When a Farmer Writes a Letter

What do you expect? That it will be written on a blank of set paper that has been rusting on a dusty shelf for months?

Not a bit of it.

The farmer's stationery is as important as his automobile. He is a business man, and he does business the same way as the great men. He may raise hay, but you never find it sticking out of his boots.

We print letter heads, envelopes, bill heads, business cards etc. for farmers. No charge for a correspondent to make a mistake in the name, or in the address, when it is plainly printed on the letter head or envelope. No charge for purchase to go astray in the mails.

The next time you want anything in the printing line, either come in and tell us what you want, or mail us your order and we will do the rest.
