KENTUCKY DEMOCRATS

State Convention in Deadlock at the End of the First Week.

NO NOMINATIONS MADE

It Is Anybody's Race and at Present There Is No Sign of a Breakup.

BRYAN AND FREE SILVER

They Denounce Trusts and Republicanism and Adopt the Chicago Platform.

LOUISVILLE, June 24.—After a week of excitement, the democratic state convention passed today in a tiresome deadlock. An adjournment was had tonight until 9 o'clock Monday morning, without making any nominations. Business moved rapidly for a few hours this morning. The report of the credentials committee, declaring favorably to the Stone-Goebel delegates, was adopted, the temporary organization was made permanent and a platform was adopted which reaffirmed the Chicago platform, declares for Bryan and free silver in 1900, denounces trusts, arraigns the republican national and state administration and urges the election of J. C. B. Blackburn to fill the vacancy in the United States senate. Then came the battle royal over the nominations, but before it began, General P. Watt Hardin, ex-leader of the party in this state, under the silver banner, withdrew his name as a candidate for the nomination of governor. This speech, which was delivered under the most affecting circumstances, did more to strengthen his following in the convention than all his political workers have been able to accomplish since the delegates assembled. This was shown on the first ballot when William Goebel had to his credit within less than a score of votes to give him the nomination, there was a spontaneous outburst of Hardin enthusiasm, which lasted for half an hour and came very nearly developing into a stampede. As it was, Hardin, who had received only a little more than 100 votes on the first roll call, had upwards of 200 when, after recapitulating the vote was announced. This strength he retained during the early evening, increasing it on the sixth ballot to 711 or within 11 votes of Stone. There was a decided drift in favor of Goebel early in the voting, but it was checked by the Stone people throwing enough strength to Hardin to even matters up. This was significant in showing the inner workings of the Stone-Goebel combination and the evident purpose of the Stone men to prevent Goebel from getting the long end of the bargain, at least until Stone had had a fair test of his strength. Succeeding ballots up to the eleventh showed scarcely any change. It is anybody's race and at present there is no sign of a break from the deadlock.

PORTO RICANS TO CELEBRATE

WASHINGTON, June 24.—The citizens of San Juan, capital of Porto Rico, propose to display their patriotism and fidelity to the government of the United States by celebrating the Fourth of July in good American style. In order that the display may meet expectations, the committee has requested Acting Secretary of War Melick to have the government waive the tariff on fireworks needed for the occasion and have them sent to San Juan on one of the government transports. This request Acting Secretary Melick has promptly granted by cable.

PENNSYLVANIANS WILL COMPETE

PHILADELPHIA, June 24.—It is the intention of the university of Pennsylvania to enter a team next year in the Olympic games at the World's Fair in Paris and also in the English championships. This announcement was made today by H. L. Geyel, president of the athletic association. He said a comparison of the records made at the English championships last year indicate the possibility of Pennsylvania's winning many freets. It was the intention to enter a team for the English championships to be held in July, Pennsylvania having won nine of the 13 events in the inter-collegiate championships. "But," President Geyel said, "the securing by Yale of a challenge from Oxford and Cambridge for games in England made the Pennsylvania management feel that the

entering of the team from their university might be justly criticized as an effort on their part to detract from the interest in the Harvard-Yale-Oxford-Cambridge competition and the intention of sending a team to represent Pennsylvania was therefore postponed."

INDIGNANT RESOLUTIONS AT BUTTE, MONTANA.

Military Arm of the Government's Denounced and Protest Entered Against Their Action.

BUTTE, Mont., June 24.—There was a public open air meeting tonight here to protest against the action of the military authorities in the *Coeur d'Alenes*. The speakers were Judge William Cancy, of the district court, Peter Breen and T. S. Hogan, secretary of state, Mayor McCarthy presided. Speeches were made denouncing the military arm of the government for assuming to dictate to the men of the *Coeur d'Alenes* whether they should leave the ranks of union labor or surrender their right to earn a living. Resolutions were adopted condemning the imprisonment of the men at Wardner "held and tortured to writing from their lips words which might be used to establish their guilt, under conditions which make the Spanish inquisition pale into insignificance."

The resolutions characterize as infamous the "brutality exercised by the military authorities over the men who died in the bull pen, denying them the right to religious consolation at the hour of death." They call upon President McKinley to order the cessation of this usurpation of power.

MRS. COLLIER ASKS RELEASE.

