

THE LONDON SEASON OPENS

Royalty Preparing to Celebrate Queen's Birthday on a Magnificent Scale.

ADMIRAL DEWEY'S ROUTE

Suitable Instructions for His Reception to All Places Flying the British Flag.

Copyrighted 1899 by the Associated Press. LONDON, May 20.—Royalty the week has been the busiest of the year.

The ceremony of laying the foundation stone of the South Kensington museum proved a highly successful pageant.

The Prince of Wales, the Duke and Duchess of Cornwall, Prince and Princess Christian, the Duke and Duchess of York, the Duke and Duchess of Fife, the Duke of Cambridge and the crown prince of Spain, were among those present.

The dancing commenced at 11 o'clock in the magnificent saloon and continued until daybreak.

On Monday the most interesting day of the season of her birthday, next Wednesday morning Queen Victoria was born May 24, 1819.

Her majesty will receive the congratulations of her family and will then be serenaded by the grand quadrangle of the castle by a choir of 20 voices, to which the queen will listen from the room over looking the quadrangle.

At noon the queen's familiar guards will march past the queen on the east lawn and fire a feu de joie. A thanksgiving service in St. George's chapel will follow.

The queen will then drive through Windsor, passing under a magnificent floral arch erected on Castle hill, and in the evening "Lobengrin" will be given by the opera company in the Waterloo chamber.

It is rumored that the queen, in connection with her birthday, will again offer the Marquis of Salisbury a dukedom, which he refused at the time of her majesty's jubilee.

The Prince of Wales has ordered his racing outfit for the week to be red and white as early as possible, but it is not considered likely that she will be ready in time to be in the test races against an old champion Shamrock.

The Britains will remain quarter staged and will compete in the yacht racing during Cowes week.

Sir Charles Howard Vincent, conservative member of parliament for the central division of Bedford, and colonel of the queen's Westminster volunteers, has struck a popular note in inviting a deputation from the Seventh New York regiment to visit England.

He wrote to Colonel Daniel Appleton recently asking him to send a delegation if possible to march with the Westminster volunteers in Hyde park when the Prince of Wales will review all the London volunteers on July 5.

The Westminster are very enthusiastic about the idea, and it is evident they will be greatly disappointed if the New Yorkers are unable to accept the invitation to the review and arrange for a shooting match.

The Westminster volunteer regiment is one of the strongest and finest volunteer corps in Great Britain.

A representative of the Associated Press called upon Sir Charles Howard Vincent, who is the prime mover in the scheme to get the New Yorkers to visit England, and who is intensely enthusiastic over the idea.

The invitation, though nominally from my corps, is from the nation, and although in my letter to Colonel Appleton we limited the invitation to the Seventh New York regiment, we should like America to send a showing from all her regiments.

A great reception awaits her some from either service. We want a tighter hand clasp between the two nations.

The word we write the most frequently is the one that suddenly strikes us as being the most unfamiliar.

The navy league is organizing a great demonstration in honor of Captain Mahan, the naval representative of the United States at The Hague peace conference, as a recognition of his services rendered to naval men.

A committee has been formed, headed by Admiral Lord Charles Beresford and admiral of the fleet, the Earl of Clanwilliam, to arrange the details. A banquet will be given to Captain Mahan, and the committee expects to have the highest and most representative British society to meet him.

It is hoped Captain Mahan will be able to take over here during the break in the proceedings of The Hague.

A representative of the Associated Press had a chat with Lord Charles Beresford with reference to the home coming of Admiral Dewey from Manila.

There is nothing we would like better than to have Admiral Dewey call at an English port on his way home.

Every one of us would show him in true British fashion how much we recognize his brilliant work at Manila.

He is sure, however, to meet with a fitting reception at any of the British naval stations he touches at. But I fear he is not likely to come nearer to British shores than Gibraltar.

