BOARDMAN COWS TO BE TESTED NEXT WEEK

Word has just been received from Dr. E. R. Derfingier, of the State Veterinarian's office that he will be in Boardman on next week to test the cows on the project for Tuberculosis. Early last winter petitions were circulated among the dairymen asking for a test, and most of the cows were signed up at that time. A few who were missed will probably be lined up before the veterinarian arrives. Those interested in the dairy industry desire that every cow on the project be tested while we have that opportunity.

JIM STEWART SICK

CANT RUN FOR SENATE

Jim Stewart, father of W. H. Stewart of Boardman, known all over Oregon as the preacher of the gospel of good roads, good schools and good citizens, after having filed as a candidate for joint senator from Benton and Polk counties, announces withdrawal from the race on account of ill health.

Mr. Stewart has been a member of the house and also the "third house" and an influential member, at that. Too bad he couldn't get to go to the senate. If he isn't sick-a-bed, however, he will be present at the session of the legislature boasting for good roads and the O. A. C.

Mr. Bechtold of Hardman, was a visitor of Boardman, Sunday.

Ku Klux Fight Sinned

Anti-Catholic feeling is behind the opposition to the re-election of Congressman N. J. Sinnott, of the second congressional district, the Eastern Oregon precinct. As a congressman he has made good in a manner that is peculiarly satisfactory to his constituents, and besides that he has attained a standing in congress that has caused him to be discussed extensively as of cabinet caliber. The only criticism against Sinnott is that he is, or is supposed to be a Catholic. So the anti-Catholic organizers are busy. James W. Gwinn, of Pendleton, a strong candidate because of his excellent reputation for energy and enterprise, is the opposing candidate and has this anti-Catholic backing. But there are too many people in Eastern Oregon who are indifferent as to a man's religion, believing it to be his own business for the anti-Sinnott effort to gain any proportions. In spite of his great popularity it is doubtful if Gwinn can carry his own home town against Sinnott. James Harvey Graham, of Baker, a really operator, is as usual after the democratic nomination. His name is getting some good advertising as a result of his regular running for congress, so much so that if Eastern Oregon should ever go democratic in a landslide, Graham might get to go to congress for a term.—Oregon Voter.

HOTEL BLAZE ROUTS PROMINENT PEOPLE

Washington, D. C.—Vice-President Coolidge, several members of the senate and house of representatives and many other persons prominent in public, business and social life were among some 600 patrons of the New Willard hotel who were routed from their beds by a fire which swept the top floor of the ten-story graystone structure at Pennsylvania avenue and Fourteenth street.

The blaze had its origin in the ballroom on the tenth floor, where a few hours before President Harding, Mr. Coolidge, members of the cabinet, senators and representatives, foreign diplomats and others had sat around the banquet board as guests of the Gridiron club at its annual spring dinner and frolic.

Brigadier-General C. E. Sawyer, personal physician to President Harding, and Mrs. Sawyer were awakened by hotel attendants and later found shelter at the White House.

Other prominent guests in the hotel included General Charles G. Dawes, director of the budget; General T. Coleman DuPont, senator from Delaware and one of the owners of the hotel; Senators McNary, Oregon, and Rawson, Iowa; C. C. McChord, chairman of the interstate commerce commission, and John T. Adams of Iowa, chairman of the republican national committee.

POSTAL IMPROVEMENT WEEK IS OBSERVED

May 1 Sees Inaugurated First General Campaign of Kind in Service.

Without the Postal Service, business would languish in a day, and be at a standstill in a week. Public opinion would die of dry rot. Sectional hatred or prejudice only would flourish, and narrow-mindedness thrive.

It is the biggest distinctive business in the world and it comes nearer to the innermost interests of a greater number of men and women than any other institution on earth. No private business, however widespread, touches so many lives so often or sharply; no church reaches into so many souls, flutters so many pulses, has so many human beings dependent on its ministrations.

"Postal Improvement Week" has been set for May 1, by the Postmaster General. This is the first general campaign of its kind in the Postal Service for several decades. Business men and their organizations, large users of the mail, newspapers, motion pictures, advertisers, and the entire organization of 325,000 postal workers are to be enlisted in this country-wide campaign of interest in postal improvements. Your help is vital. Address your letters plainly with pen or typewriter. Give street address. Spell out name of State, don't abbreviate. Put your return address in the upper left hand corner of envelope (not on the back) and always look at your letter before dropping in the mail to see if it is properly addressed. This care in the use of the mails is for your benefit and speeds up the dispatch and delivery of mail matter.

If you have any complaints of poor service make them to your postmaster. He has instructions to investigate them and report to the department.

COURTESY

It sticks in human relations like postage stamps on letters. The POST OFFICE DEPARTMENT expects it to be used by its postmasters and employees in dealing with the public.

Help them in its use beginning with POSTAL IMPROVEMENT WEEK, May 1-6, 1922.

THANK YOU

Of the 99,435 persons registered in Multnomah county, 72,328 are republicans and 23,428 are democrats.
