AN OPPORTUNITY FOR ASTORIA

To Get In on the New San Francisco-
Alaska Line.

SIX BIG ATLANTIC LINERS

Will Come Around the Horn and Go Into the
Northern Trade—Astoria Should
Be a Port of Call.

Philadelphia, Nov. 6.—The announce-
ment that a company had been organized
with Charles U. Crump as president, to
carry passengers from the Pacific to the
Alaskan gold fields, received an interest-
ing supplement today in the statement
that four of the boats to be used are the
steamships Pennsylvania, Ohio, Indiana
and Illinois, of the American line, which
have been sold to the new company.
With these goes the Red Star liner Va-
jencia, which has been sold to the syndi-
cate for \$50,000 cash. The four American
line of ships referred to were built by the
Crumps in 1872-73. They are 337 feet
long, 43 feet beam, with a hold depth of
24 feet. They have recently been plying
between this city and Liverpool.

Pillows, cushions, etc., from 5 cents
up to \$1 at C. H. Cooper's.

THE BEAR ON THE SOUND.

Seattle, Nov. 6.—The United States re-
venue cutter Bear arrived here tonight
from a six months' cruise in Alaskan
waters. She had on board W. A. Kjell-
man, superintendent of the reindeer sta-
tion, the United States coast and geo-
detic survey party, headed by W. W.
Dumfries, and several Laplanders on their
way to Norway.

TO RELEASE MRS. MAYBRICK

CHICAGO WOMEN WORKING HARD TO
THAT END.

Great Britain Should Return a Favor
Twice Granted by This
Government.

Chicago, Nov. 6.—The campaign in the
interest of Mrs. Maybrick is being pushed
in this city. Helen Denmore, lately ar-
rived from London, who is stopping at
the Auditorium, tonight made the follow-
ing statement:

"When President McKinley a few
months since sent a note to the English
government, through Ambassador Hay,
requesting Mrs. Maybrick's release as a
matter of international courtesy, I had
great hopes. Proof of Mrs. Maybrick's
innocence or guilt was entirely ignored;
her release was asked as reciprocal fa-
vor. John Bright once asked President
Lincoln for a reprieve for a convict
whose guilt was unquestioned; a man
who had plotted conspiracy against life
and property during the civil war. Mr.
Lincoln cheerfully granted the request.
I have been informed that President
Cleveland granted a like favor during his
second term.

Just arrived, an elegant assortment of
men's overcoats—bottom prices—at C.
H. Cooper's.

LAKE ERIE ACCIDENT.

Nineteen Sailors Drowned on a Found-
ered Lake Steamer.

Buffalo, N. Y., Nov. 6.—The Western
Transit Company's steamer Idaho, which
left Buffalo yesterday afternoon for Chi-
cago, laden with package freight, found-
ered off Long Point on Lake Erie, dur-
ing a furious gale at 4 o'clock this morn-
ing. The first mate and one sailor, who
succeeded in reaching the rigging, were
rescued by the steamer Mariposa this
afternoon and brought here. The rest of
the crew, numbering 19, were doubt-
edly drowned.

ANOTHER ALASKA GOLD SHIP.

Seattle, Nov. 6.—The schooner M. M.
Morrill, Captain Johnson, arrived here

this afternoon from Cook's Inlet, with
nine passengers and about \$20,000 in gold.
Half of this amount is the property of
the United States Mercantile Company,
and the other half is distributed between
A. Williamson, of California, and Wil-
liam Ellis and L. P. Arbur, of Oregon,
who have claims on California creek, a
tributary of Twenty-Mile creek.

New goods arriving daily and all the
latest novelties will be shown from now
until Xmas at C. H. Cooper's.

SENTENCED, THEN PARDONED.

That Is Expected to Be the Outcome of
the Competitor Trial.

Havana, Nov. 6.—It is semi-officially
asserted here that the crew of the Amer-
ican schooner Competitor, whose trial
will again begin on Monday next before
a naval court-martial, are to be sen-
tenced to death or imprisonment. They
will then be pardoned by the government
at Madrid.

CONCERNED ABOUT KLONDYKERS.

Washington, Nov. 6.—There was an
unusually large number of people at the
White House today, all anxious to see
the president. The president is much
concerned over representations that
many persons are in a starving condition
in Alaska, and it is probable the matter
will be fully discussed at the next cab-
inet meeting.

