BOARDMAN, OREGON, FRIDAY, AUGUST 4, 1922

NUMBER 26

SYNDICATE TO BUY IRRIGATION BONDS

Fifty six of the nation's largest financial institutions have formed a syndicate and will take over the \$28,000,000 Horse Heaven irrigation bond issue as soon as the supreme court of Washington rules on the validity of the issue, according to an announcement made Wednesday morning by John J. Etheridge, manager of Morris Brothers corporation. Etheridge returned Tuesday from an extended trip to eastern financial centers.

Under the plan, as announced, each institution is to take over about \$500,000 worth of the bonds. No move will be made, however, until after August 14, when the court ruling is anticipated. Work will not begin until 30 days later, even though the court ruling is favorable, Etheridge explained, to allow time for the filing of objections. Etheridge said he does not expect any legal complications in the decision to hinder the work.

The Horse Heaven country, which includes 340,000 acres in Benton is now a barren section. Water for irrigation is to be brought through a 12 foot circular pipe for almost 100 miles from the Klickitat river on the east slope of Mt. Adams. It will require at least two and one half years to finish the work, the general contract for which has already been let to Howard Amon, local contractor with offices in the Yeon building. Sub-contracts will be let soon after August 14. Engineering difficulties confronting the project are small, it was stated.

Etheridge declined to announce the names of the syndicate members declaring that to do so would merely invite keen rivalry, in some cases probably bordering on persecution. He declared this issue to be the first syndicate bonds ever placed from the Pacific coast, and indicated that the task had been a tremendous one, because of alleged harassment by enemies. Etheridge has been working on the deal for seven months. Morris Brothers participation in the bonds will be but \$500,000, the same as other members in the syndicate, the manager announced.

The Beck building on the highway is very rapidly taking shape and will be quite an important improvement to the town.

Mr. and Mrs. Earl Cramer and the Mead family returned from their trip to the mountains and report a delightfully cool camping experience. Each morning they were in the mountains they found ice in the water pail.

Mr. Warner took a number of ladies to Ald Wednesday and very kindly waited for them until they were ready to return to their homes.

Last Sunday the Packard family, the Broyles and a number of others, had an outing on the bank of the Columbia at the old Green house site. Aside from swimming, they feasted on melons which Dr. Severinsen had ordered for the occasion.

We are glad to hear that Mrs. Attebery is getting along so well since her operation.

Everything is quiet in Umatilla, as far as the strike of the shopmen is concerned. No disorders have been reported and it is not likely that there will be any at this point.

UMATILLA RESIDENT INJURED AT COLFAX

Ed Withy, former shop employee of the O. W. here was seriously injured the first of the week in an accident in the harvest fields near Colfax, where he has been employed.

He is being cared for in the hospital at Colfax where it is feared his injuries may prove fatal. His back is broken.

BABY CLINIC

On Wednesday of last week Dr. Johnston of Arlington held a very successful baby clinic at Mrs. Warner's. This is the first real "clinic" we have had here and we hope there will be another one soon for no matter how well informed we are upon baby culture, there is always something new learned at a clinic. Mrs. Tom Johnson, our county nurse assisted Dr. Johnston.

FIRST MELONS APPEAR

The first watermelons and tomatoes for this season were delivered last week. Dale Albright raised the tomatoes and sold them through the Cash Mercantile Co., and Charley Harrington produced the watermelons, selling them through the Boardman Garage.

SERVICE STATION ENTERTAINS

Mrs. H. V. Binns entertained a large crowd of young people last week at the service station. Ice cream and cake being served as refreshments with dancing afterwards. The ice cream was furnished by Tony Campanale in payment of a wager made with Mrs. Binns.

TWO NEW RESIDENCES

Two more new residences are going up in town now. Mr. Gibbons and Frank Cramer are each building a very attractive bungalow in the Cramer block.

PLAY BY LADIES AID

The play by the Aid will probably be given near the middle of September.

SAM BOARDMAN TAKING VACATION AND BUSINESS TRIP

S. H. Boardman is in Portland on a business trip accompanied by his cousin, Clark Boardman of New York. Sam expects to take a trip to Ashland before returning for a few days visit with Bert (Sap and Salt) Moses and in the interest of the whole project generally but the cheese factory in particular. He may be in the morgue at Portland however, at this time for he took a whole grip of Boardman cheese with him when he started.

Mrs. Chas. Wicklander left Sunday for a visit with friends and relatives in Portland. She was accompanied by Daniel Wicklander of Salem, who had spent the past 10 days here with his son.

TO MISS FLAPPER

Blessings on thee, little dame—
Bareback girl with knees the same,
With thy rolled down silken hose
And thy short transparent clothes;
With thy red lips, reddened more,
Smear'd with lipstick from the store;
With thy makeup on thy face,
And thy bobbed hair's jaunty grace.
From my heart I give thee joy—
Glad that I was born a boy.

SENATE APPROVES WOOL SCHEDULE

Duties on Clothing Given Approval; Silk Section Now Under Consideration.

Washington, D. C.—Consideration of the wool schedule, which has developed the one big fight in the administration tariff bill, was completed Monday by the senate after the approval without change of imposts proposed by the finance committee majority on blankets, wearing apparel and floor coverings.

The silk schedule then was taken up. After the silk schedule will come those dealing with paper and books and sundries, including hides and laces; the free list and the administration provision with the flexible tariff plan proposed by President Harding.

There still was divided opinion as to when a final vote on the measure could be had, but republican leaders were unanimous in declaring that the senate would pass the bill. Taking cognizance of a report published in Washington that the senate would abandon the measure, Senator Lodge of Massachusetts, the majority leader, made this statement:

"This bill is going to be passed by the senate and that at the first opportunity. We are going to stick to it and pass it as soon as we can get a vote. Reports that it might be laid aside or allowed to fail are absolutely without foundation. The bill will be passed and put on the statute books as soon as possible."

S. P. PETITIONS FOR REHEARING

Washington, D. C.—The Southern Pacific company has filed in the supreme court an application for rehearing of the famous Southern Pacific case in which the court recently handed down an opinion directing the company to divorce itself of ownership and control of the Central Pacific railroad.

The company in the petition grouped the grounds advanced for the rehearing under five heads and among other things urged an application of the Sherman act, "in the light of the rule of reason," insisting that under the laws of California there was authority for the lease made by the Central Pacific in 1885, which, if valid, constituted the Southern Pacific proprietor of the Central Pacific for ninety-nine years.

JACKSON SHERIFF WINNER

Returns From Recall Election Favor Official Retaining Office.

Medford, Or.—C. E. Terrill, sheriff, has been retained in office by the voters of Jackson county, who, in the recall election held Saturday, gave the incumbent a majority of about 300 votes over his opponent, D. M. Lowe.

With the alleged domination of the Ku Klux Klan in Jackson county politics as the dominant issue, intense interest was shown in the campaign and retention of Sheriff Terrill in office is regarded as a defeat of the Ku Klux Klan forces in Jackson county.

The total vote, according to officials was slightly below 50 per cent of the registration. This was considered large in a recall election, especially at this time of the year.
