HOUSE TOOK UP POSTAL BILL

Appropriation of \$171,000 for the Fast Southern Mail Service Knocked Out.

CANAL BILL IN THE SENATE

Morgan's Amendment Provides That Not More Than Twenty Millions a Year Shall Be Paid Out.

WASHINGTON, Jan. 19.—The house today practically decided the Brown-Swanson contested election case from the Fifth Virginia district in favor of the sitting member, Hanson, a democrat, by declining to consider the case. Twenty-four republicans joined with the democrats and populists on this vote. The postoffice appropriation bill was taken up. The greatest surprise of the day was the adoption of two amendments striking out of the bill the appropriation of \$171,000 for the fast southern mail and \$25,000 for special mail facilities from Kansas City to Newton, Kas. The appropriation for the southern mail has been given annually for six or seven years, but has always been retained. The increase in the appropriation for the postoffice service from \$22,000 to \$30,000 was knocked out by the elimination of the provision, which fell under a point of order, for the repeal of the law against the extension of this service. The house adjourned with a motion to recommit it pending. The motion carried instructions in strike out the words "newly acquired territory" in connection with the appropriation of \$20,000 for mail facilities in Porto Rico, Cuba and Philippines.

THE DAY IN THE SENATE

WASHINGTON, Jan. 19.—The senate listened today to a discussion of the policy of expansion. Turner, of Washington delivered a carefully prepared speech on the West resolution. The speech was for the most part a constitutional argument, in which Turner took issue with Senator Platt and Senator Foraker on their recent utterances. The Nicaraguan canal bill was under consideration nearly three hours. After much debate the substitute presented by Morgan, of Alabama, for the bond amendment offered by Allison was adopted. It provides that the secretary of the treasury shall not pay out for work on the canal more than \$30,000,000 during any fiscal year. Efforts were made to amend the measure in other particulars, but all failed.

NO RELIEF FOR SUPREME COURT

Fulton Reports Adversely on the Measure to Add Justices to the Bench.

BILL IS UNCONSTITUTIONAL

New Law Governing Administration of Insane Asylum—Clatsop Beach Made a Public Highway.

SALEM, Jan. 18.—A feature of the senate proceedings this morning was the report of Chairman Fulton, of the judiciary committee on the bill to add two judges to the supreme court bench. It consisted of about 300 words, and is regarded as a mastery summing up of constitutional objections, concluding with an adverse recommendation. Two hundred and forty copies were ordered printed, and the bill was made a special order for Monday, at 2 o'clock. Mitchell dissented, but made no minority report. Joseph's bill to reform the administration of the insane asylum was reported from the committee with amendments to make the governor a member of the asylum trustees, and have three instead of five appointive members and dropping the salary of the secretary and preserving \$50 to the governor as at present. The amendments were adopted. The name is to be changed to the Oregon State Hospital for the Insane. Kuykendall unsuccessfully sought to amend by dropping the word insane from the name. Smith introduced an amendment to the mining laws so as to require the assessment of placer claims as well as quartz, and advanced it through the second reading.

FOR A GRAIN COMMISSION

SALEM, Jan. 19.—In the house the feature of today was Whalley's bill to provide a state grain inspector and commission. The bill provides for inspection fees and appropriate \$50 for setting the commission up in business, and provides the salary of the chief inspector at \$2500 per year and expenses; the chief deputies, \$1500, other deputies, \$500 per month, and the other ten members of the commission \$50 per year and necessary expenses. It also provides for a clerk, at a salary of \$1000.
