SICK OR WELL, A RUSH NIGHT AND DAY

THE PACKERS AT THE BATTLE OF SANTIAGO DE CUBA WERE ALL HEROES. THEIR HEROIC EFFORTS IN GETTING AMMUNITION AND RATIONS TO THE FRONT SAVED

THE DAY.

P. E. Butler, of pack-train No. 3, writ-by from Santiago de Cuba on July 23, held in the Northwest. ng from Santiago de Cuba on July 23, "We all had diarrhoen in more less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammuniion and rations, but thanks to Chamberlain's Colic Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this dicine was the indirect savior of our rmy, for if the packers had been unable o work there would have been no way of getting supplies to the front. There were no roads that a wagon train could

use. My comrade and myself had the Marvelously Rich Specimens from our good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it abso lutely saved life," The above letter was written to the