SAN FRANCISCO, June 24.—Two letters received from Mrs. Evelyne Collier, who is now in jail at Hermosillo, Mexico, tell the story of her arrest, trial and sentence to four years' imprisonment for shooting and killing a Mexican who forced himself into her home, when she was alone and attempted to assault her. She is an American woman who lives with her brother, William Frost, at Ures, Sonora. On March 21, of this year, while her brother was absent a Mexican broke in her door. A scuffle over the possession of a pistol then ensued, both having hold of the weapon. Mrs. Collier pushed the man outside the door, when the pistol was discharged. He fell dead, but she locked and barred the door without ascertaining the fact. For this she was sentenced to four years in prison.

Frost secured the transfer of his sister from the jail at Ures to the jail at Hermosillo, and at the same time took an appeal to the supreme court. She claims that her condition in jail is deplorable.

The attention of Senator Perkins has been directed to the case of Mrs. Collier, and he promises to take the matter up with Secretary Hay, to the end that an investigation be made and the release of the prisoner be effected if the statement made by her is verified.

MAIL FOR WARSHIPS

WASHINGTON, June 24.—A notice has been posted at the navy department that mail intended for the officers and men of the Newark and Marblehead should be sent to Callao, Peru, until further notice. Although no official word to that effect has been received at the navy department the officials are under the impression that the Newark which recently put into Port Low, on Gualecas Island, under stress of weather and short of coal, has since received an ample supply of coal and provisions through the kindness of the Chilean authorities and is now on her way to Callao. News of her arrival at the Peruvian port is expected within the next few days.

Notice has also been issued that mail intended for the officers and crew of the flagship Chicago should be sent to Cape Town until July 1, and that mail for the Vixen should be sent to Bluefields, Nicaragua, until otherwise ordered.

CLEVELAND STRIKE SETTLED.

CLEVELAND, June 24.—An agreement between the Big Consolidated Street Railway Company and its striking employees was reached at 6 o'clock this evening and it is probable that cars will be running as usual on all lines of the company tomorrow. The agreement provides for the hearing of grievances and resort to arbitration in case the men and the company cannot agree, and it also provides for the reinstatement of practically 80 per cent of the old men at once, the remainder, except those who have been guilty of violence, being placed on the waiting list.

ORGANIZE A CAVALRY SQUADRON

CHICAGO, June 24.—The members of the First Illinois cavalry, who live in Chicago, are organizing a cavalry squadron of four troops, the services of which have been offered to the government for work in the Philippine islands. Many of the officers have been elected and it is understood that Captain Paul Lino, of troop B, will be offered the position of major.

ALTERNATIVE, DESTRUCTION

The Country Will Fall Without Political Purity.

PUBLIC GOOD THE GOAL

For Which All Public Officials Must Learn to Strive.

SPEECH OF YALE PRESIDENT

Makes a Profound Impression—Prof. Hadley Attacked Trusts Menipulated for Selfish Ends.

NEW HAVEN, Conn., June 24.—President-elect Arthur Twining Hadley delivered his first speech since he was made the official head of Yale, before the graduating class of the Hillhouse high school, of this city, and made a profound impression. Professor Hadley attacked trusts, praised the navy and criticized the army. He said in part:

The currency, interstate commerce, foreign relations, the aftermath of the late war and the era of colonial expansion which is a strong possibility, are only a few of the grave questions which our national executive must solve, and solve speedily.

"If we are to handle millions we need more arithmetic than when we handle only hundreds. We need more languages if we are to deal with foreign nations. We shall need to read more if we are to understand the conditions, the attitude and the manner of thinking of alien races. This is essential to a fair and correct judgment of foreign affairs. Their habits of thought must be known to us if we are to handle and deal with those races.

"We are governed by public sentiment. We read of abuses by trusts. That phrase has far greater significance than many who use it realize. When a business gets so large that it is necessary to monopolize it, the man who turns it about so as to further his own ends, selfishly abuses his trust and is just as much a wrong-doer to the public as the man who deliberately robs the widow.

"And where men prefer party to country, and the interest of their district to the country; where men look upon imperialism as a means to enhance their own interests as against the benefit of the races involved, it is a grave wrong.

"England has a policy which we may well imitate. Her public men find their forte in the advancement of the whole, not as they did 100 years ago when they went to India to grasp and gather up a fortune. They now go to do good to India and help build up the great Indian empire.

"If you want an object lesson from last year's events of what I mean by this respect de corps in public service, consider the work of our navy as compared with the different record of the army. In the navy each officer is as eager for distinction and promotion as in the army, but each considers himself a part of a whole glory is greater than any which he as an individual can gain. In the army the scramble for commissions wrought much havoc and the record of that branch is not equal to that of our magnificent fighting navy.

