If Spain were allowed to get her clutches again upon any colony that has revolted from her and been helped out by the United States, the vengeance she would take upon the "rebels" in such lands may easily be imagined.

There is nothing novel in this. It has been the general experience. Self-assertion is a first essential in sound newspaper work; self-assertion is always untrustworthy.

The unexpected continues to happen this year with a remarkable persistency, especially in matters financial. Our big export trade made the heaviest importation of gold known in years the most natural thing in the world.

The most gratifying features of our foreign trade last year, says the Chicago Times-Herald, were the decrease in the importation of manufactured articles and food products and the increase in the exportation of the same.

Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me."

WAR CORRESPONDENTS IN CUBA.

There are two kinds of war correspondents, those who go to the front to report what occurs and those who go to exploit themselves and get their names in the papers. The former have been doing splendid service in the West Indies; the latter have been making themselves ridiculous, and frequently obnoxious.

The conditions of a good news service are similar to those of effective warfare. The first requirement is organization, and with that the entire absorption of the individual in the work to be performed.

Do not measure your future self by your past one. Aim to secure a better result. Sick headache absolutely and permanently cured by using Moki Tea. A pleasant herb drink. Cures constipation and indigestion, makes you eat, sleep, work and happy. Satisfaction guaranteed or your money back.

There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through your body, your life is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give you prompt and sure relief.

present war, have been surprisingly prompt and complete and wonderfully accurate. Necessarily there have been times when rumors were afloat in various localities that it was proper to report as such, but in the actual record of events we recall no regular press dispatch of any importance, relating to either the naval or military movements, that required contradiction or material amendment.

On the other hand we can recall no single item of important news that has been reported by any of the special correspondents in advance of the general reports, but very many sensational statements that turned out to be mere "fakes."

There is nothing novel in this. It has been the general experience. Self-assertion is a first essential in sound newspaper work; self-assertion is always untrustworthy. Of course the men who have disgraced themselves in Cuba are the representatives of papers whose whole method is itself disgraceful.

The country cook's idea of epicurean perfection is to cook meat until you are in doubt whether it is an old shoe or a single that is set before you.

PLAYED OUT.

Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidences of impure blood.

The surest criterion of a woman's happiness is her own belief in it. Mr. John Mathias, a well known stock dealer of Pulaski, Ky., says: "After suffering for over a week with flux, and my physician having failed to relieve me, I was advised to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have the pleasure of stating that the half of one bottle cured me."

CASTORIA.

Blue morocco belts with purses to match are much favored by the summer girl.

The Rev. W. B. Cowley, of Stockbridge, Ga., while attending to his pastoral duties at Ellenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once."

Be very sure that if you wear a heavy frock when you start away from home in the morning it will clear off blazing hot by noon. THE SURE LA GRIPPE CURE. There is no use suffering from this dreadful malady, if you will only get the right remedy.

We could have no better illustration of the superiority of a regular army to guerrillas than in the news service organized by the association of the leading newspapers of the country known as the Associated Press. The reports from all parts of the field, since the beginning of the

A NARROW ESCAPE.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D.: "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Estes-Conn Drug Co. Regular size 50 cents and \$1. Guaranteed or price refunded.
