### ANOTHER FORD YARN

Columbus Advocate  
Lew McCall says that motorists who come through Columbus enroute for Kansas City have about the following conversation when they stop at the filling station here: "How far is it to Kansas City?" "One hundred and forty miles," is the reply. "Gimme twenty gallons of gas and a half gallon of oil," says the driver. "How far is it to Kansas City?" "One hundred and forty miles," "Gimme ten gallons of gas and a half gallon of oil," and he drives on. Along comes a five and the driver uncovers himself, gets out and stretches and asks "How far is it to Kansas City?" "Oh, about 140 miles." "Is that all, Gimme two quarts of water and a bottle of 3-in-1" and hold, this won't be long until I get in.

### IRRIGON NEWS ITEMS

At the regular meeting of the Commercial club Friday evening, it was decided to have a sign put up on the highway opposite the lumber yard pointing to our auto camp grounds, and worded "Auto Camp Grounds." We have a very desirable location for tourists to camp and nice shade trees, and only lack the building of some conveniences which the club decided must be made in the spring. It was the opinion of the members that necessary.

action should be taken to advertise the grounds and put them in shape second to none on the highway before the 1925 fair trade. It was also decided to have a sign put across upon the Washington side of the highway, reading "Irrigon."

The first week of school average attendance was 85 which is a slight increase over the last year. The pupils are arranging to fix the old second building over into a suitable building for playing basket ball. The partitions are to be taken out as well as the ceiling. The boys hope they will be able to do most of the work themselves and some have volunteered to help the boys with the necessary carpenter work, making no cost to the district.

The ladies' Aid gave a basket social in the church Friday evening. The returns are to be used for purchases on the piano recently purchased by the ladies for the church. A good time is reported by those who attended.

Quite a number of Irrigon people attended the field week Saturday as spectators. Among those taking part who report having had a good time were Prof. Grover, Miss Anna Glasgow, Mrs. Lester, Mr. and Mrs. Fogarstrom, Mr. and Mrs. Hessecock and others.

Mr. and Mrs. Dayton Larsson spent the weekend at Boardman with his brother.

Mr. and Mrs. W. L. Suddarth are driving around in a new Ford these days. It is one of the self-cranking motor with shock absorbers, etc., and they promise fast time going and coming between their place and school in the Butter creek country where they are both teaching again this year.

Mrs. Wm. O. Fields, who has been visiting with her sister, Mrs. Chas. Deussen for several weeks, returned to her home in Astoria, Ore. Monday. She went via Portland visiting with Mrs. Leone Listers. Mrs. Deussen's daughter for a few days at Portland, from which her husband read via the Northern route.

Mr. and Mrs. Hendrick and family have motored over to Granger, Wash., where they are spending the apple picking season in camp, picnic apples.

Very good tree ripen apples can be had at very low prices now at J. W. Warner's, R. A. Doble's and Mrs. Watkins. Some probably at Grim's and Glasgow's also. Bring your containers.

Irrigon was completely deserted Tuesday. Everybody took in the North Morrow County Fair at Boardman, and it was well worth the time. A large load of exhibits was taken down Monday afternoon by R. S. Larsson followed by two more truck loads early the following morning, consisting of all sorts of exhibits, displays and decorations for the booths. Outside people attending the fair were astonished at the great variety of farm products offered.

L. A. Hunt, former county agent of Morrow county, and now manager of the Oregon Hay Growers association, is quoted as having said he never saw anything his equal. C. C. Calkins, present county agent of this county, judged the farm products, while H. K. Dean, of the Umatilla Experiment station, attached the blue ribbons to the live stock. Mrs. W. R. Nugent of Umatilla, judged the ladies' fancy work, canned goods and other items in the ladies' department. Hugh Grim, Mrs. C. E. Glasgow and Mrs. Wolfe were in charge of the Irrigon Booth assisted by a number of ladies including Mrs. F. H. Hicks, Mrs. W. T. Eggleston, Mrs. F. C. Fredericksen, Conspire Glasgow and D. H. Hessecock. The evening entertainment prepared by the Boardman people must be mentioned among the leading parts of the day program. The Boardman people tried every body most royally nothing of the kind having ever come to the notice of the writer. A free dinner and supper was served in cafe style in the basement of their elegant school building to everybody. A careful check was made of the visitors at different times, that none should be missed. While the Irrigon booths were acknowledged as much in the lead and took 72 first ribbons and 28 seconds out of the total of 122 blue and 47 reds, and a blue ribbon as a booth display, the Boardman exhibits were worthy of much mention. For being practically a new settlement, the Boardman people had a great variety and some of the best farm products ever shown at any fair in the county. Among the Irrigon exhibits a sunflower sixteen feet high displayed by Carl Caldwell. Three very select large watermelons grown by Walter Warner and having attached blue ribbon early in the day. Chas. Powell, J. W. Warner, Hugh Grim, C. R. Glasgow, F. H. Hicks and Mrs. Blanche Watkins were leaders in farm products exhibits, and the ladies' fancy work and canned goods and other things were exhibited by so many of the ladies' it would be impossible to

write special mention of any one exhibit in that line. Prof. F. G. Grover displayed in the Irrigon booth his collections of relics gathered in the Philippines during his three years of teaching on the islands. This added considerably to making the booth attractive. The ribbons were divided under the three departments as follows: Mrs. H. C. Wolfe, canned goods, etc., 19 blue and 6 reds; Mrs. C. E. Glasgow's department of fancy work, 27 blue and 16 reds. The Irrigon pillow display carried off a blue ribbon. The ladies' have asked the writer to thank Hugh Grim and C. E. Glasgow for their assistance in putting up the booths and making the arrangements under their directions. The writer who has acted as chairman of the Irrigon committee wishes to thank all of the Boardman people in the way they have responded to and assisted our committee in their work and also wishes to thank the members of the Irrigon committee who have so faithfully worked to make the fair such a grand success. The exhibits were placed during the night and trucks were dispatched to Heppner with the exhibits early the following morning, where the county fair is held for three days, ending on Saturday of this week. Some of the exhibits will be selected from this list left at to show at the Salem State Fair.
