FULTON BROTHERS. Afterneys at Law, ASTORIA Oregon, October 11, 1808.

Pope Manufacturing Company: Gentlemen-I have ridden this year a Columbia Chainless, and believe it to be the very heat bloycle made. To appreciate it is only necessary to ride in then Respectfully yours, yea will be content to ride no other. G. C. FULTON.

O. B. ESTES. Physician and Surgeon. ASTORIA, Oregon, October 15, 1898

Mr. Louis Gordes, Agent for Columbia Biercies, Astoria, Oregon;

My Dear Sir-I take this occasion to taank you for advising me to purchase the Columbia Chainless Bicycle, for my dan-hiers, six months ago. It is or the most perfect mechanism, and gives the most perfect satisfaction of any piece of machinery that I have ever had in my possession. It was used constantly for three months this summer by my three daughters at my summer home on Clatsop Beach, where it was subjected to the sandy roads and beach and to the fogs and apray of the ocean, and there is not a marred spot on ..; nor have I had to have five minutes repairs made on it since it has been in my possession. Again expressing my appreciation, and thanking you for my good fortune

in possessing the wheel, I remain, most respectfully, at your service,

the province of the treasury but the BODY NOT THAT board recommends that eventually they be supported by a special tax levied in each district. The schools are to be divided into kindergartens, elementary municipal and superior primary schools. Highs schools, says the board, should not established until the primary schools

are in good working orner. "A single university," declares the board, "should suffice for the entire island and the duty of providing and main. taining such an institution as well as normal schools, special schools for the deaf, mutes and other schools of correctional institutions should be left to the general government of Cuba."

Local councils with one provisional suncti is suggested as the plan of government, the members of such councils o recive no salaries

Religious instruction of any nature is held by the board to be inadvissable. and for this decision it gives as A reason that "the recent changes in the political status of the island have affected a practical discatablishment of what had previcusly been a state church. In all schools English must be inught.

FOURTEEN TRAINS EACH DAY.

This is what it means, Since March i2th, 1869, the Northern Pacific Railway has run two trains each day flying west ward from its eastern terminals. At the same time-not at exactly the same hours -two trains teave its western terminals for the east. There is thus such day moving over the 2,000 miles of main track between St. Paul, Minneapolis and Dubuth at the sast, and Scattle, Tacoms and Portland on the Pacific coust, four, teen of these trains-in both directions -going at the same time, and this in a ountry where 20 years ago the buffalt were roaming. These trains are known is No. I, the Puget Sound Limited: No. 2, the Oregon Limited going west, and No. 2, the Twin City small; and No. 4.

the Twin City Express, going east, and ontains in the aggregate more than 193 ars of various sorts. Each train has a mail car, a baggage and express car, first and second class coaches, a frecolonist sleeping car, a Pullman tourist Bleeping ear, a diming car and one o more Pullman first class sleeping cars. so that everybody and everybody's pocke book can be accommodated. The dining cars are a part of the solid through trains and no one need therefore go hun.

Train No. 1 leaves St. Paul at 8:55 s manently. Its perfect freedom from every objectionable quality and sub-public education in the province of San.
