ordered
that they be permitted to drop the case
and go to sleep. Cots were ganged into
the courtroom and within a few minutes
every juror was stretched at full length
and all consideration of the case was
off until they should wake in the morn-
ing. "They have not agreed as yet,"
said the judge, when he left the court-
house. "and when I became convinced
that there was little prospect of their
doing so, and saw how weary some of
them were, I told them to go to sleep
and try to agree in the morning. There
would be no use in keeping them up all
night, because in the first place two or
three of them would in a short time be
utterly incapacitated by fatigue, and no
agreement could ever be obtained from
men nervous from loss of sleep and ex-
haustion."