ROBBED AND BURNED.

Albuquerque, N. M., Nov. 6.—Passen-
ger train No. 2, on the Santa Fe, was
robbed and the baggage and smoking
car burned, near Grant's station, 75 miles
west of here, at 7:30 this evening.

CONVENTION IS SIGNED.

Washington, Nov. 6.—The convention
between the United States, Russia and
Japan, looking to the joint protection of
seals, was signed at the state depart-
ment today. It will require ratification
by the same to become effective.

ALMOST AT THE POINT OF WAR

England and France Are at Sword
Points.

THE WEST AFRICA INCIDENT

Shows Plainly How Near the Two Countries
Approached the Brink—Retirement
of French Prevented Trouble.

London, Nov. 6.—(Copyrighted, 1897, by
the Associated Press.)—"On the Brink,"
is the caption under which the Daily
News today discusses the Anglo-French
relations, and it wonders how many
times in recent years Great Britain has
been on the brink of war with France.
The same feeling is known to exist
among the well informed of both coun-
tries. The news from Lagos, west coast
of Africa, on Thursday last, stating that
the French had evacuated Saki, one of
the posts in Lagos, hindered, which
had been occupied by their troops in con-
travention of the agreement of 1893, leav-
ing that place as soon as the British
force sent there by Governor MacCallum
appeared, shows how serious the situa-
tion is in West Africa, and demonstrates
that a collision between the French and
British troops in this instance was only
averted by the retirement of the former
and it further shows that such a colli-
sion may occur at any time.

FOOTBALL AT PRISCO.

Novelty art stencils—new designs on
fine linen—very cheap at C. H. Cooper's.

San Francisco, Nov. 6.—For this, and
the last time this season, the University
of California and Reliance Club eleven
met on the grid-iron this afternoon, the
game resulting in a tie score of 4 to 4.

A NEW WHEEL RECORD.

Brockton, Mass., Nov. 6.—Frank Gor-
man, of this city, broke the American
24-hour record by riding 342 miles be-
tween 4 p. m. Friday and the same hour
today. The former record was 216 miles,
made by Davis, of Cleveland.

OHIO IS SAFE FOR REPUBLICANS

Will Have a Majority of Five on
Joint Ballot.

IF NO CHANGES ARE MADE

Cavass of Wood County Gives Norris, Re-
publican Representative, a Plurality
of Thirty-one.

Columbus, Ohio, Nov. 6.—The only im-
portant development of the status of the
general assembly today, was a decision
in the Wood county case, which once
more removes that county from the
doubtful list to the republican column.
The court instructed the election super-
visors of Wood county to canvass the re-
turns from the disputed precinct, which
gives the election to Candidate Norris,
the republican candidate for representa-
tive, by a plurality. Should no further
change be made the republicans will
have five majority on joint ballot.

all new—at C. H. Cooper's.

THE O. I. CO. SALE.

Seattle, Nov. 6.—The entire property,
both real and personal, of the Oregon
Improvement Company, was sold by
Master in Chancery Eben Smith, under
an order of sale from the United States
circuit court. The purchasers were John
R. Waterbury and T. Jefferson Chollette,
Jr., representing the reorganization of
the company, and the purchase price was
\$1,000,000. The bid of Messrs. Coolidge
and Waterbury was the only one made.

Ladies' and misses' night robes from
35 cents to \$1.50 at C. H. Cooper's.

THE NOBLE RED MEN DEFEATED

THE QUAKER BOYS COVERED THE GRID-
IRON WITH INDIANS.

Yale Wipes Up the Field With the Chicago
Athletic Club Team—Some Great
Plays Made.

Philadelphia, Nov. 6.—The University
of Pennsylvania defeated the Carlisle In-
dians on Franklin field today by a score
of 20 to 10. The red men kicked two
goals from the field in the first half,
while the red and blues scored two
touch-downs from which no goal re-
sulted. In the second half, however, the
Indians did not get within 35 yards of
Pennsylvania's goal, except on kicks and
then Pennsylvania would rush the ball
down the field. The Indians clearly
earned both of their field goals, as the
beautiful end runs for 25 yards by Mc-
Farland and Wheeler brought the ball to
Pennsylvania's 20-yard line, and here lit-
tle Huelson showed his ability as a kick-
er by dropping the ball squarely between
the posts. The Indians used the Prince-
ton revolving wedge to play for occa-
sional gains, but they could make little
impression on Pennsylvania's line and
would invariably resort to kicking. The
red men played good, stiff football, but
were remarkably susceptible to injuries.
After nearly every scrimmage there
would be an Indian stretched out on the
grid-iron.

