TIDE TABLE—July, 1899.

Tide table with columns for Date, High Water, Low Water, and other tide-related data for the month of July 1899.

THE DEMAND FOR DEEP WATER HARBORS.

The agitation for deeper water harbors for the accommodation of the larger tonnage ships which are more and more coming to monopolize the world's carrying trade, is not confined to localities bordering on our own Atlantic or Pacific seaboard.

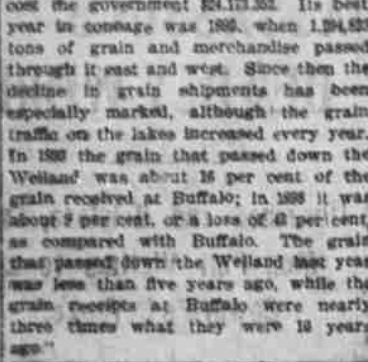

The canal was built through the narrow Niagara peninsula to connect Lake Erie with Lake Ontario, its total length being about twenty-six and three-fourths miles.

"The province of Ontario," he says, "is becoming alarmed over the seeming decadence of the Welland canal, and strong pleas are being made for harbor improvements at Port Colborne, its Lake Erie terminal."

"When the vessels became too large to enter the Welland canal, lightering was resorted to. The Grand Trunk railway built a branch line parallel with the canal, enough of the cargo was transferred to the railroad to enable the vessel to pass through the canal and then the cargo was taken on again at the other terminal."

Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every small blood purifier, but they did not seem to do much good.

S.S.S. For the Blood

It is like self-destruction to continue to take potash and mercury, besides totally destroying the digestion, they dry up the marrow in the bones, producing a yellowish and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

General H. G. Ois was an editor before he was a military commander, and is not afraid to tackle a little job like that of being secretary of war.

Pneumonia, in grippe, coughs, colds, croup and whooping cough readily yield to One Minute Cough Cure. Use this remedy in time and save a doctor's bill or the undertaker's, Charles Rogers.

Some of the results of neglected eye, peptic conditions of the stomach are cancer, consumption, heart disease and epilepsy. Kodol Dyspepsia Cure prevents all this by effecting a quick cure in all cases of dyspepsia, Charles Rogers.

The largest printing office in the world is in Washington, D. C. It is for printing government documents.

It is perfectly hopeless to expect that the meals will be beautiful in a house that has a motto in the dining room, "Man Wants But Little More Sleep."

We all do so much better in life as on wheels, if there is some one to set the pace for us.

Don't think you can cure that slight attack of dyspepsia by drinking or eating with care. Kodol Dyspepsia Cure will cure it if "dyspepsia" that you eat, and turning the digestive organs to health, Charles Rogers.

The man whose losses would make desperate, good luck would make equally so.

TO CURE A COLD IN ONE DAY. Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. It cures the genuine and is 100% on each tablet.

The pleasant type of man is he who takes advantage of the widow and orphans.

DEAFNESS CANNOT BE CURED, by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and if the inflammation can be taken out and this tube restored to its normal condition hearing will be restored forever; since cases of deafness are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. CHENEY & CO., Toledo, O. Sold by Druggists. See Hall's Family Pills are the best.

J. D. Briggs, editor and proprietor of The Inhabitants of Arran, where the matrimonial ferns grow plentifully, employ it as a substitute for tea.

the Democrat, Lancaster, N. H., says: "I would not be without Dr. Little's Early Risers cure for my boy, when troubled with a cough or cold. It is the best remedy for cough I ever used." Charles Rogers.

Old age is lovely as seen in a life of more than fourscore years, brightened by a Christ faith, and rich in peace and joy. John W. Bush.

It makes no difference how bad the wound if you use DeWitt's Witch Hazel Salve; it will quickly heal and leave no scar. Charles Rogers.

To polish deer horns, scrub them with a brush and sand to take off the dirt and loose fibers, then polish with rough and rotten stone and cloth, and varnish with copal varnish.

If you have piles, cure them. No use undergoing horrible operations that simply remove the results of the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure others; it will not fail to cure you. Charles Rogers.
