MUSTERING OUT UNCERTAIN

But the War Department Will Follow
the Wishes of Oregonians as
Much as Possible.

CLEVELAND, July 27.—Major Farley
proposes to finish the campaign against
lawlessness in Cleveland on the lines he
has laid down, and he will not tolerate
any interference. That was made clear
at a special meeting of the city council
this evening, when an attempt to inter-
fere with the investigation of the strike on the
big consolidated street railway lines by
a special committee of that body was
defeated.

Many of the strike sympathizers have
been very bitter toward Mayor Farley.
In public meetings they have charged
him with responsibility for the present
troubles and threats against his life
have been made. This has led him to
provide a guard for his residence on
Euclid avenue, and detectives watch the
house every night.

The presence of troops has had a de-
pressing effect upon the rioters, and up
to 10 o'clock tonight there had not been
a single outbreak of violence. Cars were
operated on nearly all the lines on near-
ly the usual schedule, but in some parts
of the city they ran almost empty. A
boycott of the lines by working people
is becoming universal. President Everett
says, however, that he does not believe
the boycott is effective. He thinks the
people are deterred from riding by fear
of personal injury, and he says that as
soon as the safety of passengers is as-
sured the cars will be filled as usual.

The boycott has extended to the sol-
diers. Merchants are refusing to sell
them any supplies and representatives of
anybody who takes a soldier's money for
anything or supplies any of his wants.

MUSTERING OUT UNCERTAIN.

SAN FRANCISCO, July 27.—It is yet
uncertain where the Oregon regiment
will be mustered out. General Beebe,
of the Oregon National Guard, has been
making an effort to have the regiment
mustered out at home, or at least to re-
turn to Portland in regimental formation.
General Shafter telegraphed to the war
department asking if this could be done,
and today a reply was received, which,
after reviewing the situation, says:

"Orders to have the regiment mustered
out in San Francisco will stand unless
the regiment, by a majority vote, should
decide to be mustered out at Vancouver
barracks. Many of the people of the
state want the regiment to return as an
organization. In meeting the express
wishes of the regiment already approved
by the secretary of war, this can be done
only as the officers and men agree to it.
The law requires that arms and all prop-
erty be turned in on mustering out.
Acting secretary of war directs that so
far as the orders already given and law
and regulations will allow, you arrange
to meet the wishes of the people of the
state as expressed by General Beebe."

"H. C. CORBIN, Adjutant General."

CORCORAN FOUND GUILTY.

Jury Brings in a Verdict of Murder in
Second Degree and He Gets Sev-
enteen Years.

WALLACE, Idaho, July 27.—The jury
arrived at a verdict of murder in the sec-
ond degree at 4 o'clock this morning.
Within 20 minutes after the jury retired
11 of them favored the verdict finally
rendered, one man holding out six hours
for murder in the first degree. Under
Idaho's laws murder in the second de-
gree is punishable by imprisonment for

from 10 years to life. Sentence will be
rendered at 1 o'clock, when the court will
take a recess until fall. Judge and at-
torneys leave for home at 1 o'clock.

The verdict is well received by friends
of the state. The defense calls it an
outrage, but it is not believed that an
appeal will be taken, trusting to execu-
tive clemency later rather than risk a
new jury.

Later—Corcoran was sentenced to 17
years in the penitentiary.

AN EXAMPLE FOR OREGON GIRLS.

CHICAGO, July 27.—A special to the
Times-Herald from Independence, Kas.,
says:

"The Girls' Club of several Southern
Kansas towns have resolved never to
marry a young man unless he served
with the famous Twentieth Kansas. They
say they are determined to keep their
agreement and that sooner than marry
a man who stayed at home they will re-
main single all their lives. They intend
to give the boys of the regiment a big
reception when they return."

INDEMNITY TO ITALY.

United States Will Indemnify Italy
for the Lynching of Three
Italians.