YALE WINS A GAME

New Haven, Conn., Nov. 6.—The Yale
football team this afternoon defeated the
team representing the Chicago Athletic
club by a score of 18 to 6. The scoring
was all done in the first half and with-
out something of a rush. The game was
marked by two striking features—the re-
markable playing of Draper, of Chicago,
the famous Williams half-back, and the
wonderful improvement in the Yale
team. Yale's offensive work was sharp,
rapid and telling, and her defensive tac-
tics, while weaker than in former years,
indicated an improvement which opens
out interesting possibilities in connection
with the great game with Harvard next
Saturday, and the contest with Princeton
on November 25th. Throughout Yale
played straight football, using no intri-
cate formations.

TO AID THE WHALERS.

San Francisco, Cal., Nov. 6.—The anti-
slavery concerning eight whalers stopped in
the ice at Point Barrow, has become so
great that the trustees of the San Fran-
cisco chamber of commerce have deter-
mined to hold a meeting for the purpose
of formulating a dispatch to President
McKinley, urging him to dispatch a re-
lief expedition at the earliest possible
moment.

DON QUIXOTE PORTLAND.

Washington, Nov. 6.—Secretary Alger
today sent to W. S. Mason, president of
the chamber of commerce, of Portland,
Ore., the following telegram, concerning
the reported destitution in Alaska:
"Your dispatch of the 4th, concerning
the sufferers in Alaska received. Noth-
ing can be done by the department with-
out congressional authority. But I sug-
gest you get all particulars and the de-
partment will also get what facts it can
and you submit a plan for relief. You
may be sure of active co-operation as
soon as congress makes an appropri-
ation, which, if found necessary, will be
urged."

WHO CAN DOUBT.

When Such Men Testify—Remarkable
Cure of Chas. Rinehl by Electricity.

Mr. Editor—Dear Sir—This is to cer-
tify that I have had a disagreeable dis-
charge from my ear for years, accom-
panied with sharp darting pains. Dr.
Darrin has cured me and I feel it my
duty to write this card. I can be re-
ferred to at Ross, Higgins & Co.'s store,
Astoria.
CHAS. RINEHL.

DR. DARRIN'S NEW OFFICES.

Dr. Darrin will occupy the offices for-
merly used by Dr. Beckman at 61 Bond
street, after November 7th, and will re-
main in Astoria until December 1st, and
will in future treat all curable chronic
and private diseases with office or home
treatment at the reduced rate of \$5 a
week, or in that proportion of time as
cases may require. The poor treated
free, except medicines, from 9 to 10 a. m.
daily. Patients able to pay, from 10 a. m.
to 5 p. m. Evenings, 7 to 8. Examina-
tions free to all.

MT. RAINIER'S HEIGHT.

Seattle, Nov. 6.—The late computation
of the altitude of Mt. Rainier places Col-
umbia Crest, the highest point, at 11,
528 feet above the level of the sea. These
figures have been deduced from observa-
tions made by Prof. Edgar McClure,
who lost his life while descending the
mountain the night of July 27, 1897.
The computation was made by Prof. E.
H. McAllister, occupying the chair of ap-
plied mathematics in the University of
Oregon, to whom was referred Prof. Mc-
Clure's memoranda. As an evidence of
the accuracy with which Prof. McClure
carried out his observations, the result
agreed within nine feet with that ob-
tained by the United States geological
survey in 1895, using the most refined
methods of triangulation.

CALL FOR REPUBLICAN PRI- MARIES.

The republican voters of the city of
Astoria are hereby notified that the pri-
maries for the election of delegates to
the city convention will be held on the
16th day of November, 1897, between the
hours of 12 m. and 5 o'clock p. m. The
city convention will be composed of
thirty-seven (37) delegates, proportioned
to the three wards as follows: First
ward, 15 delegates; Second ward, 12 de-
legates; Third ward, 10 delegates. This
being one delegate for every thirty (30)
votes or fraction thereof cast at the
last city election.

