

Local Happenings

It was reported in error last week that Marvin Rancier has scarlet fever. He is fully recovered from a slight illness and will return to school next week.

Glen R. Hadley, of Boardman, is here this week looking for a location. It is interesting to remember that his mother was a visitor here last summer and is a sister to Frank Cramer. We are more than glad to welcome him to our community.

Mr. Warner took Mrs. Klitz and Mrs. Klages to Hermiston Tuesday to have some dental work done.

Little Leona Kutzner is gaining along fine this week and is gaining rapidly in weight.

Frank Cramer and Mr. Klages are doing some ditch work this week on their respective places.

R. S. Smith is taking a few days vacation, and is now in Portland. It, Yerkis is relieving him as operator.

Mrs. Lindsey, Mrs. R. S. Smiths mother left for Los Angeles Monday.

L. V. Woodard, and Claude Meyers are no longer employed at the coal chute. This since April first. The R. R. Company has contracted the chute and contractors are working forces ten hours a day instead of eight.

Mrs. Earl Cramer is confined to her home this week with a severe cold.

Mrs. A. L. Larson came home last Saturday. At this writing she is getting along well excepting that she is very weak.

Mamie Hangö is helping Mrs. Larson this week.

A. T. Hereim is at work on the Skoubo place this week.

Twenty-nine applicants for federal district have been able to consummate loans in the Boardman-Irrigon area. The total amount distributed is \$67,900. Practically no one received as large a loan as asked and a few were turned down for some technicality. Some homesteaders who applied, were not allowed loans, though it is hoped that owing to new legislation, this privilege will be allowed to one who has not yet proved up. The homesteading years are critical times, and if financial help could be had there would be fewer failures.

The entertainment put on by the American Legion imitating the Williams Jazz Orchestra last night was well attended and enjoyed. Dancing followed the program.

Mrs. Dan Rancier has been very busy since the purchase of her rag rug loom. She has had the loom only three weeks and has made 20 rugs.

Word has been received from W. L. Finnell at Couer d'Alene, Idaho, that he has been very ill.

The school auditorium was packed Friday night with the little tots of the community presented the most enjoyable program of the season. The best professional entertainers could well cover the applause given every number. There were songs and recitations and the main attraction was Tom Thomb's Wedding, and the bride and groom, brides maids and groomsmen, the minister and the ladies and gentlemen all carried their parts to perfection. The "Bride" was Mildred Allen, the "Groom" Ted Albright and the "minister" Dale Albright. The program which follows was developed by the Ladies Aid and netted \$30 for their church fund.

Program
 Song Sadie Larson
 Recitation Basil Cramer
 Song Jessie Klages
 Recitation Norma Gibbons
 Chorus 3rd and 4th grades
 Recitation Mahave Kutzner
 Tom Thomb's wedding.
 When you and I were young, Maggie, Sadie Larson and Dan Snively.

One of our subscribers writes thus: Editor: Boardman Mirror:

What is the matter with the school board, couldn't furnish water for the town and get paid for it, but can furnish light and heat FREE for any kind of an entertainment or meeting any one wants in the school house any time. Think it over.

We don't know a thing about it. —Editor.

F. E. Edmunds who has been here for the past week making improvements on his farm, returned to Portland Sunday.

Miss Vesta Mefford, daughter of Geo. Mefford, is visiting with her grandparents, Mr. and Mrs. W. H. Mefford.

Dr. Curry an dwife, eye specialist, of Seattle, were here on Wednesday, enroute home from Long Beach, Cal. Dr. Curry plans to return here for another visit about July 1st.

Mr. and Mrs. Joe Cunha, of Echo, and Mr. and Mrs. Art Spinning, of Hermiston, were Boardman visitors Monday evening.

Have you a little lamb in your home? Its the latest fad on the project to adopt an orphan, and they are getting plentiful.

Mrs. Klitz and son and Mrs. Klages visited with O. H. Warner to Hermiston on Tuesday, and made calls on the dentist.

One of the most successful meetings that have been held in the local church was held last Sunday morning when Rev. Gary, of Portland, a prospective pastor spoke. Mr. Gray is a comparatively young man for the has a good delivery and appearance, and is broadminded in his views. The trustees of the church have asked Rev. Gray to speak again, and it would be well for all those who can to come and hear him.

On Easter Sunday the Community church is planning to hold all day services. Sunday school will commence at the usual time, with church following at 11:30, and a basket dinner after the services.

Col. Emmett Callahan has returned home after spending the winter at the Arlington Club in Portland.

Royal Rands is loading a car of hay at Peters, for F. L. Brown, to be shipped to Mr. Brown's farm near Antelope.

MARK A. CLEVELAND, Publisher

Sworn to and subscribed before me this 7th day of April, 1922.

(SEAL) JULIA HAGGMAN, Notary Public

(My commission expires March 17, 1924.)

