GET SOME OF THIS KIND OF RELIGION IN YOUR SYSTEM

Why not catch the spirit as given in the following little homily, which contains some of the proper religion, but whose author is unknown:

"There are fancier towns than our little town, there are towns that are bigger than this, and the people who live in the smaller towns don't know what excitement they miss. There are things you see in the wealthier towns that you can't in a town that's small; and yet, up and down, there is no other town like our little town after all. It may be that the streets aren't long, they're not wide nor maybe straight, but the neighbors you know in your own little town all welcome a fellow—it's great.

In the glittering streets of the glittering town, with its palace and pavement and thrall, in the midst of the throng you will frequently long for your own little town, in spite of the fact that it's small, you'll find it a fact that our own little town is the best little town after all."

Those entering the club members' contest should enroll for the work as early as possible, and make an exhibit of their work at the fair. Each member must have a report telling how his crop was grown or how his articles are produced.

The basis for rewards and other brief instructions are given here for each project.

For further instruction one should read the project circulars sent out by the state leader of the club work, Oregon Agricultural College, Corvallis.

Lot 1.—Corn Growing
Club members shall grow at least one-eighth of an acre of corn. They may hire the ground plowed, but must do all the other work.

Exhibit—An exhibit consisting of ten ears of field corn, grown and selected by club members, will be required in all local, county and state club contests.

Well-matured ears, uniform in size and shape, with straight rows, compact kernels, butts and tips well filled, and small to medium sized cobs, are preferred.

Read every word in the prize list. Basis of rewards.—The awards in all corn club contests are as follows:

(a) Exhibit 50
(b) Final project report:
Best yield 20
Best profit on investment 20
Completeness and accuracy of report 10

Possible score 100

For the club scoring the greatest number of points in the corn growing contest:
1st, 2nd, 3rd, and 4th rewards.

Lot 2.—Potato Growing
Club members shall grow at least one-eighth of an acre of potatoes. They may hire the ground plowed, but must do all the other work.

Exhibit—An exhibit of one peck

of market potatoes, grown and selected by club members, will be required in all local, county and state contests.

The market demands a smooth, shallow-eyed, oblong oval, medium-sized tuber, free from disease and other blemishes.

Basis of awards.—The awards in all potato club contests will be as follows:

(a) Exhibit 50
(b) Final project report:
Best yield 20
Best profit on investment 20
Completeness and accuracy of report 10

Possible score 100

For the club scoring the greatest number of points in the potato growing contest:
