# HOME CURE FOR BLOOD POISON.

**Beware of the Doctors' Patchwork; You Can Cure Yourself at Home.**

There is not the slightest doubt that the doctors do more harm than good in treating Contagious Blood Poison; many victims of this loathsome disease would be much better off to-day if they had never allowed themselves to be dosed on mercury and potash, the only remedies which the doctors ever give for blood poison.

The doctors are wholly unable to get rid of this vile poison, and only attempt to heal up the outward appearance of the disease—the sores and eruptions. This they do by driving the poison into the system, and endeavor to keep it shut in with their constant doses of potash and mercury. The mouth and throat and other delicate parts then break out into sores, and the fight is continued indefinitely, the drugs doing the system more damage than the disease itself.

Mr. H. L. Myers, 100 Mulberry St., Newark, N. J., says: "I had spent a hundred dollars with the doctors, when I realized that they could do me no good. I had large spots all over my body, and these soon broke out into running sores, and I endured all the suffering which this vile disease produces. I decided to try S. S. S. as a last resort, and was soon greatly improved. I followed closely your 'Directions for Self-Treatment,' and the large splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I was soon cured perfectly and my skin has been as clear as glass ever since. I cured myself at home, after the doctors had failed completely."

It is valuable time thrown away to expect the doctors to cure Contagious Blood Poison, for the disease is beyond their skill. Swifts Specific—

**S. S. S. FOR THE BLOOD**

—acts in an entirely different way from potash and mercury—it forces the poison out of the system and gets rid of it entirely. Hence it cures the disease, while other remedies only shut the poison in where it lurks forever, constantly undermining the constitution. Our system of private home treatment places a cure within the reach of all. We give all necessary medical advice, free of charge, and save the patient the embarrassment of publicity. ## "A BOOK OF CLATSOP COUNTY."

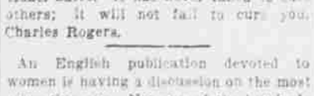
The endorsement of Mr. Dell's proposed "Book of Clatsop County" by the "Push" Club is a move in the right direction. There is nothing we need more at this time than a book of that kind to catch some of the great tide of immigration now flowing into the Columbian basin. A committee of three has agreed to "push" this book. It consists of H. S. Lyman, C. W. Carnahan and H. G Van Dusen. The mission of the committee is to induce subscriptions to the book by impressing the property owners of the county with the importance of the book in bringing immigrants to Clatsop county and developing its rich lands, which the book is expected to show up in valuable detail—its bottom lands, its tide lands, its valley lands and its orchard lands. A very unique feature of the book will be the development of the fact that the five valleys between the John Day backbone and Tillamook Head divide constitute practically but one great valley, some 25 or 30 miles square, with a sea front of 25 miles, and abutting upon the finest seaport of the world. The five valleys are the Walluski, Klaskanine, Young's, Lewis and Clarke and the Necanicum, extended up the Clatsop Plains to Young's bay. These several valleys have each only a low divide between them, every foot of which is black loam and very rich, as high up the slope of the Nehalem divide as 800 feet at least.

There is no other valley in America of such great width fronting on the ocean. There is no other with equal natural wealth, or such a variety of rich soils, or with such a sure and rapid outcome. All of the streams of these union valleys, too, run nearly north and south parallel with the ocean, and thus the valleys are protected from sea winds, Clatsop Plains itself being protected by the high sand ridges along the ocean beach.

The valley between John Day and Knappa slough is shown up in like manner. The Nehalem valley is also shown to be just as rich and some 15 miles wide and 70 miles long. The book shows the vast extent of timber that covers these valleys and how "common point" rates on lumber will soon send the "logger" as the forerunner of the farmer and dairyman to make this glorious region surpass all others in the west. It also shows the vast value and extent of our rich tide lands.

The book will be one of the very greatest value to our people—not only the farmers, but also the merchants and property owners in the city, the towns and the seaside resorts. It is needed very badly just now to put in the hands of the vast crowds of immigrants being brought on cheap fares to the Inland Empire and steered elsewhere because we have no literature to show them what a rich and promising county we have.

Our people should take hold of this matter with a vim and subscribe liberally and promptly so as to insure its early publication while the immigration harvest is on. Astoria hasn't a particle of advertising literature and Mr. Dell's book is the best of its kind, as all who know his skill as a writer will understand. A most valuable feature of the book will be a contour map showing these valleys and tide lands in bold relief. Other cuts and illustrations will make the book of the greatest interest. Mr. Dell has been all over the county carefully gathering the facts in great detail. The "Push" Club's endorsement will go with the book after supervision and approval by Prof H. S. Lyman, its secretary.



"How Do I Look?"

How frequently a woman asks this question! How much thought and study she devotes to it! It is natural. A woman hates to think that she is growing day by day less charming and attractive and youthful to her husband's eyes than in the days of courtship.

A woman may always retain her charms and the vivacity and freshness of youth if she will take the proper care of her health. A tremendous percentage of ill-health in women is due to weakness and disease of the distinctly feminine organism. Dr. Pierce's Favorite Prescription is an unfailing remedy for all disorders of this nature. It allays inflammation, heals ulceration, stops debilitating drains and soothes and tones the nerves. It preserves in a woman all the charm of healthy youth. Thousands of women have testified to its marvelous merits.

"Favorite Prescription" is sold by all respectable dealers in medicines. Deal only where you are honestly treated. Any storekeeper who tries to give you a substitute for what you demand is not treating you honestly and you should take your trade elsewhere.

"For nine years I have suffered with falling of internal organs," writes Mrs. Mary Williams, of Raleigh, Wake Co., N. C. (Box 306). "I was troubled with bearing down pains. I had indigestion and female weakness and nervousness. I could not sleep at night. I was constipated and had urinal trouble. The doctor here said that no medicine would reach my disease. Dr. Pierce's Favorite Prescription, 'Golden Medical Discovery' and 'Pleasant Pellets' have cured me."

An every-day necessity in the home. A good home medical work. Send 21 one-cent stamps, to cover mailing only, to the World's Dispensary Medical Association, Buffalo, N. Y., for a paper-covered copy of Dr. Pierce's Common Sense Medical Adviser. Cloth binding 31 stamps.

There are dozens of suggestions as to the best time for work, but very few as to the best time to play. Evidently that problem needs no solution, as the best time for most people means all the time.