POLLING PLACES AND JUDGES:

First ward, city hall—H. B. Ferguson,
A. R. Cyrus, Martin Johnson.
Second ward, Welch block—John Welch,
Aug. Nelson, Ludwig Larsen.
Third ward, old school house—A. Britz,
Geo. Nelson, T. S. Cornelius.
The republican city convention is here-
by called to meet at the city hall on
Saturday, the 20th day of November, 1897,
at the hour of 2 o'clock p. m., for the
purpose of nominating candidates for
the various city offices to be voted for
and elected at the city election which
is to take place on the 8th day of
December, 1897.

By order of the City Central Com-
tee. Signed,
J. A. FULTON,
Chairman and Secretary pro tem.

AROUND TOWN.

A large crowd gathered at the Roseau
temperance hall last evening to listen to
the Neal Dow memorial exercises. The
program consisted of song by the Minnie
Kates, Myrtle Mable and Minnie Down-
hoke; recitation by Minnie Downhoke; ad-
dress by Rev. E. S. Bollinger; song by
Miss Pearl Holden; address by Mrs. M.
J. Kinney. Miss Carrie Jeffers presided
at the piano. Miss Harriet Kinney, Miss
Lizzie Bussey and Miss Florence Turner
were appointed a committee to prepare
a program for next Saturday night.

It was a busy day along the water
front yesterday, when the steamer com-
prising the "mosquito fleet" began to
arrive with people from the surrounding
country. Their decks were heaped with
products of the farm, for which the
farmers are now finding a ready market.
The returning boats carried away great
piles of merchandise which shows plain-
ly that when the farmer is able to dis-
pose of his produce for cash, he is will-
ing to distribute the money around
among the local merchants.

A fisherman by the name of Carson,
living at the North Shore cannery, met
with a serious accident yesterday. He
was taking a loaded shotgun down from
where it was hanging on the wall in
his cabin, when it went off, the charge
entering the middle of the left foot and
shattering the bone badly. He was
brought over by his friends to this city,
and Dr. H. L. Henderson dressed the
wound. Dr. Henderson states that the
man will not lose the foot but the ac-
cident will make him a cripple for life.

At the Swedish Lutheran church Sun-
day at 10:30 a. m. the services will be
in Swedish. At 7:30 p. m. the death of Gus-
tavius Adolphus on the battlefield of Lutzen
November 6, 1632 will be commem-
orated with appropriate services. The
Swedish, Norwegian and English lan-
guages will be used. Revs. Steen, Nielsen
and Edlund will speak on the following
subjects: "The Cause for Which Gus-
tavius Adolphus Fought." "Gustavius
Adolphus, the Christian Hero." "The
Battle of Lutzen." A male quartette and
a double mixed will sing. At both ser-
vices a collection will be taken to pay a
contracted indebtedness to the Conference
Home Mission. All Lutherans are es-
pecially invited.

There was considerable excitement
about the Astoria Progressive Commercial
Association's headquarters yesterday
when it was discovered that one of the
eggs in the salmon hatchery had opened
and a lusty young Chinook was cov-
ering around the tank. Quite a large crowd
was present during the afternoon and
took a great deal of interest in the new
arrival. In all probability many more
eggs will hatch today, and during the
week visitors will be given an interest-
ing sight. The Progressive association
can claim the credit of hatching arti-
ficially the first Chinook salmon ever
hatched in Clatsop county. A number
of vegetable exhibits came in yesterday
and during the day farmers from all
parts of the lower Columbia country vis-
ited the place.

Out on the Nehalem road, about 7 miles
east and south of Olney stands a giant
fir tree that has withstood the storms
of hundreds of years. It measures 12
feet across at the base, and is said to
be the largest fir tree in Clatsop county,
and during the past several years has
been visited by hundreds of people, many
of whom have photographed the great
forest monarch. It has been suggested
that the tree be felled and a cut taken
from its base and brought to Astoria
and placed on exhibition. As the tree
stands in the county road, it would be
far better if the county court would se-
cure the ground as a public park. A
good, passable road will someday be built
into the Nehalem country, when it will
be an easy matter for visitors to drive
out and look at the great tree as it
stands, towering far into the sky above
its neighbors. It is certainly a sight
well worth the trip.