"We are very far from the ideal in practical politics, but it is toward this that we must make our way. The alternative is destruction. The nations whose rulers have made sport of them for their own arrogant gain have gone to pieces.

"By what means, then, shall we purify our politics, civil service reform may be dignified as to its practical workings, but the idea which it contains of public office as a public trust must prevail. And it must prevail within a generation, now that we have embarked on an imperial career."

COMMISSIONER OGLIVIE DID NOT ADVISE ROYALTY TAX.

VANCOUVER, B. C., June 24.—In an

interview printed in a late issue of the *Klondike Miner*, Commissioner Ogilvie states that he never advised the imposition of royalties on the gold output. He believes that sensational reports regarding the vast wealth being shipped out of the country were the direct cause of Canada imposing the royalty tax. The commissioner has not lost faith in the richness of the country and predicts that the whole district in the vicinity of Dawson will probably yet yield \$100,000,000 in gold.

ROUGH RIDERS MEET.

CHICAGO, June 24.—A special to the Record from East Las Vegas, N. M., says:

A lively contest has been inaugurated for the place of holding the next reunion of rough riders. Colorado Springs and Oklahoma City are the contestants. The contest will be decided at the business meeting to be held this afternoon.

The committees of rough-riders and citizens will leave here at 3:30 a. m. today, to meet Governor Roosevelt at Baton. Short addresses or welcome will be delivered by Governor Otero, of New Mexico, and Major H. G. Coors, of Las Vegas. The delegation of rough riders will wear their uniforms in order to distinguish them from the civilians.

The citizens of Baton have also prepared a welcome for Governor Roosevelt. A number of prominent rough riders arrived today, including a delegation from Colorado Springs. The attendance is conservatively estimated at 10,000.

INDIANS GET INTO RELIGIOUS WAR

VANCOUVER, B. C., June 24.—Three rival factions of the Indian community at Port Eslington had a bloody fight last Saturday. The steamer Princess Louise brought the news here and many of the Indians who took part in the fight came with her. It appears that a few weeks ago the Indians encamped at Eslington went on a strike in the salmon fishing business. A corps of the Salvation Army arrived shortly afterwards and commenced to hold revival services. These were very popular for some time and the Methodist and Church of England missionaries then decided to emulate the example of the Salvationists, so that soon they had the camp about equally divided among them. This condition of affairs resulted in a serious riot on Saturday, in which many Indians were injured but none killed.

MINERS PERISH IN THE DESERT.

CHICAGO, June 24.—A special to the Record from San Diego, Cal., says:

Word has been received here that a party of 29 miners, bound for the Sierra Pinta placers, lost their way in the desert and wandered around a long time, finally dying of thirst. The information came in a letter received by E. P. Cantling, one of the charterers of the schooner Thomas S. Negus, which took a party of 80 prospectors to San Roque landing, and from L. J. Allen, purser of the Negus. The letter is dated at San Roque Bay, June 17. The corpses of the lost miners were accidentally discovered in the desert by another party bound in the same direction.

COLONEL CORNELIUS DEAD.

PORTLAND, June 24.—News reached here tonight that Colonel Thomas Cornelius had died at his home in Washington county. Colonel Cornelius was a pioneer of 1856 and one of the best known men in Oregon. In 1886 he was a candidate for governor but was defeated by Governor Penney. He was a veteran of two Indian wars in the northwest, and in 1861 raised a regiment of cavalry to fight for the preservation of the Union, but owing to the lack of transportation facilities the regiment never saw service.

MCCOY ISSUES A CHALLENGE.

DENVER, June 24.—Kiki McCoy has signed a contract with the Colorado Athletic club of this city to fight any three men who might volunteer to meet him, one each on July 11, 17, and 24. This places the meetings a week apart and, according to the agreement, the association has the right to bring on any three fighters they may arrange with.

ARMOUR NOT IN FRUIT TRUST.

CHICAGO, June 24.—The reports from New York to the effect that Armour & Company are in a fruit combination were vigorously denied by the houses concerned today. A member of the firm of Armour & Company said:

"We are not dealing in fruit and shall not deal in fruit. There is absolutely no basis for the story."

ROYAL BAKING POWDER

ABSOLUTELY PURE

Makes the food more delicious and wholesome

ROYAL BAKING POWDER CO., NEW YORK.
