

**SYRUP OF FIGS**  
  
**THE EXCELLENCE OF SYRUP OF FIGS**  
 is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not grip or nauseate. In order to get its beneficial effects, please remember the name of the Company—

Squads of Chinamen are daily arriving in Astoria from outside points, where the fall fishing seasons have closed. After the steamer arrives a number of them may be seen straggling out on Bond street on their way to the Chinese quarter. They always wear the same kind of clothing—blue, as well as other articles necessary to the comfort of the average Chinaman. A few of them are said to be from the canneries along the river. They will winter here until the spring season opens.

Divine services on Thanksgiving day (Thursday), at Grace church, at 10:30 a. m. Offerings both in kind and in money will be sent as usual to the Good Samaritan hospital, Portland, a Christian institution for the sick of every clime, and which last year actually gave relief to free patients 735 days, which, at a fair estimate, amounted to \$335. If ever there was a year when our fellow citizens should observe this day and the recommendation of both the president of the United States and also the governor of this state, it is this year. Let us give thanks, this year surely is such a year. All citizens of this community are welcome on this, as every day, at Grace Church.

The overdue British ship Samoa, Captain Boyce, 62 days from Nagasaki, in ballast, arrived in yesterday. Much apprehension had been felt for the safety of the Samoa and 40 per cent reinsurance had been taken on her. Captain Boyce had a stormy passage and heavy gales were of frequent occurrence, and

unlike most foreign vessels arriving in port this season, scarcely a day of calm weather was met with by this ship on the trip. After passing the 160th meridian the equatorial gales were encountered, the wind blowing from northeast to southeast. Soon after the Samoa ran into two typhoons, one of which was severe and the vessel received a tremendous shaking up, being compelled to run under bare poles for 15 hours. On the 24th of October, in 38 east, heavy northwest gales were encountered and soon continually washed over the vessel. On the 26th of October a double gale of wind and rain, in ballast, was sighted, but not spoken. Heavy weather was met with approaching the Pacific coast and up to the time the Samoa arrived off the river yesterday morning. No damage was sustained by the vessel from the terrific gales encountered on the passage. Captain Boyce brings no message of the missing ships Laurobank and Valkyria. It is not known at present whether or not the Samoa is chartered and she will remain in the harbor until word is received from her owners.

The trial of Lang Lee, arrested for using without registration papers and being illegally in the United States, was held before United States Commissioner Thomson yesterday, the government being represented by Deputy United States Attorney Marx, and the defendant by Charles J. Schabel, of Portland. Testimony was adduced by the defendant showing that he came to this country, in company with his father and mother, in 1872. In 1882 he complied with the forms required by law for his continuous residence in this country, as was shown by a certified copy of the records of the United States court for the territory of Arizona, introduced by Mr. Schabel. A number of witnesses, all prominent citizens of Astoria, testified as to their previous acquaintance with the defendant, and gave him an excellent character. Before Mr. Thomson exhausted his list of witnesses, Commissioner Thomson interrupted the hearing by saying no further evidence was necessary and ordered the discharge of the prisoner. This was one of two deportation cases, the other being that of Lou Sang, now in jail under order of deportation, worked up by Special Agent Jossey, while enjoying his last summer's vacation at Seaside. In the case of the Chinaman still in jail it is understood that a certified copy of his certificate, the original having been destroyed by fire, is on its way from San Francisco, and Commissioner Thomson has announced that he will revoke the order of exclusion on the arrival of the certified copy. It is worth noting from the facts in both these cases that there was never any foundation for the apprehension of the Chinamen, except in the imagination of the special agent. It is to be noted that many a poor Chinaman is unjustly dealt with, at a very great expense to the government by the overzealous or possible dishonesty of the government's special agents. There is much satisfaction expressed in Astoria at the termination of the case yesterday before Mr. Thomson, and Mr. Schabel is the recipient of many congratulations for the able and vigorous defense he made in behalf of the Chinaman.

A COMMON SUPERSTITION.  
 Many people believe that the breaking of a looking glass is a certain sign of death. The newspapers report that a mother recently became insane after dropping a mirror because she feared that some of her loved ones would soon die. There are other signs much more dangerous than this. The most common is a disordered stomach, which causes nervousness, dyspepsia, indigestion, and constipation. These symptoms tell the sufferer that his days will be shortened unless he sets things right in his digestive organs. For this purpose there is nothing so certain to cure as Hostetter's Stomach Bitters. It regulates the bowels, soothes the nerves and whets up the appetite. It is the standard remedy. There is no substitute for it.

