WEST VIRGINIA CONTEST ENDS

Republican Caucus Nominee, N. B. Scott Elected United States Senator.

DEMOCRATS ARE AFTER HIM

Claim He Did Not Receive a Majority of All the Legislators Elected No Choice in Other States.

CHARLESTON, W. Va. Jun. 25 .- N. B. Scott, the republican cancus nomines, was elected United States senator on the first bullot today. The vote stood: Scott. lows: 48: McGraw (democrat), 46.

Tonight it was given our by J. F. Mc. draw, the democratic caucus nomince, that Scott's election would be contested before the United States schate. During the balloting the democrats filed procets against the votes of Getzendanuer and Pierson, whom they claim to be ineligible because they accepted a commission in the volunteer army while holding office as senators. This they will make he ground of the contest. Another ground will be because Scott received only 68 votes, a majority of the joint ussembly, or of all present, but less than a majority of all the members elected to the legislature. As a precedent they cite the Blackburn-Hunter case in Kentucky, in which the senate refused to let Hunter take his went because he had not received a mujority of all the members of the legislature, though he had received a mejority of those present and voting.

NATHAN BAY SCOTT. CHARLESTON: W. Va., Jan. 25 - Nothan Bay Scott, who was elected United States Senator today, was born in Gurnsey county, Ohio, in 1842. Gradually the fusionists are taking more interest in the contest, and today, after the house passed a memorial praying ongress to ratify the Paris peace treaty o which the fi. sionist leaders protested, the senate was asked by T. J. Miller, fucir nist, to pass a memorial containing the following paragraph:

"Whereas, The present method of electing United States senazors is expensive, unsatisfactory and ruinous to the best interests of the people, as also conducive to unnecessary delays in the passage of usoful legistation and an incentive to United States senators destring to succed themselves to abandon their duties at the capital at Washington, and a further incentive to federal office holders to neglect their posts for the purpose of participuing in the senator at compaten I the state espital while the legislature is in second, with a view to f rinering the interests of one who, by his position as a dispenser of federal patronage, seems to have at his command any or all of the federal officers in the state of Washington to serve him in his efforts to succeed himself, etc.

JOHN SHERMAN'S VIEWS.

NEW YORK, Jan. 28.-The Evening World today prints an interview with John Sherman, in which the latter forcibly expresses himself against expansion. The ex-secretary of state is quoted as saying in part:

"I am decidedly opposed to an invasion of the Philippines. The idea of our country forcing its way loro these islands and forcing its government upon 7,000,000 or 9,000,000 population is monstrous. It is subservient of the basic principle of our government that just powers of government are derived from the consent of the governed, and it is a violation of the traditions of our country."

The fashion of wearing a whole for around the neck is in fashion again. In black, white and gray it is one of the session's fads, and the head, the feet and talls enough for a dozen are all there. This sort of boa in white fox is worn with evening cloaks, and one of the new and very striking combinations is a caracul jacket worn with white fox boa and muff.
