was the report of the state meeting

comprehensive and will be of great
help in the future work of the
Boardman organization.

There will be a special meeting

When a Farmer
WRITES A LETTER

What do you expect? That it will be written
on a blank sheet of soiled paper that has been
rusting on a dusty shelf for months?

Not a bit of it.

The farmer's stationery is as important as his
automobile. He is a business man, and he does
business in a business like manner. He may raise
hay, but you never find it sticking out of his boots.

We print letter heads, envelopes, bill heads,
business cards, etc. for farmers. No chance for
a correspondent to make a mistake in the name,
or in the address, when it is plainly printed on
the letter head or envelope. No chance for purchases
to go astray in the mails.

The next time you want anything in the printing
line, either come in and tell us what you want,
or mail us your order and we will do the rest.