NEW YORK, July 27.—A special to the
Herald from Washington says:

Italy will be paid an indemnity for the
lynching of three of the five Italians at
Tahleah, La., and the state department
will lay down the principle once for all
that an alien does not become a full
fledged citizen of the United States until
naturalization papers have been formally
issued to him. Of course the state depart-
ment will pursue the regular legal course
for ascertaining all the facts in connection
with the lynching, and there will doubtless
be considerable diplomatic correspon-
dence between the two countries
before the matter is closed. But state
department officials appreciate that there
is no escape from the payment of the
indemnity. No direct demand has yet
been made by Italy, but there have been
broad hints dropped in that direction.
The department's rulings on the point
of citizenship have not always been uni-
form. Secretary Olney, in his negotia-
tions with Ambassador Fava, in regard
to the Hahnville lynching case originally
took the ground that when an alien had
applied for citizenship he was to all in-
tents and purposes an American citi-
zen and that he had no claim for protec-
tion from his native country. He did not
in writing change this, but the fact that
he recommended the payment of indem-
nity, although done as a friendly act, is
considered a pretty good indication that
his views had changed. Approaching
that an adherence to the ruling originally
made by Secretary Olney might come
back to plague the United States, the au-
thorities have determined to hold that an
alien does not become a citizen of the
United States until naturalization papers
have been formally issued to him.

It is pointed out that if aliens who have
declared their intentions of becoming
American citizens should return to any
foreign country the United States could
not properly refuse them a passport and
protection in case they got into any
trouble.

A DELIGHTFUL TEA.

A very pleasant reception and tea was
given yesterday afternoon at the resi-
dence of Mrs. Curle Trenchard on the
corner of Franklin avenue and Sixteenth
street. The affair was given in honor of
Mrs. Woodhull and Mrs. McIntosh, of
Oakland, Cal., and the afternoon was
thoroughly enjoyed by the large com-
pany present.

The parlor was tastefully decorated with
pink roses and poppies and the drawing
room was gay with sweet peas and pan-
sies, artistically arranged. Progressive
jackstraws was played by the ladies and
the first prize was won by Mrs. Marshall,
the second by Mrs. McConnell and the
third by Mrs. Kirohoff.

Tempting refreshments and tea were
served as the afternoon drew to a close,
and the guests, on departing for their
homes, expressed themselves as having
enjoyed a delightful afternoon.

Among those present were the follow-
ing:

Mrs. Hester, M. J. Kinney, Paul,

REPORTED AID FROM JAPAN

It is Rumored That the Filipinos Are
Receiving Ammunition From Japa-
nese Sympathizers.

MANILA, July 27.—5:45 p. m.—An ex-
plosion composed of troops from San Pedro
Macati, Pasig and Morong, under Brig-
adier General R. N. Hall, yesterday cap-
tured Calamba, an important town on
the south shore of Laguna de Bay, after
two hours of sharp fighting, during which
four soldiers were killed and 12 wounded.

The trenches commanding the harbor
were under water, but the swampiness
of the land made the work harder. The
troops boarded the caucosa Tuesday
night. The force comprised 400 of Wash-
ington volunteers, 40 of the Twenty-
first infantry, 150 of the Fourth cavalry
and two guns of the First artillery.
These and the gunboats Napiton and
Costo assembled opposite Calamba.
Crowds of people in carts and on foot
were seen rushing to the hills. Natives
escaping from Calamba in canoes said
20 insurgents held the town. The force
under Captain McGrath, of the Twenty-
first infantry, and Captain Elstherd,
landed east of the town but found the
river intervening. Captain McGrath and
Lieutenant Bacon swam the river under
fire from 20 Mauser rifles. Having
crossed the stream the officers proceeded
in caucosa to ferry the troops over. The
insurgents retreated through the town
shooting from the houses and bushes as
they fled to the hills. Three members of
the Washington regiment waded from the
caucosa through the swamps, often
shoulder deep, while a group of Filipinos
concealed in hay stacks were shooting at
them, until the Napitan focused her six
inch guns and galling guns on the stacks
for a few minutes. Most of the work was
done before the Washington volunteers
could reach the town. The Filipinos left
three dead. Of the casualties on the
American side, two of the killed and three
of the wounded were members of the
Fourth cavalry, and two killed and eight
wounded belonged to the Twenty-first
infantry.

