"For years my wife suffered from what the doctors called prolapsus of the uterus," writes Mr. Harry Chant, of 21 Haskeft Street Dallas, Texas. "She was nerrous, had cold hands and feet, palpitation, headache, backache, constipation, a disagrecable drain bearing-down pains and no appetite. She got so weak she could not get around. I am only a laborer, and was always in debt to the doctors, and all for no good, as none of them did her any good. She began taking Dr. Pierce's Favorite Prescription and it seemed to work like a charm. She has taken about thirteen bottles and is to-day as stout and healthy as any woman in the United States."
