THE OREGON PRESS ASSOCIATION

In the excitement and distraction in cident to the regutta, it is hoped Astoria's people will not overlook the importunes of the gathering of the Oregon Press Association. These gentlemen represent newspapers published the moulders of public opinion in their respective localities. An opportunity Asteria right on certain questions which have been the topic of public upon which there has been a disposition in some quarters to misrepresent

the sentiment and aims of our citizens. According to the annual report of 222 publications entered as secondclass matter at the several post offices. Of these 160 are weeklies, 38 monthlies, 19 dailies, 4 semi-weeklies and one semi-monthly. He classes them as 94 one prohibition, 14 religious, 36 independent. 10 fraternal, 4 agricultural, 2 amateur, 5 college, 7 miscellaneous and 2 poultry. Estimating the state's popplation at 400.00 it will be seen that Oregon has a newspaper for every 1800

Perhaps a majority of these journals in presented by membership in the Oregon Press Association, and through the system of exchanges which pre much to say that every reader in the state of Oregon and thousands else where can be reached through the medium of this strong organization. It canisations and leading citizens if these newspaper men do not carry back to their homes and reflect in the colconception of the Astoria "proposition" and manifested in its development throughout the state and nearly every section of the great northwest territory that has heretofore prevailed.

As an example of the great benefits which may be derived from efforts
properly made to entertain and impress
the members of the visiting organizathe members of the visiting organization, reference can be made to another part of Secretary Tozler's report. Speaking of the recent convention of the National Editorial Association in Portland, Mr. Togier says:

"The real value of the Portland meeting to the state of Oregon will never be known, but that great good will resuit all will admit. As an illustration as to the value of such a meeting in the way of advertising I will state that after Portland was selected for the 1899 meeting I began saving all press clippings that I could secure if the article referred to the 1899 meeting of the N. E. A., and up to August 15, I had saved

It is a druggist's business to sell you, not
to tell you, what you want. notices. Putting a low cash estimate upon this matter I consider that it is reasonably worth \$58,000. And while No man would be conceited if he I am in the best position, perhaps, of could see himself as others see him. any one in the National Association to receive these clippings, I am of the opinion that I have received not over one-sixth of all notices. I think that I am making a fair estimate when I say this. Therefore, I believe that up to the present time the Northwest has received the benefits as a direct result of this meeting in Portland of advertising that is reasonably worth, if given out by an advertising agency, fully \$348,000. And the end is not yet. Some of the papers have just commenced to tell of the trip of their representatives."

THE POLITICAL SITUATION.

Judge George W. Allen, of Colorado, now visiting his son, Harriston Allen, of this city, says Colorado is coming back to its allegiance to the republican party, and even democrats there are declaring their intention of voting for McKinley next year. One of the most pronounced McKinley men in that stae now is former Governor J. Chamberlain's Cough Remedy, its pleas. B. Grant, treasurer of the Bryan cam- and taste and prompt and permanent

to be taking place. Chief among those who now declare for McKinley against Bryan is Marcus Daly, without whose financial aid the democratis struggle in 1896 would have had no significance.

There never was a time in the history of the country when labor was in such general demand as it is today, and as a rule wages of workingmen are as high as they have ever been in the past. In 1896 democracy cut loose the poverty and cupidity of the land, and marshaled millions of votes. Today, on the authority of the Philadel-Business communications of all kinds phia Times, one of the best posted democratic capers in the east, Mr. Bryan couldn't carry a single northern state east of the Mississippi river; couldn't carry a state on the Pacific coast; couldn't carry a state between the Mississippi and the Rocky mountains, and he would lose Kentucky, Tennessee and Virginia in the south, with ar and North Carolina. The vocation of have no more use for dishonest money parties or candidates in the great battle that closes the nineteenth century

The state of more than normal busisanctity of public and private credit. fifty cent dollars that would deprive the land; that would demoralize the whole business interests of the country and deliver its fiercest retribution upcivilized are struggling to escape the poverty of silver-this man will have no important vocation in the political money demagague have had their vocations ended by the industrial prosperty which started with the election of McKinley and which has increased by the people of the entire republic.

trousseau. How fine and fit every dainty gown and filmy bit of lingeric must be. But how about herself, her own fine and delicate physical organism? Has this most important of all considerations been neglected? Has she any weakness or all-ment which is going to unfit and incapaci-

and motherhood. No modest reluctance should prevent her seeking immediate relief from such troubles. There is no need of the mortifying examinations so detestable to sensitive minded women. Doctor Pierce's Favorite Prescription is daily curing thousands of women of these troubles in the privacy of their homes.

The "Favorite Prescription" is the only proprietary remedy of its kind prepared by an educated, authorized physician. There is hardly a case so obstinate that it will not completely and permanently cure.

Mrs. Emma G. Clover, of Redkey, Jay Co., Indiana, in a letter to Dr. Pierce, says: "I can recommend Dr. Pierce's Favorite Prescription to anyone who suffers with any female disease. When I was in my teens I was always sick. I took your medicines before I was married, and now I am a well person. I am now twenty-three. I have also taken Dr. Pierce's Golden Medical Discovery and "Pleasant Pellets," and can recommend them all."