IRRIGON NEWS ITEMS

C. C. Grim arrived with his car of household goods, stock and other things Tuesday morning and is on the job getting things lined up for his service station. Mr. Whitlock, his father-in-law and Mrs. Grim arrived on No. 2 the same day.

Mr. and Mrs. W. N. Jacobson, of Paterson, Washington, motored over via the Irrigon ferry to meet friends arriving on train no. 1. Mr. Jacobson reported that the county court of Benton county has definitely decided upon the Prosser-Patterson-Irrigon road and will start grading in the near future. The question had come up whether to make this the main road or to go to a point opposite Arlington. The Patterson people rejoice with us in having this road established as the main connecting with the south side roads.

W. W. Lord, Special deputy and S. C. Blake, assistant deputy of Benton county, motored to Irrigon early Friday morning in search of Orville Allen. It was learned that he crossed the ferry late Wednesday evening and the telephone lines were kept hot during the night and Allen arrested at Arlington Friday night. It is alleged that Allen had attacked a little girl near Prosser in the Horse Heaven country. Messrs Lord and Blake took Allen to Prosser from Arlington the same day.

Walter Wright, 65 years old, of Cleveland, Ohio, passed thru Irrigon March 31, on his way back to Cleveland hiking. He started from Cleveland last summer and walked down to New Orleans, Los Angeles, then to Portland and up the North bank to Paterson, crossing on the ferry and stopped at the station to have his book stamped by the agent. He proceeded on his way to Umatilla and will go via Spokane and the northern routes home. He is walking for his health and sleeping out of doors whenever the weather permits.

The Irrigon Commercial Club Saturday evening sidetracked the question of a new county for the time being. While admitting the many advantages that might be gained by such action, it was agreed that our county officials treated us pretty liberally at the present time and nothing could be gained except additional taxes. The opinion being that the matter could be handled when it became necessary at any later date.

The farm bureau meeting Saturday evening was of more than usual interest. Mr. Schuster, horticulturist of the experiment station, remained with us for the evening after holding pruning demonstrations on Glasgow's ranch in the afternoon and gave us a very interesting talk. C. C. Callahan, our county agent, and Chas. W. Powell, who returned during the day from the trip to Yakima to gain ideas on quick crop production, outlined results of their trip. Potatoes, strawberries and many other little possibilities were discussed. This was the first time Mr. Callahan has been able to be with us at our regular meetings and he gave us a long talk. He urges us to realize the necessity of rodent control fund and the need of the same was the opinion of those present.

OUR LARGEST MUNICIPAL PIER

CHICAGO'S municipal pier, one of the largest and most useful public structures, is likewise one of the stupendous engineering feats of the times. It not only provides 8,500 feet of dockage space and more than 450,000 square feet of freight storage space, but is also a magnet of enormous proportions for recreational purposes.

This great structure juts out into Lake Michigan for 3,000 feet and is 202 feet wide. In its construction there were used 20,000 piling, 1,500,000 cubic yards of sand and clay and 50,000 cubic feet of re-inforced concrete; 80 cars of steel sash and doors and 80,000 window panes. Although subdivided into a headhouse (the shore end), a freight-and-passenger section, a terminal building and a recreational section, it is all under one roof.

Street cars ascend an incline to the second floor and run out to the terminal building. Foot traffic is accommodated by 16-foot-wide boardwalks, 2,240 feet long, reaching out to the recreation end of the building.

In addition to spacious waiting and rest rooms, there is a hospital, restaurant, art room, auditorium—used for dancing, concerts and banquets,—and a roof garden.

DAYLIGHT ROBBERY DARING

Retired Financier, His Wife and Seven Servants Bound.

New York.—The most amazing daylight robbery New York has known in many years occurred in the home of Albert R. Shattuck, retired financier, 19 Washington square north, when four armed bandits overpowered Mr. and Mrs. Shattuck and their seven servants, bound them all with ropes, locked them in a wine cellar and stole jewelry valued at \$90,000.

The robbers ransacked the dwelling for an hour and a half, but as they were leaving, one was captured and, in an overcoat he had abandoned in his flight through Washington square, jewels valued at \$20,000 were found.

The alarm was given by the butler, who freed himself from his bonds and, running to a neighbor's house, while the thieves were still at work, telephoned the police.

Two Millions Paid For Timber Tract.

Hoquiam, Wash.—What is said to be the largest deal ever consummated in the timber business on Grays Harbor was completed here when William E. Poeling and associates of Seattle sold 530,000,000 feet of timber at the head of the Hoquiam river to H. J. Miller of the Miller Lumber & Logging company of Everett for a consideration said to have been more than \$2,000,000, mostly cash. The timber is mostly fir.

Small Demands Women on Jury.

Waukegan, Ill.—Governor Len Small demanded that women sit on the jury which is to try him on charges of conspiracy to embezzle state funds. Through his attorneys he challenged the entire jury list of Lake county because only men had been called.

