Fred's oyster cocktails are all the go. The oyster eaters of Astoria are getting so that when they want oysters they go to the Buttock after them. Why? Because they know what they want.

Leading camps all along the lower Columbia are just now filled with life and activity. The price of logs continues to go up and loggers are consequently happy. Vast bodies of timber land, for several years past practically of no value, are certain to prove desirable holdings in the near future.

No amount of age or storing will make bad whiskey good. It must be good when made and must be stored in wood and not in metal. Cyrus Noble Old Bourbon Whiskey is stored in oak wood barrels. This develops its flavors and tonic properties. These flavors make it delicious in cocktails. It is the only American Whiskey of international reputation.

The effective arrangements made by Stevedore Wm. Johnson at Fmval for the coaling of the Bremar, deserves more than passing mention. Seven hundred tons of coal were placed aboard the big Oriental liner in less than 48 hours by employing day and night shifts. A big 50-foot derrick, handling four buckets, did the work. Mr. Johnson says that the next steamer will be loaded even more quickly, as his machinery will be in better shape.

A remarkable record was made by Captain C. L. Hoover, of the German bark J. C. Pfeiffer, which arrived in Friday evening from Honolulu. The captain made the track passage of 15 days, which would have been reduced to 12 days had he been able to secure the sun for observations. Pilot Patton, who sailed the ship in after dark, also performed another remarkable feat. A gale was blowing at the time, but he safely brought the ship in and anchored her in the lower harbor.

A KLONDIKE BOOK.

The Chicago Record's book for gold seekers is now ready. A reader of this book will know more of Alaska and the wonderful Klondike district than he could learn by months of personal observation and research on the ground. In comparison with other works on the subject it is the "Webster's Dictionary of Alaska,"—a perfect and peerless volume, at once the model and despair of rival publishers.

It tells of the richest and most extensive gold fields the world has ever known—How they were discovered—Fields yet unexplored—Ten years' work already in sight—Where is the mother lode?

—The fortunes already made—The millions to be taken out next year—How to get there—R. R. fare and other expenses from all points—Medical hints—Climate—Official maps—Government reports—All land and water routes—Projected railroads—Mining laws—Customs. In brief, all that is known of this wonderful land of fabulous wealth. It is the only authentic, practical book, official and endorsed. About 600 pages. Handsomely bound in art canvas, price, \$2.50.

Agents are wanted to handle this valuable work. It is a chance of a life time. Experience is not necessary, as full instructions are sent and the whole people are clamoring for the book. Reports from agents just started show wonderful success. Sales run as high as 20 books an hour. Big commissions and valuable premiums are allowed. Credit is given and freight paid. It is an opportunity to gain a competence in a short time. The book is not sold through book stores or newspapers. Complete canvassing outfit will be mailed for 20 cents, stamps. To places where we have no agent a full copy of the book will be sent to customers, prepaid, on receipt of price. Address, exactly, Monroe Book Company, department K, 218, Chicago.

A PECULIAR REMEDY.

Something About the New Discovery for Curing Dyspepsia.

The Rev. F. I. Bell, a highly esteemed minister residing in Weedsport, Cayuga Co., N. Y., in a recent letter writes as follows: "There has never been anything that I have taken that has relieved the dyspepsia from which I have suffered for ten years except the new remedy called Stuart's Dyspepsia Tablets. Since taking them I have had no distress at all after eating and again after about ten years can sleep well." Rev. F. I. Bell, Weedsport, N. Y., formerly Idaho, Cal.

Stuart's Dyspepsia Tablets is a remarkable remedy, not only because it is a certain cure for all forms of indigestion, but because it seems to act as thoroughly in old chronic cases of dyspepsia as well as in mild attacks of indigestion or biliousness. A person has dyspepsia simply because the stomach is overworked; "It wants a harmless, vegetable, remedy to digest the food and thus give it the much needed rest."

This is the secret of the success of this peculiar remedy. No matter how weak or how much disordered the digestion may be, Stuart's Dyspepsia Tablets will digest the food whether the stomach works or not. New life and energy is given not only to the stomach but to every organ and nerve in the body. A trial of this splendid medicine will convince the most skeptical that Dyspepsia and all stomach troubles can be cured. The tablets are prepared by the Stuart Chemical Co., of Marshall, Mich., but so popular has the remedy become that Stuart's Dyspepsia Tablets can now be obtained at any drug store at 50 cents per package. Send for book on stomach diseases free.

THE OBJECTION NOT GOOD.

There are people who have objections to advertising matter in the columns of a newspaper. The ground of objection is that they do not want to read advertisements. Now this objection is not good, for oftentimes these advertisements convey valuable information.

For instance, how else would the traveling public learn of the excellent dining car service of the Wisconsin Central lines between St. Paul and Chicago, or the general comfort of traveling over this popular line. For particulars call on the nearest ticket agent or address J. C. Pond, G. P. A., Milwaukee, Wis., Geo. S. Batty, General Agent, 248 Stark street, Portland, Or.

WHEAT.

On June 24 wheat sold at 63c. It has since sold at 11.05c. Difference, 39c, or \$3.75 on 10,000 bushels. \$3.75 would have made this amount by our system of joint investment accounts since June 23. Why not try this system and increase your income? Amounts of \$20 and upwards received.

Our information is of such a character and from such source as to make it entirely reliable. Write for particulars. J. G. Knowlton & Co., grain brokers, 202 California street, San Francisco.

HOW TO CURE BILIOUS COLIC.

I suffered for weeks with colic and pains in my stomach caused by biliousness and had to take medicine all the while until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured me. I have since recommended it to a good many people.

MRS. F. BUTLER.

Persons who are subject to bilious colic can ward off the attack by taking this remedy as soon as the first symptoms appear. Sold by Estes-Conn Drug Co.