Later a representative of the Associated Press made inquiries at the admiralty here and was informed that directly Admiral Dewey's exact route is known, instructions for his suitable reception will be sent to all places flying the British flag.

The members of the American embassy, with the rest of society, are on the wing for the Whitbourne holiday. Joseph H. Choate, the United States ambassador, and Mrs. Choate,

have gone to visit Sir Richard Webster, Q. C., the attorney general, at Winterfield, near Cranleigh, Surrey, Sir Richard's country seat. Mr. Choate will return to London for the annual banquet of the theatrical fund, which is to take place May 25, at which he will propose the toast of "The Drama."

Mr. and Mrs. Choate will visit the Earl of Leven and Melville 26.

Henry White, secretary of the United States embassy, will spend the first part of the week with his wife at Bales, returning to town on Wednesday and proceeding with A. J. Balfour, the government leader in the house of commons, Gerald Balfour, the chief secretary for Ireland, and a party of members of parliament to Littlestone, for the purpose of playing golf.

J. H. Carter, second secretary of the United States embassy, and Mrs. Carter, will spend the holidays at Ovington hall, which Louis Chanter has taken. They intend making some bicycling tours in the famous Robin Hood district.

Tad Sloan has been pigeon shooting at the Balfour Club. It transpires that he helped Riley Grannan, the American turfman, who unwisely plunged on his unsuccessful mount's last week, over the settling stile on Monday, to the tune of \$2000.

Padewski, Patti, and Oteri are the chief attractions of the amusement world this week. The former's concert on Tuesday drew a record audience at St. James hall. The receipts were \$1,600 and the usual scenes of enthusiasm were witnessed.

An immense audience greeted Mme. Patti at Albert Hall Thursday. The concert opened with a wedding march on the organ, which was much applauded.

Oteri, with her wonderful jewels and dress, is packing the Alhambra nightly. The dancing commenced at 11 o'clock in the magnificent saloon and continued until daybreak.

CATARH OF THE STOMACH. A Pleasant, Simple, but Safe and Effective Cure For It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloated feeling after eating, accompanied with sour or watery risings, a formation of gases causing a pressure on the heart and lungs, and difficult breathing; headache, sickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surface of the stomach.

To secure prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harrison the safest and best treatment is to use after each meal a tablet composed of Dactylase, Aspicin, Pepsin, a little Nux. Golden Seal and fruit acids.

These tablets can now be found at all drug stores under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance that healthy appetite will follow their regular use after meals.

Mr. N. J. Hooper, of 2110 Dearborn St., Chicago, Ill., says: "Catarrh is a local condition resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passes backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities pretend to be unable to give any remedy for catarrh of the stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have fresh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safest as well as the simplest and most convenient remedy for any form of indigestion, catarrh of the stomach, biliousness, sour stomach, heartburn and bloating after meals.

Send for little book, mailed free, on stomach troubles, by addressing F. A. Stuart, Co., Marshall, Mich. The tablets can be found at all drug stores.

The word we write the most frequently is the one that suddenly strikes us as being the most unfamiliar.

The works believed that rheumatism was the ailment of a woman within a man. Any one who has had an attack of sciatic or inflammatory rheumatism will agree that the infliction is demonic enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement.

One application relieves the pain, and this quick relief which it affords is almost worth many times its cost. For sale of Charles Rogers.

When a man begins to talk about his conscience it is almost certain that he is suffering from indigestion.

How To Gain Flesh. Persons have been known to gain a pound a day by taking one ounce of SCOTT'S EMULSION. It is strange, but it often happens.

Somehow the ounce produces the pound; it seems to start the digestive machinery going properly, so that the patient is able to digest and absorb his ordinary food, which he could not do before, and that is the way the gain is made.

A certain amount of flesh is necessary for health; if you have not got it you can get it by taking

Scott's Emulsion. You will find it just as useful in summer as in winter, and if you are thriving upon it don't stop because the weather is warm.

