countered and the stars and stripes are where with enthusiasm.

Wilson's headquarters yesterday when appointed by the United States was sworm the island was occupied by her troops, and to "renounce all fidelity to every forthe queen regent and the king of Spain." The oath was administered by Colones Clous, the judge advocate of General

This is the first time in the history the United States that the judges of a try, have gworn to aupport the constitution of the United States.

This was all that was demanded from the Porto Ricans.

PAGO HARBOR TO BE UTILIZED. Great Naval and Commercial Policy the Pacific Inaugurated.

Chicago, August 5 -- A special to the Record from Washington says: "The president has decided to make practical use of American rights at l'ago harbor. Hamo, and the establishment of a fully equipped naval coaling station there

will be undertaken at once. With this view CIVII Engineer Frank P. Chambers, now on duty at the New York navy yard, has been ordered to Washington for consultation with the authorities prior to departing next week with official instructions and full power to carry out he important project.

Pago Pago is the only harbor of any value in the Samoan group and the one considered by naval officers of scarcely ocean than Pearl harbor, Hawaii. The city surrenders. decision to utilize the concession secured by Admiral Monde, twenty-five years ago, ership of the harbor, indicates sufficiently the administration's appreciation of the vastly extended sphere of Ameriin Asiatic waters.

"Few details have been disclosed re garding the maintaining of a naval es tablishment at Samoa. It is known, howestimate for the benefit of congress f a first-class naval base at Pago Pago. construction of a wharf with an outfit of ful commanders. automatic coaling machinery, similar to Dry Tortugas,

sum of three times that amount which as placed at the disposal of the execu to more than fifteen years ago. Our o manders visiting the harbor was enthuprovement and maintenance by the Unit-

"The great advantage to be gained by the possession of this station are evident scean. It is situated exactly 4.160 miles from San Francisco and 4,612 miles from cian prince or potentate, and particularly Pago Pago is 2.28 miles from Honolulu, the latter American port being just about the same distance from San Francisco, that one or more of the American foreign and hostile, but conquered coun- gunboats now on duty in Cuban waters will start for Samoa as soon as the blockade is raised, going by way of Cape Horn, and will display the American flag there until released by other vessels. These gunboats were built specially for duty in the Pacific, but were -detained on the sistern const of the United States when the war began, One of them, the Helena, accompanied the Oregon on her famous cruise from California to Cuba and will

be the first to reach samoa AGUINALDO COMING TO TERMS.

He Proposes Certain Arrangements to Merritt, Which Are Acceptable. New York, August 5 .- A dispatch to the World from Manila Bay by way of Hong

Kong, says: Aguinaldo is becoming more friendly to the Americans. He has made two propositions to General Merritt, which may solve the insurgent problem in a manner highly advantageous to the United States.

In the first place, he asks the comman der-in-chief of the American land forces to permit the native troops to march less stragetic importance in the Pacific | through the streets of Manila when the General Merritt appears inclined to consent to this. It would gratify the vanity will seem to them a triumphant march as

giving the United States permanent own- of the natives to let them indulge in what victors through the capital of the enemy they have been successfully combating can interest in the Pacific. It is the in- and besteging since the wiping out of auguration of a great naval and commer- Montejo's fleet. At the same time the cial policy in that direction, due in great | native troops, being thus arrayed in line measure to the responsibilities incurred and under direct orders, may be more easily controlled and prevented from ex-

proposition, a possible key to the whole ever, that Civil Engineer Chambers will situation on the island. The native troops would, of course, be constantly the appropriations essential to the making under the eyes and direct orders of our men. It is believed that they would be obedient and easily controlled under tact-

The American troops now occupy the the modern plant now being installed at trenches in front of Malate, a suburb of Manila, which was constructed by Agui-This preliminary work is rendered pos- naldo. The rebels withdrew to let our men take their places close to the Spanish

The Astor battery, supported by a battalion of the Third infantry, is now in Merritt's staff, have gone to Mantia to saleds, of the archdiocese of the Philipof resistance to the American troops.
