No amount of age or storing will make bad whiskey good. It must be good when made and must be stored in wood and not in metal. Cyrus Noble Old Bourbon Whiskey is stored in oak wood barrels. This develops the flavors and tonic properties. These flavors make it delicious in cocktails. It is the only American Whiskey of international reputation.

There was a well-attended and enthusiastic meeting of the Astoria Progressive Commercial Association last evening in the city council chamber. It being the regular monthly business meeting—bills, etc., were first disposed of, when a general discussion of affairs took place, and was participated in by nearly all the members present. Plans were laid out for future work and now that the exhibit of lower Columbia river products is all arranged and opened to the public, it is expected the association will get down to good hard business. Thirteen names were acted on favorably for membership in the association. Next week the meeting will be held in the association rooms on Bond street.

About eighteen months ago Mr. Hammond shipped from England nearly 1,000 tons of 75-pound steel rails for the road, and saved about \$150,000 on the investment. A short time ago, since the passage of the Dingley bill, the balance of the rails necessary to complete the road, of the same weight, style and quality, were purchased of an American mill and will be delivered at Globe in a short time. It is simply the difference between then and now.

The bondsmen of ex-County Treasurer Ward appeared before the county court, and two of them offered to pay their proportion of the shortage, but this offer the court declined, stating that each bondsman was liable for the whole amount. The bondsmen then asked for further time, on the ground that in December the civil suits against Howell and Ward would be settled and there would be money enough in the hands of the receiver from the sale of the stock to pay the shortage. The court took the matter under advisement.

The British ship Cromartyshire, Capt. Henderson, arrived yesterday from Nags, and in ballast. Capt. Henderson says that his was one of the vessels caught in the terrible typhoon in Yokohama harbor September 25th. During that awful storm a German man-of-war went ashore, and the steamer Petropolis collided with another steamer, doing much damage, and over the results of which a law suit is still in progress. Many lives were lost on shore during that fearful storm. Cromartyshire dragged into the Selkirkharbour, staying in the latter's forebay and smashing several piers. The Cromartyshire was slightly damaged and had to remain for repairs. She sailed for Astoria September 27. A PECULIAR REMEDY.

Something About the New Discovery for Curing Dyspepsia.

The Rev. F. I. Bell, a highly esteemed minister residing in Weedsport, Cayuga Co., N. Y., in a recent letter writes as follows: "There has never been anything that I have taken that has relieved the dyspepsia from which I have suffered for ten years except the new remedy called Stuart's Dyspepsia Tablets. Since taking them I have had no distress at all after eating and again after long years can sleep well." Rev. F. I. Bell Weedsport, N. Y., formerly Idaho, Col. Stuart's Dyspepsia Tablets is a remarkable remedy, not only because it is a certain cure for all forms of indigestion, but because it seems to act so thoroughly in old chronic cases of Dyspepsia as well as in mild attacks of indigestion or biliousness. A person has dyspepsia simply because the stomach is overworked; it digests the food, and this gives it the much needed rest.

This is the secret of the success of this peculiar remedy. No matter how weak or how much disordered the digestion may be, Stuart's Dyspepsia Tablets will digest the food whether the stomach works or not. New life and energy is given not only to the stomach but to every organ and nerve in the body. A trial of this splendid medicine will convince the most skeptical that Dyspepsia and all stomach troubles can be cured. The tablets are prepared by the Stuart Chemical Co., of Marshall, Mich., but popular has the remedy because it can be obtained at any drug store at 50 cents per package. Send for book on stomach diseases free.

NOTICE OF SALE, SHIP "GLEN MORAG." The hull, anchors, chains, mooring tackle, as they lay, together with the steam pump and boiler in position, of this ship will be sold by auction on Monday, the 8th of November, 1897. White mohair serge and mohair diagonal are two new lustrous wool fabrics of admirable quality.

The diagonal has a wide wale and the cords are of fancy weave. In the mohair serge the cords are raised; the twill, however, is like that of a wool serge.

A cream-white cotton fish-net also figures among the novelties. The cords from which it is woven are twisted like twine, and in appearance the fabric fully justifies its name. Charming gowns may be fashioned from it.

Still another novelty, a white chambray is woven with a hemstitched border in both edges and a ribbed silk border in Scotch coloring above the hemstitching at one edge. The gay border may be used for trimming or as an accessory.

Unusually effective is a blouse front of black mousseline de sole bearing an applique of renaissance lace, gold and steel beads and sprigues, a few rhinestones being introduced under the gauzy drapery.

Another blouse of white mousseline is embroidered with green cup sprigues and silver beads, the latter wrought in a floral design and having an emerald set to the heart of each flower.

A novel waist garment of white chiffon worked with steel and pearl beads and amethysts consists of jacket backs and long stole fronts.

The blue-and-purple combination above mentioned is seen upon a white Neapolitan straw sailor. A fancy bow colors is arranged at the right side, of twisted loops of taffeta ribbon of both white and the left side are clustered white roses and blunets. Under the brim at the back are more flowers and plentiful foliage.

Brussels net is combined with one class of Satin embroidery in both edging and insertion. Some of the new embroideries are fair copies of point Venise lace. One delicate specimen is woven in suggestion of the finest tulle and is daintily enough to adorn silk.

Double-edged headlines fancifully embroidered are lavishly used on gingham and other washable fabrics, either velvet, silk or cord edge ribbon being drawn through them.—The Delineator.

THE OBJECTION NOT GOOD.

There are people who have objections to advertising matter in the columns of a newspaper. The ground of objection is that they do not want to read advertisements. Notices these advertisements convey valuable information.

For instance, how else would the traveling public learn of the excellent dining car service of the Wisconsin Central line between St. Paul and Chicago, or the general comfort of traveling over this popular line. For particulars call on the nearest ticket agent or address J. C. Pond, G. P. A., Milwaukee, Wis., or Geo. S. Batty, General Agent, 216 Stark street, Portland, Or.
