Edwin Dudley, Vancouver, writes to the state department to the effeet that the United States could procure a larger part in the British Columbian market if wares were pushed with more energy. He suggests the establishment of a samule room in Vancouver, from which traveling salesmen could make trips into the province. There is a large demand for foodstuffs, hardware, furniture, mining and milling machinery, clothing, boots and shoes, printers' supplies, bleycles, etc.

It is reassuring to learn that the pavy Assartment does not contemplate taking any further part in the great controversy over Admirals Sampson and Schley, and, having satisfied itself as to the veracity of the two other naval officers, which had been placed in doubt. It is content to let those newspapers who started it fight it out. To the majority of American readers the whole squabble is a sorry paper before you can achieve that disand graceless proceeding at best.

Colorado, so the story goes, is to be represented at the Paris exhibition by a

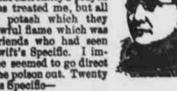

S. S. S. GOES TO THE BOTTOM.

Promptly Reaches the Seat of all Blood Diseases an Cures the Worst Cases.

In every test made 8. S. S. easily demonstrates its superiority over other blood remedies. It matters not how ob-stinate the case, nor what other treat-ment or remedies have failed, S. S. S. always promptly reaches and cures any disease where the blood is in any way involved. Everyone who has had experience with

Everyone who has had experience with blood diseases knows that there are no silments or troubles so obstinate and difficult to cure. Very few remedies claim to cure such real, deep-seated blood diseases as S. S. S. cures, and none can offer such incontrovertible evidence of merit. S. S. S. is not merely a tonic—it is a cure! It goes down to the very seat of all blood diseases, and gets at the foundation of the very worst cases, and routs the poison from the system. It does not, like other remedies, dry up the poison and hide it from view temporarily, only to break forth again more violently than ever; S. S. S. forces out every to break forth again more violently than ever; S. S. S. forces out every fact of taint, and rids the system of it forever.

Mrs. T. W. Lee, Montgomery, Ala., writes: "Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. I was covered with sores and ulcers from head to foot, and in my great extremity I prayed to die. Several prominent physicians treated me, but all to no purpose. The mercury and potash which they gave me seemed to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by it, to try Swift's Specific. I improved from the start, as the medicine seemed to go direct to the cause of the trouble and force the poison out. Twenty bottles cured me completely." Swift's Specific.