SCOTT & BOWNE, Chemists, New York.

TROUBLE HAS CLEARED AWAY

Not One of the Couer d'Alene Strikers Now Employed at Wardner.

MINES WILL SOON OPEN

Letters Received From Workers Regarding the Situation - Coroner's Investigation Continues.

WALLACE, Idaho, May 20.—This, the third week since the 1913 at Wardner, ends with greatly improved prospects. The wreckage of the old social system is getting well cleared away and the foundation is well under way for a new one.

Of 1300 men directly implicated in the affair, not one remains with a Couer d'Alene employer. One third are under arrest, two-fifths have been indicted in the several courts, while justice still weaves her web around others.

When the raid was made on Wardner it was for the express purpose of closing the Bunker Hill mine and ending the employment of non-union labor. Tonight the pay roll of the Bunker Hill bears the names of nearly 300 men, while not a miner is at work at any mine which contributed men to the mob.

Both the present inactivity will not continue long. Mines like the Tiger or Frisco, worked by shafts, are keeping the pumps going with the expectation that there will be mining before long. Letters from miners all over the west are being received making inquiries regarding the situation, and when the whole coast knows that all men who can bring satisfactory letters as to their character and proficiency will receive protection and employment, and that all men under ground are getting \$150, the mines will soon fill up.

The coroner's investigation promises to continue until the end of the month, when the special session of the district court convenes.

WEST SIDE NOTES. (Continued from first page.)

Immediately and no time will be lost in pushing the work to completion.

Mr. Harmon has moved the Seaside bakery and restaurant into the building with his new clear and candy store. Mr. Harmon's family will occupy the second story of the building, while the kitchen, restaurant and store will be below. Hereafter he will run a first class clear and candy store and cater open at all hours.

The "Ashama Happy Darkies" were billed to show at Ford's hall, New Astoria, Friday night. Some one informed them that a dozen bad eggs had been purchased presumably for their benefit. As about 7 o'clock that evening the poor coons could be seen hitting the railroad ties for Warrenton, where they were to appear last evening.

The New Astoria city council met at Ford's hall May 16th. An amendment was made so the shooting ordinance which not provides that shooting is prohibited inside the territory from the government reservation to the east limit of the town, the inside of First street to the beach. As no further business was brought before it, the council adjourned.

Recruit James E. Collins, late of the Eighteenth regular infantry, arrived at Fort Stevens Friday. He left Manila April 7, arriving at San Francisco May 10, and at Astoria May 15.

Mr. Collins participated in the capture of Ilo Ilo last fall. While passing through Manila he states that the volunteers (among them some of the Oregon boys) were buying up relics of all kinds preparatory to their journey home in the near future.

Next Wednesday promises to be a busy day at New Astoria and Fort Stevens. The Ilwaco Athletic Club will come over with a large crowd of ladies and gentlemen. In the afternoon the two strong lines, Ilwaco and Fort Stevens, will be matched, and a close game is expected by many, although the Fort Stevens boys think they will have a walkover.

In the early evening the bowling teams will be matched at Bartley's alleys, where a spirited contest is expected. As there are many expert bowlers on the West Side, at 8:30 p. m. the Fort Stevens Athletic Club will put on something new in the line of minstrel shows, which will be sure to please. After the performance a hop will be given in honor of the visitors.

Last Tuesday night the Warrenton city council met in the Tribune office. Those present were as follows: City Attorney Allen, Auditor Crain, Councilmen Carver, McIntyre, Sherman and Warren. After transacting some business of minor importance the bill of A. S. Ten, the surveyor, was discussed. Some time ago the city council appointed a committee to see Mr. Ten and have him draw up a sketch showing the exact boundaries of the city, but instead of this, through some misunderstanding, prepared a detailed map of the city. Some of the council were of the opinion that a sketch was all that was needed, while others contended that the council had not ordered the work to be done. After considerable discussion it was decided that as the city would be poorer if altered it would be best to accept it and pay the bill. As it will be impossible to make a tax levy until next year, no work will be done on the division this year. After ordering the salaries of the auditor and notice judge to be paid the council adjourned.

