**GREATEST WAR EVER WAGED ON A BUG
TO BE MADE ON THE PINK BOLL WEEVIL**

Picture in one of the seven poison plants on the Texas border. All trains from Mexico are fumigated with deadly cyanogen gas to kill the destructive pink boll weevil whose home is Mexico.

**Uncle John's
Poem**

HAIL, NEW YEAR!

Hello, Youngster,—Glad ye're comin'! Been a-lookin' sharp fer you; old year's chariot's gone a-hummin'—Welcome, Nineteen-twenty-two! Don't commence to act contrary, cause yer cradle's cold an' wet,—Babies born in Janooary don't look pretty when they fret! In the lap of Peace an' Plenty, you got lots of chance to grow. . . . You'll be bigger'n Nineteen-twenty, when you're six months old, or so. . . . We're expectin' great things of ye,—Make our fondest dreams come true! Won't ye try to make us love ye,—fetch us flowers, an' honey-dew? May be some that dreads to meet ye, as they think of fruitless years. . . . I myself, would hate to greet ye, through a veil of blindin' tears,—but the spirit, all-endurin'—must not falter—must not grope,—Let the New Year, reassurin'—hand us Faith an' Love, an' Hope!

**RECLAMATION JOB ESTIMATES
GIVEN—SINNOTT APPRISED**

Washington, D. C., Dec. 29.—Acting Director Morris Bien of the reclamation service, in a letter to Representative Sinnott, explains how the department proposes to use the money called for by the estimates sent to congress for the Powder River, Klamath and the Umatilla projects in Oregon.

Of particular interest is the explanation made as to the work contemplated on the Klamath project in connection with the tule lands, which have long been a subject of controversy. As these are in public ownership, they have been especially in mind for utilization for settlement by soldiers under preference rights to former service men. Below are quoted the division of estimates for the Umatilla project as given by Mr. Bien:

Operation and maintenance	\$ 50,000
Surveys, etc.	1,000
Storage, McKay Creek (preliminaries and commencement)	230,000
Canals—Betterments and extension, east and west units	145,000
Drainage, west unit	50,000
Reimbursables	4,000
Indirect	20,000
Total	\$500,000

C., Dec. 28.—Congress completed its program of Russian relief today by passing the bill which appropriates \$20,000,000 for purchase of grain and other food supplies for Russia's starving millions. **LABOR AND FARMERS CAN
ATTAIN PEACE SAYS HARDING**

Washington, D. C., Dec. 28.—An appeal to President Harding to call a world conference of organized labor and organized farmers next spring to "achieve lasting peace," was made Saturday by the Farmers National Council.

The Council urged the president to call a labor-farmer conference as a "wonderful Christmas gift" not only to America, but to the peoples of the world. "The armament conference has proven a serious disappointment," the council said in a statement. It added that it was "perfectly evident" the armament conference would not do the "essential things to prevent war."

IRRIGON NEWS ITEMS

Mrs. R. R. Proebstel, nurse of Echo, who has been attending to Mrs. W. R. Walpole since her injuries about a month ago, returned to her home Thursday.

Mrs. John Boavert, who has been visiting at Corvallis for a couple of weeks, returned home Thursday.

Mr. and Mrs. J. P. Goebel are spending the holidays with their folks at Wallowa. Frank Goebel also went to Wallowa and expects to stay until the spring work opens up.

Miss Anna Ellertson, of the school staff, is spending the holidays with her folks at Clatskanie.

Prof. Grover's mother arrived from McMinnville Friday morning and is here for the holidays.

Mrs. Blanche Watkins and Dale motored to Heppner Wednesday, returning Friday. They report roads in fair shape.

There must be more than one Santa Claus this year. The mails for the past ten days have been heavier than ever before. As much as a quarter ton of mail has arrived on one train and that is a pile for a small town. Credit must be good or else people have more money than usual.

The Christmas tree and program given by the school under the direction of Prof. Grover and his staff of competent teachers: Mrs. J. W. Warner, Mrs. W. T. Eggleston and Miss Anna Ellertson proved to be the best of its kind ever given here. Neat programs printed by hand were provided for everyone as they entered, reading as follows:

- Piano Solo Ishmael Hendricks
- Invocation L. A. Doble
- Song Chorus
- Dr. Doc-Ems Xmas Dialogue
- Recitation Delmer Lane
- Santa Claus Song
- Recitations Kindergarten
- Pantomime Primary
- Gifted Givers Play
- Song Male Quartet
- Darning the Christmas Stockings Dialogue
- Christmas Light Song
- Recitation Ralph Doble
- Catching Santa Claus Dialogue
- Star Drill Intermediate
- Song Primary
- Recitation Margaret Allen
- Cradle Hymn Pantomime
- Selection String Quartet
- The Birth of Christ Tableau
- Good Night Song

Every child knew his or her part and carried it to a point of perfection. The applause in nearly every instance brought them back for more, and they seemed to have an endless chain provided for the occasion. The entertainment lasted over two hours and then the Santa Claus appeared upon the scene with his heavy pack of nuts, candies and other good things to eat. Every child was abundantly provided for. Prof. Grover and his aids are to be congratulated and complimented.

The rabbit poisoning campaign is going on this week over the entire district. A central mixing up station was established Monday on the grounds used two years ago back of the depot and the farmers were given districts to cover by Chas. Powell, our resident control chairman, and each took a load to the assigned localities. H. C. Wolfe and Earl Chaney had a district south of Irrigon where the poison was put out Monday afternoon and in going over part of the ground early Tuesday morning they counted 530 dead rabbits. They estimate the number to be several times greater than that killed from their efforts the first night. Others have not made any check of the grounds but dead rabbits are to be found everywhere.
