During the storm of Wednesday and yesterday the wires of the West Shore Mills Company got mixed up and some of them were burned. It was impossible to make all the repairs yesterday, but they will be completed today so that all lights will burn as usual. All lights were out last night.

Long before daylight yesterday morning, Martin Ford, who did not like the sound of the storm, arose and went into the room where his children sleep to see that all was well. The room is lighted by a large plate glass window. Having a presentiment that the worst was not over, he took the little folks into his own bed, and had scarcely got settled there a gust of wind smashed the big window and covered the bed, where the children lay a few minutes before, with a thousand pieces of glass.

Cyrus Noble Old Bourbon Whiskey is the only American whiskey of international reputation. It is bottled only after it has been six years in casks. Its flavors are developed by perfect storage in heated warehouses, and this is what makes it delicious in cocktails.

A special sale of hats will be inaugurated this morning, to continue for two weeks, at the old stand of Mrs. Sarah Ross, the leading milliner of Astoria. Every person who buys at one time during the sale goods to the amount of \$1.00 will receive free a child's hat of the latest style and artistic trimming.

During the storm Wednesday night George Cruikshank walked down to Kinney's dock to see how the ships in the stream were weathering the gale, when he was caught by a sudden squall and fell for his person in grasping hold of a plunger as he fell by would have been blown into the river.

Conductor Walker, of the Seaside train, said yesterday that the storm on Clatsop plains was the heaviest one known in many years. Houses and barns were demolished, orchards laid low, and hundreds of trees were broken down in the forests. At Gearhart Park a large tree fell across the track, and the train lands had to work an hour to clear it away.

The American bark Coloma, for years sailing between Portland and the Orient, has been sold to C. A. Hooper, of San Francisco. The transfer was made by S. M. Moore, president, and James McNeil for his secretary, of the Coloma Company, the Coloma was built in Warren, R. I. in 1828, and is 54 tons register. She will probably be used by her new owners in carrying lumber.

P. A. Stokes' show window was broken by the storm early yesterday morning and dozens of hats were whirled about the street and driven towards the water front. Men and boys started to run after them and tried to save the property from destruction. Just then Mr. Stokes came down the street to open the store for business and thought it was very funny to see so many people chasing after their hats. When he learned, however, that they were racing after his stock of hats the laugh was all off, and he took a hand himself.

Owing to the severe storm that has prevailed for the preceding forty-eight hours there was no movement in ship-

Longshoremen say that they do not think it is a fair deal for the fishermen who struck last year for 5 cents per pound for salmon to get in now and do longshoremen's work at Astoria and Finlay for less than the union wages of 30 cents and \$1 per hour.

ping circles yesterday. The tug Relief went down to the lower harbor twice yesterday and although the storm had abated, the sea outside was so rough that she did not venture out. The steamers running between here and Portland were the only river craft that were on their regular route. The mosquito fleet were all safely moored at the docks, but their respective routes will probably be resumed as usual today. No word has yet been received from the State of California, due here Wednesday morning, but seafaring men along the water front believe that no accident has happened as Captain Greene is a skillful seaman and has successfully weathered the gale. It is the opinion of water front men that she anchored at the lights yesterday evening and will likely arrive in this morning.

There was a meeting last night of the Astoria Progressive Commercial Association with a large and enthusiastic attendance. The various committees, appointed last week, reported on organization, and one or two of them reported having already started in an active work. The committee on commerce reported that they have opened up correspondence with several San Francisco-Alaska transportation lines with the object of having them make Astoria a port of call. This committee also reported favorably on the Astoria and Copper River Transportation Company, and unanimous sentiment prevailed that the association should lend every effort to encourage the parties backing it. The matter of range lights was taken up and referred to the committee on navigation with instructions to report at the earliest possible moment. It was suggested that the Exposition hall be rearranged for the holidays and transportation companies be asked to make reduced rates from the adjacent towns for the occasion. The matter was finally laid before the board of directors and will be taken up at an early date. A large batch of miscellaneous business was disposed of before the meeting adjourned.

