

## Local Happenings

Mrs. Snively called on Mrs. Chaffee Saturday.

Frank Cramer walked to Earl Cramer's on Sunday.

East End thermometers stood at zero Tuesday morning at six.

Mr. Carty has been hauling hay from Mr. Skoubo's this week.

Mr. MacIntyre went to Heppner on business the latter part of last week.

There were two more pupils entered school from Castle Rock this week.

Mrs. Hopkins enjoyed a car ride over the project with Mrs. Snively Sunday.

Girls, let's all go down to Marvel's. She knows where Jack keeps his hickies.

Messrs. Tate, Weston and Hines were business visitors in Irrigon on Wednesday.

Wan't that a dandy paper last week? Let's keep the good work up. Everyone help.

Mrs. Root and Miss Chaffee called on Mrs. Dillon Sunday to see the new girl there.

School started again Monday, and all East End was ready and anxiously waiting to go.

Mrs. W. A. Price returned last week from an extended visit in Chehalis and White Salmon.

Again we ask, what has become of the Boardman Commercial Club? Has it died a natural death?

The two young children of Chas. Hango were taken to Portland this last week for medical treatment.

Mr. and Mrs. Lee Mead motored over to the ranch Sunday, and made a short call at the Earl Cramer home.

The cheese factory people have rented half of the L. V. Root building to store their cheese in until it ripens.

The small son of Mr. Mowe had the misfortune to fall out of his high chair this last week and break an arm.

Helen and Albert Boardman have been on the sick list for the past two weeks. They are improving at this writing, however.

Mr. Chaffee was out in the east end the first of the week fixing up the telephone line which the people certainly appreciated.

Saturday night the Grange gave an old fashioned dancing party in the auditorium followed by refreshments. Everybody had a good time.

The cheese factory dropped two cents per 100 pounds on the price of milk the first of February, now paying \$1.80 per 100 pounds.

There are a few more packages of free seeds at the postoffice which call for if you want some good seed to plant if it thaws out this spring.

A number of the East Enders went to the "Old Time Dance" in the old time way. And it's lots of fun to ride on the hayrack, even if it is cold.

L. V. Root and family and Miss Esther Chaffee and Al Macomber were entertained at a chicken dinner Sunday at the W. H. Mefford home.

Among the rabbit drivers last Sunday from the east side were Mrs. Garrett and Mrs. Richardson. After the drive they visited at the W. H. Mefford home.

**JERSEY COW FOR SALE**—Good one; 7 yrs. old; worth all asked. Also Electric washer. See S. D. Pierce, Stanfield, Ore.

Ray Brown helped Walter Cohoon move his garage again last week. Walter was thinking some of "leaving it on rolls," but decided to turn it into a dairy barn.

It looks like Harry Murchie is trying to bluff the winter out for he has started to build a new service station. It sounds good to hear the hammers going again.

We wish to correct an error in one of last week's locals. It should have been "About seventy-five (75) were at Mr. Miller's for lunch," on the day of the rabbit drive.

Belle Packard and Ethel Broyles, former students who have been at the Walla Walla College for the past semester, are again enrolled in the Boardman high school.

Mrs. Klages, who is at the Umatilla hospital, is improving from her recent operation, and expects to be home in about a week. Louise must soon undergo an operation for appendicitis.

Petitions and remonstrances in regard to roads into the wheat country south of Boardman are being circulated. Instead of the Juniper Canyon route which many prefer, some want a road straight south to Wells Springs.

Mr. and Mrs. Chas. Hiatt of Hermon, and Mr. and Mrs. Alfred Hiatt of Echo, brothers of Mrs. Royal Rands, were guests at the Rand home last week. Buster and Wahnona motored back with them, returning Monday.

Mr. Heins of Port Angeles, Wash., is here on business, and we understand he has sold his unimproved 40-acres to Mr. Tate, who has been here some time waiting for the snow to leave so he could see the land around here.

A. T. Hereim was sick with a peculiar malady this week, having had an attack of hiccuping which lasted from Saturday noon until Monday evening. And in a dry country, too. However, the doctor said it was the result of toxic poisoning.

On Wednesday Mr. Scullen, Bee Specialist, was to be here but owing to a conflict in Mr. Scullen's schedule it will not be possible for him to be here at this time, but he will appear at a later date this season. Bee keeping was also dropped from the Irrigon schedule.