LLOYD GEORGE IS UPHELD

Vote of Confidence Given By House of Commons.

London.—The house of commons, after an unexciting debate, adopted by the substantial majority of 278 Premier Lloyd George's resolution calling for confidence in the government's policy on the coming economic conference at Genoa. The vote was 372 to 94.

In the earlier part of the session the house passed an hour and 20 minutes of such tenacious as it had not experienced for many months, when the prime minister, fresh from his retirement in the country, threw down the gauntlet to his opponents and declared a vote on the hitherto innocuous Genoa resolution was tantamount to a vote of confidence or lack of confidence in the government.

"Siamese Twins" Spines Joined.

Chicago.—The "Siamese twins," Josefa and Rosa Blazek, who died last week, were joined at the spine and severing them would have been fatal, according to X-ray photographs taken after their death. The pictures, it was declared, showed a continuous U-shaped spine and also several vital organs in common. The death was due to intestinal obstruction, according to George W. Brady, radiographer.

Borah for U. S. Mine Operation.

Washington, D. C.—Government operation of the coal mines was suggested in a statement by Senator Borah, republican, Idaho, chairman of the senate labor committee, after conference with representatives of miners and operators. The senator said this was the alternative if the coal industry was not reorganized.

The O.-W. R. & N. will spend \$1,500,000 of the \$5,000,000 to be spent on improvements this year on the division between Pendleton and Huntington. The work to be undertaken is mainly ballasting and replacing the old rails in many places.

There are between 25 and 30 youths in the state training school for boys at Salem who are eligible to parole, but under present conditions they cannot be released because they have no homes and the state has made no provision for their after care.

A schedule of payment for piece work in canneries of the state, which had been drawn up at previous conference of employers, employees and representatives of the public, was adopted at a meeting of the industrial welfare commission at Portland.

Senators McNary and Stanfield have telegraphed to individuals and organizations in Roseburg that they will lend their support to the effort to obtain an amendment of the rivers and harbors bill to make provisions for work on the Umpqua harbor.

No reduction in the number of units, or withdrawals of federal allotments for the Oregon national guard will result from the annual inspections by the government, just completed, according to information received by George A. White, adjutant-general.

The Oregon public service commission has denied the petition of the Oregon Short Line Railroad company to establish tri-weekly train service on its so-called Crane and Brown branches in eastern Oregon in place of the present daily mixed train service.

Boardman Utellem

Boardman High School, Boardman, Ore.
 Editor in Chief — Literary Editor — Della Olson '23
 Frances Blayden '23 Joke Editor — Roy Gilbreth '22

Saturday night, April 22 is the date set for the annual Declamation contest for the Boardman schools. In connection will be shown the four reel film Pilgrims Progress. A charge of 10 cents for children and 25 cents for adults will be made. Contestants will be admitted free.

The girls have a new indoor baseball and they are thinking some of organizing a team like they had last year. They would play under the indoor rules and regulations as they did before.

The Junior high school students are learning their parts in the play, "The man without a country" which they plan to give in the near future. Edward McClellan is to play the part of Philip Nolan.

The baseball game between the Arlington and Boardman teams was played under difficulties as a hard wind was blowing. Arlington scored most of her runs in one inning, after which Boardman held her down but couldn't seem to catch up. The score stood 12 to 4 in Arlington's favor.

Miss Price took her cooking class up to the cheese factory Wednesday morning from 10:30 to 12, so that the girls might see the process of cheese making. Mr. Andreg kindly explained the different steps, showed the girls the cheese cellar, and gave them a brick of cheese to eat. Cheese making is an interesting process and the trip was enjoyed by all the girls.

A number of the girls in the sewing class are making spring dresses, two of which have been completed. They are neat and pretty and suited to the wearers.

The manual training class have just finished making some hope chests which are certainly good looking and very well made.

Mr. Signs has announced the coming of Arbor Day and has asked the students to secure good trees that may be planted on the occasion by the different classes.

Earl— Say Jim, What have you got in that box?

James— Why, a compass

Earl— What are you going to do with it?

the ball in some game, I could tell James— If I should happen to hit which direction to run.

Webster— Coffee Sir?
 Customer— Coffee without cream.
 Webster— Sorry Sir, but you will have to take it without milk as we are out of cream.

"The Yanks are Coming" hummed the dentist as he prepared for an extraction.

A Souvenir— She held out her hand and the young man took it and departed.

Ray— You sit down on every joke I write.

Francis— Well I wouldn't if there was any point to them.

FOR COMMISSIONER

I hereby announce myself as a candidate for the nomination to the office of County Commissioner, subject to the will of the Republicans of Morrow county, to be expressed at the Primaries in May, 1922. Present Incumbent.

G. A. BLEAKMAN,
 Hardman, Oregon.
