All communications intended for publication should be directed to the editor. Business communications of all kinds and remittances must be addressed to "The Astorian."

The Astorian guarantees to its advertisers the largest circulation of any newspaper published on the Columbia river.

Advertising rates can be had on application to the business manager.

The Weekly Astorian, the second oldest weekly in the state of Oregon, has, next to the Portland Oregonian, the largest weekly circulation in the state.

As far as the demonstration has proceeded modern navies are quite as formidable as has been supposed.

It is the unexpected that happens. The tap of Honolulu was expected at the door, but it seems to be Manila that is knocking.

War expenses will be heavy, but the money will be spent at home. Much of it should have been used long ago to put the country in a proper state of military preparation.

Whether the Spaniards have tricked us in misrepresenting the location of their so-called Cape Verd fleet, they will find Admiral Sampson, Schley and "Bob" Evans ready for them when they meet with them.

There need be little fear for the safety of the Oregon. According to the pace set by the Spanish war ships thus far would be a match for any four of them, and the Marietta could probably take care of a couple of Spaniards herself.

A Spanish torpedo boat is dogging the Oregon and the Cape Verde fleet may be lying in wait ahead. The Washington strategists now have a chance to show their fine work. They have guided the movements of the battle-ship throughout her long run.

ASTORIA'S GREAT DAY.

As the great day in the history of Astoria rapidly approaches, few seem to realize its importance. The long looked for key to unlock the door of prosperity is about ready to be turned. What is on the other side of the door? Is it prosperity, or not? There will be a great excursion on the new railroad and friendly greetings with Portland—what then? Are the weapons of trade, factories and warehouses necessary to make commerce for the port and traffic for the new road furnished and ready for use? Four things will make Astoria grow, bring people here and establish prosperity. Shipping, the building of factories, the making of good roads, and development of our agricultural resources, and the development of our lumber. Some work is now being done on agricultural lines, but in other directions few steps seem to be contemplated. There is work to be done—work day and night—for every man, woman and child in the community.

THE PHILIPPINES.

There is no doubt in the minds of American citizens what should be done with the Philippine Islands, now that we have them. Keep them. We cannot give them away, or sell them to another power without raising protests from the others, and to return them to Spain would be preposterous. We need a base of supplies in Asiatic waters, and will soon have a chain of coaling stations around the globe. The Philippines will in time return riches enough to pay in part for the loss of the Maine and her 296 brave men—Spain cannot. The best international lawyers of England urge that in the interests of humanity and commerce we should retain permanent possession of the islands, now that we have them through fair conquest. Spain held undisputed possession for many years, by war she lost them. Our title is clear, and there are none to dispute our rights. It were foolish to think of anything else, and the expense of keeping possession under a fair government of the islands would be more than offset by the riches received from them. By all means keep what we have, and add Cuba, Porto Rico and the Canaries.

OUR FARMERS' OPPORTUNITY.

The close of the present year is expected by farmers to be the most prosperous one in the history of the Northwest. The demand for various kinds of farm products has been so poor for many years past that no inducements were held out for the Oregon farmer to raise crops or fruits of any kind. Clatsop county farmers, as well as those in other parts of

the Northwest, keenly felt the depression and many were forced to take up other lines of business. Were the resources of Clatsop county entirely dependent on that of farming its business interests would have reached a high point, but the depression which had been so general and of which Astoria knows comparatively nothing would have resulted more disastrously than it did, as was the case in other farming communities. The almost total failure of the fruit crop in California this year will cause a big demand from this state for that kind of farm produce. The fruits with which California yearly supplies the eastern market, Oregon and Washington will be called upon to supply, but the crop raised here barely supplies home consumption, with the exception of prunes. High prices for fruit may, therefore, be looked for in the fall, and the Clatsop county farmer who makes a specialty of this line of farming may look forward to a prosperous season.

REMEMBRANCE.

One night you touched the harp beside the stair. The harp that, long undugged and unplayed, Had silent dreamed of hours when it was young. And those who loved it blithe and frail and fair, Beneath your careless hand a faint, sweet air. Leaped back to life, and told with tender tongue Of loves forgot, and soft, the strings among. The dying music lingered like a prayer. How long the harp had waited for your hand, So long my heart lay silent till you came. How strangely sweet the strain you made to rise From each! And yet you cannot understand That now can neither ever be the same. Ah, love, ah, love, how slow the music dies!—Gay Wilmore Carrol, in Harper's Magazine.

DIES IN AIE.

Where is the heritage that once was Spain's— Half the proud world with endless riches piled? Ah, hark! nothing now remains Save one sad island—no anthipathy child.

Cuba, last daughter of the Western sea, Distant victim of the she-wolf's ruthless spite, Whose pitiless means rise on each passing breeze, While drop by drop her life-blood damps the soil.

Four hundred years! God's vengeance tarrieth late, And yet, at last, the day of wrath hath come; Columbia, bare thy steel! The nations wait To see thee drive the keen-edged weapon home!—Indianapolis News.

TRANSATLANTIC NEWS.

Reuter's Telegrams, the Direct, and Micky's Cables supply the reading and commercial public on this side of the Atlantic with faithful news. They almost invariably coincide in accuracy and speed of arrival, and the "special" cablesgrams in the papers differ little from those sent out by the Associated Press. Ocean communications with the other side has also received immense impetus through the improvement of steam vessels, and the increase of their size and motive power. Passengers across the Atlantic are, in spite of occasional accommodations and the lessened vibration by improvement in the hull of steam vessels, always liable to sea sickness. The nausea, which this complaint produces is invariably curable with Howler's Stomach Filters, which quiet and invigorate the stomach, and relieve biliousness and an irregular state of the bowels. Malaria and the disorders caused by change of climate, exposure to inclement weather and unusual diet are also remedied by this useful companion of the traveler and tourist.

They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25 cents per box. Sold by Estes-Cann Drug Co.

Consumption

Will SCOTT'S EMULSION cure consumption? Yes and no. Will it cure every case? No. What cases will it cure then? Those in their earlier stages, especially in young people. We make no exaggerated claims, but we have positive evidence that the early use of

Scott's Emulsion

of Cod-liver oil with Hypophosphites of Lime and Soda in these cases results in a positive cure to a large number. In advanced cases, however, where a cure is impossible, this well-known remedy should be relied upon to prolong life surprisingly.
