WOULD NOT SUFFER SO AGAIN FOR FIFTY TIMES ITS PRICE. I awoke last night with severe pains in my stomach.

NOTICE FOR PUBLICATION. Land Office at Oregon City, Oregon, May 9 1899. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim.

The different forms of illness that can suddenly attack a youth when it is school time are beyond the power of physicians to cure.

IT CAN'T BE DONE.

No One Can Remain Well, No Chronic Disease, Can Be Cured Unless the Stomach Is First Made Strong and Vigorous.

This is plain because every organ in the body depends on the stomach for its nourishment. Nerve, bone, sinew, blood are made from the food which the stomach converts to our use.

How useless to treat disease with this, that and the other remedy and neglect the most important of all, the stomach.

Stuart's Dyspepsia Tablets are sold by druggists, full sized packages at 50 cents. They are also excellent for invalids and children.

Plain unvarnished truth is generally called sensationalism.

NO USE TRYING

I can't take plain cod-liver oil. Doctor says, try it. He might as well tell me to melt lard or butter and try to take them. It is too rich and will upset the stomach.

Scott's Emulsion

It is like cream; but will feed and nourish when cream will not. Babies and children will thrive and grow fat on it when their ordinary food does not nourish them.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants.

Persons may think that they can break bad news gently, but it is as impossible as to fire off a cannon softly.

No woman can be permitted to witness the mill between Fitzsimmons and Jeffries. But they can do like the pin curls in a little encounter—take it out in talk.

ENGLAND UP TO A SCHEME

She is Oppressing Jamaica Out of Some Design Against United States.

HER PLAN LIKELY TO FAIL

Little Interest Shown at Washington in the Coming Reciprocity Commission's Visit.

NEW YORK, June 9.—A special to the Tribune from Washington says: Washington officials have an interest in the coming of the Jamaica reciprocity commissioners greater than the trade of the British possessions warrants.

Private letters received from Jamaica have recently supplemented published and official reports regarding the depth of the discontent there. Unless the United States acts more generously than England has done by granting trading advantages without equivalent return it is said that the demand for annexation will be openly made.

Apparently Mr. Chamberlain has most at stake. He had a carefully matured scheme by which the trade was to be taken away from the New England capitalists who had invested their capital and developed the fruit raising industry.

BUT THREE RETURNED.

VICTORIA, B. C., June 9.—Three survivors of a party of nine from Halifax, Nova Scotia, who started into Alaska one year ago over the Edmonton route, have arrived here.