Another East Ender starting for the top. Walter Cohoon has bought four Holstein cows from Mr. Mow, and is really installed in the dairy business. Fates have already decided that he will make a success. Look what the Mirror said last week about the cow on the farm.

## Boardman Utellem

Vol. 2. Boardman High School, Boardman, Ore., Jan. 27, 1922. No. 13.

The "Utellem" has had a vacation as well as the students, which we hope won't occur again. The school year has been broken into a number of times for various reasons. Weather conditions caused some of the pipes to burst, the pump has been broken, and the heating system has not been as it should be.

The new schedule provides two periods immediately after noon for a cooking class. The eight girls who are in this class will take cooking three days in the week and sewing the remaining two. The school board has voted \$3 a month for supplies and the girls are to provide their own flour, sugar, salt and such things which are easiest for them to bring from home. Next week will mark the beginning of this work.

Miss Price is to teach Physics this semester.

The books for the Senior HI play "In Hot Tamale Land," a musical comedy, have arrived. The play cast has not been fully chosen and practice will begin as soon as this is completed. Watch for further particulars.

Mr. Signs addressed the Senior HI Student Body Tuesday morning. He read a letter from the State Chamber of Commerce in regard to the organization of a Junior Chamber of Commerce in our HI school. The work of this organization is along the lines of civic improvement. The motion was made, seconded and carried that we adopt the resolutions of the Chamber of Commerce. Motion

### DR. CONDOR IN RACE FOR REPRESENTATIVE

The following is a reprint from the Heppner Gazette-Times: Editor The Gazette-Times:

Wish to commend the article appearing on first page of the last or current number of your paper, Jan. 19, 1922, in which you, discussing the political situation relative to a candidate seeking the nomination at the May primaries for joint representative for Morrow and Umatilla counties in the Oregon legislature, make use of the statement—which no one will question—"So far this paper has heard no mention of any one for this place from our own county. Mr. Woodson has declared that he feels he has done his full duty by his fellow citizens both here and in Umatilla by standing for this office at two elections and serving them as a legislator, a place, by the way, that he has so well filled, and in which he has set so high a mark, that it will be no easy task for another to take his place, so the field is now an open one. Heretofore, Umatilla county folks have conceded the joint representative to this county as this is all we have, and for our part we should be glad to see a strong man from this county put forth."

Having resided for about a quarter of a century, half of my life time, in Oregon, visited the Legislature often at Salem and taken part in its procedure and otherwise been intimately associated with the law makers, I have no personal ambitions of a political nature, but I think it my duty, and so desire to announce to the republican voters of Morrow and Umatilla counties that I will seek the nomination at the May primaries.

Having traveled extensively in all sections of the entire state of Oregon, and thus become personally acquainted with many of her citizens and problems, having resided continuously for the past thirteen years in Morrow county where I have an eight hundred-acre wheat ranch, and have wrestled with the problems common to the farmer and stockman and having had extensive interests and experience in the stock-raising business before coming to Morrow county and having met in a professional and business way the men engaged in farming and stock-raising as well as other citizens throughout both Morrow and Umatilla counties, I may help home little to initiate some very much needed and desirable legislation if I am elected to this position in the Legislature.

Paid Adv. J. PERRY CONDER.

### FOR COMMISSIONER

I hereby announce myself as a candidate for the nomination to the office of County Commissioner, subject to the will of the Republicans of Morrow county, to be expressed at the Primaries in May, 1922. Present Incumbent.

G. A. BLEAKMAN, Boardman, Oregon.

C. Snively left Saturday for Bend to look after his homestead there.

was made, seconded and carried that the president of the student body with the co-operation of Mr. Signs appoint a committee to meet with the Commercial Club. The committee was Chas. Attebury, Truman Messenger, and Edna Broyles.

The Boardman high school has organized a Junior Chamber of Commerce to co-operate with the local Commercial Club and the State Chamber of Commerce in civic enterprises. Its officers are Wilma Gilbreth, president; Dorothy Boardman, secretary, and Chas. Attebury, Edna Broyles and Truman Messenger Junior State Chamber committee.

A beginners class in shorthand has been organized. Its members are Uram Messenger, Chas. Attebury, Ethel Broyles, and Bell Packard.

The return basket ball game with Arlington was a blow. The score was 24 to 3. Needless to say in whose favor.

Howard Packard has entered the Junior HI room.

Miss Runner is teaching Geometry to the Algebra III Class this semester.
