WHEAT HARVEST NEXT WEEK

Wheat harvest will begin about July 15th. The excessive heat and a north wind that has prevailed for the past week will curtail the grain on the lighter soil ranches and lessen the yield materially.

The 1922 wheat crop in Umatilla county is estimated at 4,550,000 bushels by H. W. Collins, grain man. The yield, he believes, will be a little lighter than last year's, when the total was close to 5,000,000. The top west of Pendleton gives promise of a smaller total than that of 1921. Collins says that while he noted some damage as the result of hot weather, it is not serious, and he is a general, favorably impressed with the wheat.

HOW DO YOU LIKE HER SHOES, GIRLS?

This is the latest in footwear—a modification of the Russian boot. The new footwear is seen only on the flapper, who in summer time, simply must have something to take the place of the unlatched overshoes.

CAMP LAWS

1. Keep fit by living out of doors and keep the out of doors fit by living fit.
2. Burn and bury all filth and waste.
3. Civilization demands clean habits and every camp should provide comfort facilities.
4. Do not contaminate or pollute any stream or many of them supply water for domestic purposes.
5. Typhoid fever and many other diseases are avoidable and are due to unthinking carelessness.
6. It is unlawful to establish a camp nearer than the high water mark of any creek, spring, branch, brook, well or other source of water.
7. Absolute cleanliness is essential if we expect to continue to enjoy the many camping places that are available in Oregon.
8. Every autoist should take notice not only to make every effort to leave his camp in a clean condition, but also insist that others are equally efficient in carrying out every precaution to prevent disease.
9. The Oregon forests cannot be excelled for camping and with little effort can be made a continuous source of pleasure and good health.

PENALTY: Section 149—Any person who shall violate any of the provisions of this act or any lawful rules or regulations made by the State Board of Health pursuant to the authority herein granted, or who shall fail or refuse to obey any lawful order issued by any state, county or municipal health officer, pursuant to the authority granted in this act, shall be deemed guilty of a misdemeanor and shall be punished by a fine of not more than \$1,000 or by imprisonment for not more than a year or by both such fine and imprisonment.

STATE BOARD OF HEALTH

State Health Officer

WARNING:

Danger From Automobile Gases
Investigations made by the United States government show that gases dangerous to life are frequently present in the exhaust gases from automobiles. These gases are often present in sufficient quantities to produce disagreeable symptoms, or even cause death. The effect of these gases is produced very quickly, usually before the victim realizes the danger. Observe the following at all times:
Always open the garage door before starting the engine.
Do not allow the engine to run for any length of time in closed garage.
Do not work near the exhaust of a running automobile engine.
Special precautions as to ventilation are necessary when in garage pits.
When the exhaust is used for heating a closed car, the system must be free from leaks.
Persons overcome by exhaust gas from automobiles and gasoline engines should be removed to fresh air and artificial respiration performed until a physician arrives.