There is a movement on foot to revive the spirit of old-line democracy in Astoria. A disposition of harmony and reconciliation is being cultivated which, if it takes the shape intended by those actively promoting it, will result in the selection of a ticket in opposition to that nominated at next Saturday's republican convention, composed of clean, reputable business men, of undoubted standing, and thoroughly identified with the best interests of Astoria. It is claimed that support has been offered such a ticket from sources wholly unexpected and unlooked for. It is not deemed to marquer the new movement under the guise of a "citizens' or independent effort, but it is an open and above-board effort on the part of respectable democrats to assert their rights as a party organization, and as taxpaying citizens to a voice in municipal affairs. It is believed that the city would be benefited by a change of that kind, and that the intolerance so openly manifested by the various factions of the republican party for each other makes such a movement particularly opportune and welcome to a large element of independent voters at this time. Among the names prominently mentioned for the head of the ticket are those of Judge Page, Senator J. H. Smith, Dr. Walker, Col. Hughes, C. J. Trench, and J. E. Higgins, of the Astoria National Bank. The purpose is to further continue the organization, if successful in the city election, to the county campaign, next spring, when a full county ticket will be nominated and a vigorous appeal made for support, on purely local issues.

CATARRH OF THE STOMACH. A Pleasant, Simple, but Safe and Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing; headaches, feeble appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue, and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. This is secured by a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison the safest and best treatment is to use after each meal a tablet, composed of diastase, aspartic peptin, a little aux, Golden Seal and fruit salts. These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a potent medicine can be used with perfect safety and assurance that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. N. J. Booker, of 2718 Dearborn street, Chicago, Ill., writes: "Catarrh is a bad condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years that I should eat without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found food, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest preparation as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing Stuart Co., Marshall, Mich. The tablets can be found at all drug stores.

The scow Columbia, which was lying about the Devlin cannery, disappeared Wednesday night with the owner aboard and has not been heard of since. It is thought he was able to make some shelter, as the scow was a staunch one.

HYPNOTISM. Prof. McEwen, the great mind reader and hypnotist, will commence a week's engagement at Fisher's opera house, next Monday evening. This celebrated gentleman must be seen in all his great feats. He is performing this week in Portland to crowded houses each night, and no doubt Fisher's will be crowded next week to the doors. The prices of admission have been placed at 25 and 50 cents for reserved seats, and 25 cents for gallery. Seats on sale Saturday morning at Griffin & Reed's.

The Chicago record's book for gold seekers is now ready. A reader of this book will know more of Alaska and the wonderful Klondike district than he could learn by months of personal observation and research on the ground. In comparison with other works on the subject it is the "Webster's Dictionary of Alaska,"—a perfect and peerless volume, at once the model and despair of rival publishers. It tells of the richest and most extensive gold fields the world has ever known—How they were discovered—Fields yet unexplored—Ten years' work already in sight—Where is the mother lode?—The fortunes already made—The millions to be taken out next year—How to get there—R. R. fare and other expenses from all points—Medical hints—Climate—Official maps—Government reports—All land and water routes—Protected railroads—Mining laws—Customs. In brief, all that is known of this wonderful land of fabulous wealth. It is the only authentic, practical book, official and endorsed. About 600 pages. Handsomely bound in art canvas, price, \$1.50. Agents are wanted to handle this valuable work. It is a chance of a life time. Experience is not necessary, as full instructions are sent and the whole people are clamoring for the book. Reports from agents just started show wonderful success. Sales run as high as 20 books an hour. Big commissions and valuable premiums are allowed. Credit is given and freight paid. It is an opportunity to gain a competence in a short time. The book is not sold through book stores or newspapers. Complete canvassing outfit will be mailed for 20 cents stamps. To places where we have no agent a full copy of the book will be sent to customers, prepaid, on receipt of price. Address, exactly, Monroe Book Company, department K, 219, Chicago.