There was much shooting by the FIL-
ipinos who emerged from the bushes with
white flags. After the fighting a dozen
men holding up their hands and shouting
"Castillanos," met the American cav-
alry. Even the Spanish soldiers embraced
the Americans hysterically. There were
50 Spanish prisoners at Calamba, of
whom some were civil officials and some
were soldiers. They had been given
their choice of joining the Filipino army
or becoming servants and they chose the
army, intending to surrender to the
Americans at the first opportunity. Most
of the civilians reached the American
lines during the fighting, but the insur-
gents took the others away with them
in their retreat.

General Hall captured 12 Filipinos with
guns. Major Henry W. Lawton, Presi-
dent Dean C. Worcester, of the American
commission, Mrs. General Lawton and
General Lawton's son accompanied the
expedition on board a launch and sat
close by in the unprotected boat close to

the shore during the fighting, with bol-
lies speaking about them.

Today General Hall brought to Manila
Spaniards whom the expedition had re-
leased from a captivity of more than a
year. Lieutenant Larson, commanding
the Napitan, today found a long missing
Spanish gunboat, which had been so cov-
ered with bushes and fishnets as not to
resemble a vessel. The Filipinos having
met reinforcements and thinking that the
Americans had evacuated the town, de-
scended from the hills today, intending
to recapture Calamba, but General Hall
easily drove them back. General Hall
will leave a garrison to hold Calamba.

REPORTED AID FROM JAPAN.

MANILA, July 27.—5:45 p. m.—It is
reported in Filipino circles in Manila
that the insurgents recently received
consignments of saltpetre and lead from
Japan. The insurgents have experienced
many difficulties in the manufacture of
good powder, that which they have pro-
duced lacking power of range and pen-
etration. Two friars who were recently
arrested here on the suspicion that they
were bearers of messages to Aguinaldo
from the Filipino junta at Hongkong,
have been liberated for want of evidence
upon which to prosecute them.

LOTTIE FOWLER DEAD.

NEW YORK, July 27.—The death is
announced at the Manhattan state hos-
pital for the insane, of Lottie Fowler,
who, 25 years ago, was a famous spir-
itistic medium, as well known in
Europe as in America.

TO SEASIDE BY LAND

Youngs Bay Bridge Utilized by Portland
Trolley on the Way to Clatsop's
Summer Resort.

Among the passengers on the Potter
from Portland Sunday was Mr. Dayton,
of the well known Dayton Hardware
Company. Mr. Dayton was accompanied
by his 12-year-old son, and also a juvenile
sailing rig, consisting of a handsome shel-
land pony and two nested miniature
huckabard to match.

While small, the conveyance was
sturdily constructed and equal, as Mr.
Dayton concluded, to carry both himself
and boy to Seaside, 20 miles away. The
journey looked promising as the stout
little stevedore pulled resolutely from the
long stretch of the new bridge.

The Potter also brought a new wagon
for use of the oddtime settlers on the
Lewis and Clarke. Had it not been that
capital and energy saw fit to span
Youngs river, and thus open up the
country tributary to Astoria, the pur-
chase, although small, would never have
been made.

HANTHORNE HALL.

Hanthorne Hall at 33 Bond street, was
completed yesterday, and opened to the
public with a ball given under the aus-
pices of the O. of W. last night. Mr.
Hanthorne will extend to the Assembly
Club the privilege of giving his hall a
formal dedication, the proceeds to be
applied in behalf of the City Library.

The hall is 16x24 feet in size, is elaborate
in its appointments, and is equipped with
special care to the entertainment of
lodges.

The lighting and ventilating facilities
cannot be equaled by any building in
the city. There are a number of reception
rooms as adjuncts to the main hall, all
of which are conveniently designed and
elegant in finish. The hall fulfills a long
felt want.