LOADED TORPEDO COMES AWAY. A loaded torpedo recently came ashore, which had been floating about, no one knew how long, a message in all sorts of Mary disease germs, and as a result of the floating about of the vessel, the torpedo for the war spot in June or so. The best thing to do is to let the torpedo itself against them by flooding the torpedo's interior with water, and the torpedo will sink. Hostile torpedo torpedos will sink at the bottom of the sea, and nothing else. It has been a standard remedy for weak stomachs for half a century, and may be had from any druggist. It is particularly effective in all cases of biliousness and indigestion, and is also a sure cure for the malaria and fever and ague. It is worth trying.

FORT STEVENS BUILDING.

Proposals Wanted For Construction. Office of C. Q. M. Vancouver Barracks, Wash., May 18, 1899. Sealed proposals, in triplicate, will be received here until 11 a. m., May 21, 1899, and then opened for the construction of the following buildings at Ft. Stevens, Ore.: 2 barracks, 3 double sets of officers' quarters administration building, Q. M. stable, N. C. O. quarters, bake-house, hospital, hospital steward's quarters, workshop, Q. M. and subsistence storeroom. Information furnished at this office. U. S. reserves the right to reject or accept any or all proposals or any part thereof. Envelopes containing proposals should be marked: "Proposals for construction of buildings at Fort Stevens, Oregon," and addressed to undersigned. J. W. Jacobs, C. Q. M.

NOTICE TO FISHERMEN.

All fishermen who are residents of the state of Oregon, and fishing in the Columbia river, or its tributaries, are hereby notified to have their licenses; also to have the number corresponding with their gear license painted on their boat; and their net or other gear, marked according to law, before the 1st day of June, 1899; as the fish commissioner and his deputies will begin to patrol the river on or about that date, and any person found fishing without a license will be arrested, and any fishing gear found without the required marks will be confiscated according to law. F. C. REED, Fish Commissioner.

I consider it not only a pleasure but a duty I owe to my neighbors to tell about the wonderful cure effected in my case by the timely use of Chamberlain's Cough, Croup and Diarrhoea Remedy. I was taken very badly with flu and procured a bottle of this remedy. A few doses of it effected a permanent cure. I take pleasure in recommending it to others suffering from that dreadful disease. J. W. LYNCH, Dorr, W. Va. This remedy is sold by Charles Rogers.

AN EPIDEMIC OF WHOOPING COUGH. Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for croup and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, Proprietor, Norwood House, Norwood, N. Y. This remedy is for sale by Charles Rogers.

PROPOSALS FOR FUEL. Office of C. Q. M. Vancouver Barracks, Wash., May 2, 1899. Sealed proposals, in triplicate, will be received here until 11 o'clock a. m., June 2, 1899, and then opened, for furnishing fuel at the several military posts in this department for fiscal year commencing July 1st, 1899. Information furnished here or by quartermasters at posts. U. S. reserves right to reject or accept any or all proposals or any part thereof. Envelopes containing proposals should be marked: "Proposals for Fuel at—" and addressed to undersigned. J. W. Jacobs, C. Q. M.

WE STAND BACK OF EVERY PAIR OF SHOES.

Some people are harder upon their shoes than others. Some are apparently hardy upon them. That's when the shoe has something to do with it. It's easy to be hard on a poor shoe—hard to be hard on a good one. How much longer will one shoe (good) last than an other (bad)? Just twice in most cases. That perhaps surprises you.

EXPERIMENT, TRY OURS against any others you can get in town. Compare in other respects—all respects too.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principle of natural figs, which is medicinal, laxative and purgative, and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package. CALIFORNIA FIG SYRUP CO. SAN FRANCISCO, CAL.
