JOHN SHERMAN ON THE WAR

(Continued from first page.)

night. All classes took part and order reigned. A printed leaf was circulated calling upon the Spanish to shut the doors of their establishments and to show their patriotism by taking part in the demonstration. A procession started from the Spanish casino and went through several streets to General Molina's house. Its only purpose was to make a down right protest against the United States. Insurgents have attacked laborers on the Santa Rica sugar plantation in Madruga. They made prisoners of two of the workmen whom they afterward set free after the captives had been wounded. Another band shot men down in Las Villas and took away potatoes and other articles of food from the cultivated zone. They also took two teams of oxen, stripped two workmen and made one a prisoner. The insurgents also attacked Beeratown, being driven away by the forts. About 200 Cubans are encamped at Acea.

ROOSEVELT'S SUCCESSOR.

New York, April 20.—Rear Admiral John G. Walker, retired, may be the successor of Theodore Roosevelt as assistant secretary of the navy, says the Washington correspondent of the Herald. Rear Admiral Walker has been a member of the strategic board and is in touch with the plans of attack and defense prepared both by the war and naval departments. His experience in command of two naval squadrons, his handling of delicate diplomatic questions in the past and his general and varied knowledge of naval requirements peculiarly fit him, his friends declare, for appointment as Mr. Roosevelt's successor. Continuing the Herald's correspondent says:

There is a reason to believe a fourth squadron for the protection of cities on the gulf coasts may be formed. This force probably will act as the southern patrol squadron and like the northern patrol squadron, of which Commodore J. A. Howell has been placed in command, in case it is determined to form a gulf patrol its headquarters probably will be at New Orleans, where fears are entertained for the safety of the levees. These levees could be destroyed without much difficulty by an enemy, provided he could reach them and the department does not intend to allow him to get in a position to do damage by this means. The cruiser Newark, which will be ready for service within the next three weeks, and will be as formerly the flagship of the south Atlantic station, is the most available vessel for assignment to the southern patrol squadron as its flagship. The Newark and San Francisco are sister ships and therefore formidable.

Secretary Long and Captain Crowninshield, chief of the bureau of navigation, have not yet determined upon the assignment of the command, but Captain Barber, now a member of the naval strategic board, is most prominently mentioned in connection with the assignment.

FRISCO EMBEZZLER

City and County Treasurer Wedber Steals $100,000 of Municipal Funds.

San Francisco, April 20.—Augustus C. Wedber, treasurer of the city and county of San Francisco, is believed to have embezzled $100,000 of the municipal funds.

The suspicion of other civic officials that something was amiss in the treasury department was aroused last night and today Mayor Phelan and Auditor Broderick began an investigation which resulted in some startling discoveries. The sealed bags of gold in the city treasurer's vault had been surreptitiously opened. Care had been taken not to break the seals, but the strings had been deftly cut, the gold abstracted, and silver inserted to leave the weight of the bags unchanged. Then the coin sacks had been fastened and the severed ends of the string concealed in the natural folds of the canvas bags. He was arrested this evening at his ranch near Walnut Creek in Contra Costa county, 30 miles from San Francisco. The municipality will not be loser by the defalcation, being protected by a $250,000 bond.

MARTIAL LAW AT SHEEP CAMP

Colonel Anderson Considers It Necessary in the Interest of Law and Order.

Skagway, Alaska, April 18, via Seattle, April 20.—Advices were received here today that martial law has been declared at Sheep Camp. The condition of affairs there since the fearful avalanche has been such as to impress Colonel T. M. Anderson, in command of the Lynn canal district, with the necessity of a more stringent means of preserving the peace and protecting property. Accordingly he issued a proclamation April 14 establishing martial law and sent a detachment of 20 men from Dyea to put the order into execution.

STICKEEN RIVER NEWS

Del Norte Brings News of a Double Murder and Other Fatalities.

Seattle, April 20.—The steamer Del Norte which arrived today from Fort Wrangel, Alaska, brings meager particulars of a double murder on the Stickeen river. The names of the murdered men were Burns and Hendrickson, of Chilliwack, B. C. They were killed by a Swede named Clow, who has not yet been apprehended.

Other fatalities reported are the killing of a man by the name of Collins, of Los Angeles, California, by a falling tree, and the drowning of a man named Black, of Iowa, in the Big Canyon.

CALL FOR VOLUNTEERS

Springfield, Ill., April 20.—General Joseph Vance of this city issued a call for a regiment of volunteers in case of war with Spain to be placed at the disposal of the state authorities. General Vance attended West Point, was an officer in the union army and was adjutant general of Illinois.

ANOTHER WAR VESSEL.

San Francisco, April 20.—The tug Vigilant has been added to the fleet of war vessels. The purchase price of $60,000 was agreed upon and the vessel taken to the naval port at the Union Iron works and the transfer made.

The Knights of the Red Branch rifles have volunteered in the event of war with Spain.

REMARKABLE RESCUE.

Mrs. Michael Curtain, Plainsfield, Ill., makes the statement, that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefitted from the first dose. She continued its use and after taking six bottles found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this Great Discovery at Estes-Conn Drug Co. Large bottles 50 cents and $1.

The woman whose hat is adorned simply with flowers and tulle walks along with the proud consciousness that the blood of no feathered innocents is on her head.

"A word to the wise is sufficient" and a word from the wise should be sufficient, but you ask, who are the wise? Those who know. The oft repeated experience of trustworthy persons may be taken for knowledge. Mr. W. M. Terry says Chamberlain's Cough Remedy gives better satisfaction than other in the market. He has been in the drug business at Elkton, Ky., for twelve years; has sold hundreds of bottles of this remedy and nearly all other cough medicines manufactured, which shows conclusively that Chamberlain's is the most satisfactory to the people, and is the best. For sale by Charles Rogers, druggist.

That the blood should perform its vital functions, it is absolutely necessary it should not only be pure but rich in life-giving elements. These results are best effected by the use of that well-known standard blood purifier, Ayer's Sarsaparilla.

If we were asked to define repartee most of us would say that it was the brilliant thing we thought of saying when the occasion for saying it had slipped away from us.

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worchester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. Strout, Popomoke City, Md. For sale by Charles Rogers, druggist.