**BOWLING CONTEST.**  
 The bowling match between teams from the Irving club and the A. F. C., which takes place next Saturday evening, is attracting much interest among the bowlers of both clubs, and speculation is rife as to the outcome. The A. F. C. men realize that they have a hard game to go against, especially as the Irving club team will be on its own alleys, and will be well satisfied if they break even on games. The teams will probably be composed of the following: Irving Club: Football Club, J. A. Fulton, P. R. Sover, W. T. Chutter, C. H. Gosper, C. H. Hargrove, C. H. George, C. T. Higgins, C. E. Bain, W. C. Laws, W. C. Logan, H. H. W. W. W. These aggregations will easily bowl a 40 average under ordinary conditions, and unless all the men fall hard, which is most unlikely, there will probably be some good scoring. The games will commence at 8.

**AN IMPORTANT DIFFERENCE.**  
 To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that the system simply needs cleaning, is to bring comfort home to their hearts, as a positive condition is easily cured by using Syrup of Figs. **THE SIMPLEST CURE FOR INDIGESTION.**  
 As Well as the Safest and Cheapest.  
 The new medical discovery, Stuart's Dyspepsia Tablets, digest the food instead of making the worn out stomach do all the work. Gives it a much needed rest, and a cure of dyspepsia is the natural result.  
 You get nourishment and rest at the same time because these Tablets will thoroughly digest all wholesome food taken into the stomach, whether the stomach works or not. A cure is certain to result, because the digestive organs are given a chance to rest and recover their natural vigor and tone. The Tablets are then no longer required.  
 To show the manner in which the remedy acts on different people and how quickly and effectually it cures stomach troubles we present a few recent cases.  
 Mr. J. O. Wendly, of Peoria, Ill., writes: "I was unable to eat anything but the plainest food, and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want."  
 Mrs. Samuel Koppie, of Dirty, Pa., writes: "I have been entirely relieved of my stomach troubles by your tablets. I suffered three years with sour stomach and gas at night. I am thankful for them."  
 Mrs. A. E. Bowen, Barnard, Vt., writes: "I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as badly as I was. I have used Stuart's Dyspepsia Tablets but do not despair because they cure Dyspepsia surely and lastingly by causing the food to be properly assimilated, and cure constipation by producing the proper quantity of bile. Send for free book on stomach diseases to Stuart Co., Marshall, Mich."

The prevailing impression among eastern Oregon cattlemen is that winter beef cattle will be scarce and high.

**United States Senator Tabor Says That It Should Now Be Used.**

Recent events showed that a camp is more dangerous than a battle. Not only in the army, but in ordinary life, more lives are lost by heedless disregard of the beginnings of poor health than by all other causes combined.

Dyspepsia or nervousness is absolutely incurable now. There is no more reason for a man or woman eating with poor appetite or sleeping poorly or suffering continually from neuralgia or rheumatism today than there is of his or her going without the necessities of life.

Every sensible person who has dragged nerve and brain exhaustion, needs to take to heart the words of such unbiased persons as Senator Tabor, who cannot afford to attach their guarantee to anything they have not themselves investigated.

DENVER, Col., Sept. 20, 1908.  
 Messrs. Wells, Richardson & C., Burlington, N. V.: I most cordially recommend your Paine's celery compound.  
 It is the one remedy which should be widely used. I have used it, and I therefore know whereof I speak. Very truly yours,  
 N. A. W. TABOR,  
 Formerly U. S. Senator.

Do you suffer from insomnia? Are you one of those much-to-be-pities individuals who wrestle with the pillow through the long hours of the night and rise in the morning with haggard features and hollow eyes? If so, take advantage of the remarkable power of this greatest of all remedies for restoring strength.

Paine's celery compound calms and equalizes all the nervous tissues and induces the body to take on solid flesh.

Nervous debility causes timidity, depression, and lack of confidence in the struggle of life, whereas plenty of nervous force insures self-reliance, enterprise and prosperity. In untold numbers of cases the lack of success can easily be traced to simple lack of nerve force.

There is no better foundation for permanent good health, or a better preparation for coping with the hard work and taxing strain on life than rich, red, pure blood and plenty of it, acquired by use of Paine's celery compound.

Physicians recognize Paine's celery compound as the one scientific remedy for restoring health and strength to the worn-out system.
