EASTERN HOMESEEKERS WILL COME TO OREGON ON SEPTEMBER 20TH

Following the recent announcement that the date of the settlers' excursion from the middle west to Oregon has been postponed from July 19th to September 20th upon request of large numbers of homeseechers who are unable to make the trip until after harvest, the Oregon State Chamber of Commerce is making complete preparations for the September visit.

Commercial clubs of the state have been urged to complete the listing of available lands in each community for the information of the settlers, and these listed lands will be placed in the hands of each member of the party. In this way, the homeseecher

will know in advance the price and description of actual tracts of land in each district in the state.

George Quayle, general secretary of the State Chamber of Commerce, is on a tour of the State for the purpose of securing representatives of various districts who will assist the State Chamber representative in the Middle West in the work of lining up prospective settlers.

A long telegram from Omaha, requesting additional literature on Oregon for distribution among prospective settlers, stated that a large number of homeseechers are preparing to come to Oregon in September after harvest is over.
